Resolution Authorizing an Agreement with Blue Cross Blue Shield for Discounted Medical Billing - Jail

WHEREAS, the jail currently has a contract for off-site medical billing asset recovery and management that will be expiring July 2, 2019; and

WHEREAS, when an inmate is sent off-site, Blue Cross Blue Shield would provide a discount if the provider is a member of Blue Cross Blue Shield network; and

WHEREAS, this discount would also apply to prescription drugs and off-site dental visits; and

WHEREAS, Blue Cross Blue Shield would apply their discounted rate of 48% to 52% and charge the county an 11% administrative fee for the use of their discount; and

WHEREAS, when an inmate is inpatient and Medicaid is not applicable, the hospital would require an additional administrative fee of 9.5% (AAC Fee) that would come off the Blue Cross Blue Shield discounted rate; and

WHEREAS, Blue Cross Blue Shield would invoice the county for all discounted claims including administrative fees and accompanied by a detailed report.

THEREFORE BE IT RESOLVED that the Livingston County Board of Commissioners hereby authorizes to enter into a contract for discounted medical services with Blue Cross Blue Shield for an initial one (1) year period.

BE IN FURTHER RESOLVED that the Livingston County Board of Commissioners is authorized to sign all forms, assurances, contracts/agreements, renewals and future amendments contract language adjustments related to the above upon review and/or preparation of Civil Counsel

Memorandum

To: Livingston County Board of Commissioners
From: Lt. Dan Adas
Date: June 11, 2019
Re: Contract with Blue Cross Blue Shield of Michigan

Attached for your consideration and approval is a resolution authorizing the jail to pursue a contract with Blue Cross Blue Shield of Michigan (BCBSM). This contract would discount offsite medical bills that the jail would incur as a result of sending an inmate for doctor or hospital visits. The jail would call BCBSM when an inmate is scheduled to be sent offsite and receive an inmate ID enrollment number. This number would qualify the inmate for the BCBS discount if the provider is a member of the BCBS network. This discount would also apply to prescription drugs and offsite dental visits. There are 33,000 doctors and 152 hospitals, which includes the hospitals we currently use, that are members of the BCBS network.

A contract with BCBSM should result in a discount of 48% to 52% and the county would be charged an 11% administrative fee. If the inmate is admitted or considered inpatient and Medicaid is not applicable, the hospital would require an additional administrative fee of 9.5%.

BCBSM would invoice the county for all of the discounted claims they processed in that month as well as the corresponding administrative fee. A detailed claims report will be included with the monthly invoice. Currently, Michigan Department of Corrections and 37 Michigan county jails are all under contract with BCBSM. The initial proposed contract term is 1 year and would have to be renewed annually.

If you have any questions regarding this matter please contact me.

Resolution to Establish New Fees for the Soil Erosion Control Program - Drain Commissioner

WHEREAS, the office of the Livingston County Drain Commissioner is the county enforcing agency for the soil erosion and sedimentation control program, Part 91 of NREPA; and

WHEREAS, in 2015 certain fees were established for the soil erosion and sedimentation control program; and

WHEREAS, fees authorized by the Livingston County Soil Erosion and Sedimentation Control Ordinance may be amended from time to time by County Resolution; and

WHEREAS, since 2015, the cost of operating the soil erosion and sedimentation control program has increased; and

WHEREAS, the fees established in 2015 are no longer sufficient to cover the costs of this program; and

WHEREAS, the proposed fee increases in 2019 will sufficiently cover the operating costs of the soil erosion and sedimentation program for the coming fiscal year; and

THEREFORE BE IT RESOLVED that the following fees for soil erosion and sedimentation control permits and waivers are established effective September 1, 2019:

Residential:	
Major Permit	\$275
Minor Permit	\$200
Re-inspection	\$105
Waiver	\$60
Commercial:	
Major Permit	\$970
(includes 4 months Inspection)	
Minor/Utility Permits	\$530
Inspection	\$110/month
Waiver	\$100

BE IT FURTHER RESOLVED that the Livingston County Clerk is directed to cause the revised fee schedule to be published in a newspaper of general circulation in Livingston County.

Resolution Granting a Drainage Easement to JAY512, LLC, for its Grand River Party Store Development for Storm Water Discharge Purposes - Board of Commissioners

WHEREAS, Mr. Sandeep Ghelani, Resident Agent of JAY15, LLC, is redeveloping property located at 2425 W. Grand River Avenue, in Howell Township, to include a building approximately 7,500 square feet in size that contains a convenience store/take out food establishment, along with an automobile detailing facility (tax identification nos. 06-27-400-002 and 16-27-400-003); and

WHEREAS, the subject property is located on Grand River Avenue, across from VG's Food Center, East of Prince of Peace Church and West of Myers Automotive, abutting the vacant land of our West Complex to the South; and

WHEREAS, both Howell Township and the Livingston County Drain Commissioner's office require a storm water detention system and, as the site design was being developed, it was determined that the outlet from the detention be located at the rear of the property and discharge into the City of Howell Drain, which runs through the County's West Complex; and

WHEREAS, the office of the Livingston County Drain Commissioner maintains County Drains within Livingston County in accordance with the provisions of the Michigan Drain Code, Act 40 of the Public Acts of 1956, as amended; and

WHEREAS, the Drain Commissioner's office approved the outlet design, which will minimize long term damage to the Howell City Drain, but requires grading and pipe installation across a section of the County's West Complex being land approximately 50 feet by 25 feet; and

WHEREAS, JAY512, LLC, will obtain all necessary state, federal, and local permits for the work to be done, including soil erosion permits from the Drain Commissioner's office.

THEREFORE BE IT RESOLVED that the Livingston County Board of Commissioners hereby approves the granting of a Drainage Easement to JAY512, LLC, across that part of Livingston County's West Complex as shown on the attached plans, for access to the City of Howell Drain for storm water detention discharge from development of property located at 2425 W. Grand River Avenue, Howell Township, Michigan.

BE IT FURTHER RESOLVED that the Chairman of the Livingston County Board of Commissioners is authorized to sign all Easement forms, assurances, contracts or agreements related to the above upon review and/or preparation of Civil Counsel.

BE IT FURTHER RESOLVED that JAY512, LLC, shall place a deposit with the County in the amount of \$5,000 to guarantee the performance of construction of the outlet. The Drain Commissioner shall review and approve of the proposed construction within the easement.

BE IT FURTHER RESOLVED that the abovementioned deposit shall be returned to JAY512, LLC, upon successful completion of the outlet construction.

Livingston County Board of Commissioners
County Administration Building

Howell, MI 48843

5.31.19

To Whom It May Concern,

My name is David McDade and I own and operate Roark Galt Architects in Clio, Michigan.

I was hired by Mr. Sandeep Ghelani to design a building approximately 7,500 s.f. in size that contains a convenience store/take out food establishment along with an automobile detailing facility.

This building is located at 2425 W. Grand River Ave in Howell Township 48843. The existing property contains two parcels (have since been combined into one parcel) that has a single-family dwelling (empty) on one and an empty parcel next door.

Being that this property is being redeveloped one of the requirements of both Howell Township and Livingston County is the need for storm water detention. As the site design was being developed it was suggested (with my approval) that the outlet from the detention be located at the rear of the property and discharge into the area of Bennett Lake and the City of Howell Drain. Later in the process I was informed that the labeling of Bennett Lake is incorrect, though this is currently indicated as such on all Livingston County documentation. To avoid any confusion, it was decided to continue labeling as is.

In order to discharge into the City of Howell Drain system we must utilize property owned by Livingston County.

It has been reported to me that prior to receiving final approval from The Livingston County Drain Office, MDOT, and Spicer Engineering (they are providing the county engineering), we must receive approval from the Livingston County Board of Commissioners.

I have included several documents showing the site play layout, the discharge of the pipe, a colored rendition of the building itself, and letters from the Drain office and MDOT indicating the need of your approval.

Please note on the plans we have designated an area that will be an official drainage easement. While the easement is indicated on the plans, it has not yet been recorded with the County nor Howell Township. We will provide all required documentation and recording of this easement upon your approval of the discharge.

We are hoping you will approve of this request as we believe this project will be a considerable improvement to the area and community.

Of course, if you need any further information please do not hesitate to contact me.

Thank you for your time and consideration.

Please Note:

This plan review is for the proposed Soil Erosion and Sedimentation Control (SESC) measures only. Any deficiencies in the SESC plan must be addressed, and the plans resubmitted and approved, before this office will issue a SESC permit for the proposed project. **This is not a review of the proposed drainage system.** Any changes required by Stormwater Drainage review that are made after this SESC review, may affect this SESC review and will need to be evaluated.

Your plans have passed SESC review.

Prior to permit issuance the items listed below will need to be submitted along with the agreement with Livingston County for work within the county drain property.

No work other than demolition of buildings is approved at this time – no grading or any other earth disturbance until all of the items listed below as well as the access agreement have been submitted to our office.

We will need the following items submitted prior to issuing the permit:

-  Commercial Application with all sections complete. *Note: Be sure to include the Storm Water Operator Information.*
-  Right of Entry Agreement.
-  Administrative fee of \$480.00
-  First 4 months of inspection fees \$400.00 (balance to be invoiced at the end of the project if over 4 months).
-  Bond from the owner \$3093.00 (Surety bonds and Letters of Credit must be on LCDC forms which are available at www.livgov.com/drain. If submitting a cashier's check, LCDC requires a 10-day waiting period to verify that it clears.)
-  Stormwater Drainage Review approval letter.
-  Land Use Permit.
-  Agreement with Livingston County for work within the county drain property.

Call this office at **517-546-0040** during regular working hours with any questions or comments regarding this review.

Hello James, is the discharge to Bennett Lake the only issue? We appear to be in a Catch 22 because the Drain Office is waiting for approval from Spicer Engineering, Spicer has informed me to not send them final plans until we have an approval letter from the Drain Office (we have their approval but an easement has not been issued for the drainage) and an approval letter from MDOT, and now MDOT wants a drainage easement prior to their approval.

As you see we are stuck.

I will contact the drain office to see what they think.

Thank you

Dave

Dave,

All your other issues have been addressed. MDOT will not give you final approval until this discharge easement has been approved. Getting the approval letter from the drain office is the next step to getting this permit. The only changes that we will have to your final plans is that discharge pipe(if there is no approval). I would assume your other plan sets are final. Hopefully the drain office and Spicer can work something out.

Ok thank you sir. I've contacted the Livingston County Board of Commissioners and am addressing them for approval of the discharge pipe. As soon as we get that approval I will get a copy to you.
