DATE: February 25, 2020

Resolution Approving the Restructuring of EMS Office & Administration Staff

WHEREAS, the EMS Director has evaluated the organizational structure of the EMS Office & Administration and wishes to make changes to that structure; and

WHEREAS, the EMS department has two management level positions vacant (Deputy Director & Finance Manager) making this an ideal time to restructure and create some cost savings while improving efficiency and productivity; and

WHEREAS, the proposed restructuring will eliminate two fulltime management positions (Operations Manager & Finance Manager) from the approved FTE & budget while still allowing for adequate oversight of the operation; and

WHEREAS, the proposed reorganization is a cost savings for the department; and,

WHEREAS, the two new classifications allow the EMS Department better oversight and improved interaction by utilizing working positions to assist in the management of the operation; and

WHEREAS, this resolution has been recommended for approval by the personnel committee.

THEREFORE BE IT RESOLVED that the Livingston County Board of Commissioners hereby authorizes the reorganization of the EMS Department as shown below

Memorandum

To: Livingston County Board of Commissioners
Fr: David Feldpausch, Ems Director
Date: 02/25/2019
Re: Resolution Authorizing the restructuring of the EMS Department

I came in as your new EMS Director with several key vacancies in the department. I have carefully reviewed the structure of the department and have developed a recommendation for what I believe will be a more efficient and effective staffing model. The two vacant positions are the Deputy Director and the Finance Manager.

It is my recommendation that we fill the Deputy Director position because I feel it is vital to an organization this size to have a second in command that is ready to run the operation on the outside chance that I am unable to any reason. The current Operations Manager has been performing many of the functions of the Deputy Director. That being the case I propose to promote the current Operations Manager to Deputy Director and then eliminate the Operations manager position.

It is also my recommendation that we eliminate the Finance Manager Position. In doing so it will leave us without the structure and support to be as efficient and effective as we need to be. I further recommend that we create two new positions from existing positions to provide that structure.

The first is to create an Office Manager position and eliminate one of the existing Administrative Specialist positions. Second is that we create a Billing Coordinator position and eliminate one of the Billing Specialist positions.

I believe that this combination of the elimination of two positions and the reclassifying of two others will give us adequate staffing to manage the operation while saving the department an estimated \$220,247.00 annually.

I realize that there are a lot of moving pieces in this request so if you have any question I would be happy to answer them before or at any of the upcoming meetings.

Memorandum

To: Livingston County Board of Commissioners
From: Chris Folts, Facility Services Director
Date: February 24, 2020
Re: Resolution Authorizing an Agreement with William E. Walter, Inc. to Provide HVAC Services – GENERAL GOVERNMENT/ FINANCE / BOARD

The County of Livingston uses an outside contractor to perform HVAC maintenance, repair and replacement services for various HVAC units throughout various County buildings. The current contract for these services have expired.

Per the County Procurement Policy, a competitive bid process was performed in which the bid was posted on the Michigan Inter-governmental Trade Network (MITN), and the County website. As a result, the solicitation reached a large group of qualified companies and even though only three (3) submissions were received, the evaluation committee believes that the process created a system of free and open competition and should be considered valid.

Based on the recommendation of the EC and comparison of our current and proposed rates, I am requesting the attached resolution be approved to award a contract with William E. Walter, Inc. to perform HVAC maintenance, repair and replacement services on an as-needed basis for a three (3) year term commencing on March 1, 2020 to March 1, 2023 with an option for one (1) additional two-year renewal for a total contract period not to exceed five (5) years.

Thank you for your consideration. If you have any questions or concerns regarding this matter, please do not hesitate to contact me.

To: Livingston County Board of Commissioners
From: Mary Durst, Veterans Services Director
Date: 2/24/2020
Subject: Leasing

I am respectfully requesting permission to explore lease options to move and expand our services. Veterans Services currently occupies a 1,200 sq/ft space and there is no room for expansion. Expanded services Veterans Services would like to offer are:

- Veteran “storefront shopping” of donated goods
- Veteran meetings
- Veteran centered classes/seminars
- Flex office for MI WORKS!, SSVF, free tax preparation services, VA hospital HUDVASH social worker appointments, VA telehealth, etc.

Moving would also help with our issue of Visibility. Veterans who know where we are still have difficulties finding us. Moving to an area with better roadside coverage would increase our roadside and foot traffic and make it more convenient for veterans to locate us.

Currently, we have to outsource space if we want to have a veteran event, which defeats the purpose of bring veterans in and introducing them to the office. Moving and expanding our space would allow us to serve more veterans.

WHEREAS, the total grant amount is comprised of 80% federal funding with a 20% state match, and the revenues and expenses were included in the LETS 2020 budget; and

WHEREAS, LETS was previously awarded \$287,028 in FY 2019 CMAQ funding for bus replacement and the revenues and expenses were included in the LETS 2019 budget, but funding in the amount \$148,462 remained unspent at year-end so an amendment to the LETS 2020 budget is necessary to carry the funding forward; and

WHEREAS, LETS will use the FY 2020 funding and remaining FY 2019 funding to purchase three (3) propane-fueled replacement buses that have met useful life criteria at a cost not to exceed \$392,480; and

WHEREAS, the proposed amendment ensures compliance with the Uniform Budgeting and Accounting Act, as amended.

THEREFORE, BE IT RESOLVED that the Livingston County Board of Commissioners hereby authorizes FY 2020 CMAQ grant contracts in the amount of Two Hundred Forty-Three Thousand One Hundred Eight dollars (\$243,108).

BE IT FURTHER RESOLVED that the Livingston County Board of Commissioners authorizes the Board chair to sign all documents related to the grant contracts once approved as to form by LETS transit attorney Mark Koerner of Foster, Swift, Collins & Smith PC.

BE IT FURTHER RESOLVED that the Livingston County Board of Commissioners hereby authorizes capital expenditure for three (3) replacement buses at cost not to exceed Three Hundred Ninety-Two Thousand Four Hundred Eighty dollars (\$392,480).

BE IT FURTHER RESOLVED that the Livingston County Board of Commissioners hereby authorizes an amendment to the FY 2020 LETS budget as follows:

FUND	APPROVED 2020 BUDGET	PROPOSED AMENDMENT	2020 AMENDED BUDGET
588 – Transportation Fund	\$ 5,388,485	\$ 148,462	\$ 5,536,947

BE IT FURTHER RESOLVED that the LETS Director is hereby authorized to dispose of the replaced vehicles per the County Purchasing/Disposal Policy.

Re: Resolution Authorizing Grant Contract, Budget Amendment, and Capital Expenditure for the Purchase of Three (3) Replacement Buses – LETS

LETS has been awarded \$243,108 in capital grant funding from the FY 2020 federal Congestion Mitigation and Air Quality (CMAQ) program for the purchase of low-emissions replacement buses. The buses will be propane-fueled and will replace gasoline and diesel buses that have met useful life criteria. The total grant amount is comprised of 80% federal funding with a 20% state match, and the revenues and expenses were included in the LETS 2020 budget.

LETS was previously awarded \$287,028 in FY 2019 CMAQ funding for bus replacement and the revenues and expenses were included in the LETS 2019 budget. However, grant funding in the amount \$148,462 remained unspent at year-end because no additional vehicles were eligible for replacement in 2019. Therefore, an amendment to the LETS 2020 budget is necessary to carry the remaining 2019 funding forward.

LETS will use the FY 2020 funding and remaining FY 2019 funding to purchase three (3) propane-fueled buses to replace gasoline and diesel buses that have met useful life criteria at a cost not to exceed \$392,480.

Memorandum

To: Livingston County Board of Commissioners
From: Greg Kellogg, Transportation Director
Date: 02/17/2020
Re: Resolution of intent to apply for state financial assistance for fiscal year 2021 under Act 51 of the Public Acts of 1951, as amended - LETS

Attached for your consideration and approval is a resolution stating the intention of LETS to apply for financial assistance from the State of Michigan for FY 2021 under Act 51 of the Public Act of 1951, as amended. This resolution must accompany the application to be considered for state funding.

The application includes federal funding of \$2,841,432; state funding of \$2,640,650; and local/other funding of \$2,270,579. Please note that, per the state's requirements, the "local/other" category comprises all non-federal/state funding, which includes passenger fares, service contract revenue, contributions from local partnerships, and a continuation of the County's \$65,000 General Fund contribution for local service. This application does not include any additional County funds for FY 2021 or beyond.

State Formula Operating

The State of Michigan Local Bus Operating program provides operating assistance of 36.7916% of eligible expenses for FY 2021. The LETS programs eligible for this assistance include regular countywide dial-a-ride service, the service agreement with People's Express to supplement LETS service in southeast Livingston County, and the Michigan Flyer airport shuttle service.

Federal Section 5307 Urban Operating

Provides 50% reimbursement (after deduction of passenger fares) on eligible operating expenses for countywide dial-a-ride service.

Federal Section 5311 Rural Operating

Provides 18.0% reimbursement on eligible operating expenses for the pass-through funding agreement with People's Express of Whitmore Lake to provide supplemental dial-a-ride service in southeast Livingston County.

Specialized Services Operating

State pass-through funding for five (5) sub-recipients that provide transportation services to seniors and individuals with disabilities. The sub-recipients and amounts allocated to each were approved in Board Resolution 2020-02-029.

Transportation to Work

Provides 100% reimbursement for up to \$77,670 in eligible operating expenses for the Transportation to Work program. As the name implies this program is dedicated to transportation to employment for low income workers.

Section 5307 Capital

Provides 80% federal funding with 20% state match for transit capital projects. For FY '21 this will include \$466,000 in vehicle and facility preventive maintenance costs and \$40,000 for contracted software maintenance costs.

Section 5310 Capital

Provides 80% federal funding with 20% state match for vehicle replacement. This grant will be used to replace two (2) buses that will have met useful life criteria in FY 2021.

Section 5339 Capital

Provides 80% federal funding with 20% state match for vehicle and facility projects. This grant will be used to purchase one (1) expansion van and replace deteriorating sidewalks at the Transportation Complex.

CMAQ Capital

Provides 80% federal funding with 20% state match for projects that reduce congestion and air pollution. This grant will be used to purchased six (6) expansion buses for the proposed Grand River fixed-route service per Board Resolution 2020-02-030. If the proposed route does not materialize the scope of the grant can be revised.

New Freedom Capital

Provides 80% federal funding and 20% state match for projects that improve mobility options for seniors and individuals with disabilities. This grant will be used to hire a Mobility Manager to coordinate rides for passengers who need more assistance that our dispatchers can provide, including coordination with other transportation providers if LETS cannot provide the ride.

Performance indicators from the 2018 fiscal year and budgeted expenses for the 2020 application are attached. As always, thank you for your consideration and support. If you have any questions, please do not hesitate to contact me at your convenience at x7843.

Resolution to Concur with the Livingston County Aeronautical Facilities Board to Enter into an Easement Agreement with DTE Energy to Provide Electric Service to the Hangar Being Constructed by Csig Storage, LLC - Airport

WHEREAS, CSIG Storage LLC is constructing a new hangar building east of the airport terminal building; and

WHEREAS, DTE has requested an underground easement in order to provide electrical power to the facility from an existing transformer that services the Hawk Hollow Farms LLC hangar; and

WHEREAS, the proposed easement language will comply with all FAA and MDOT requirements, which include language that requires the utility to pay for relocation of their equipment should it be required for the future needs of the airport.

THEREFORE BE IT RESOLVED the Livingston County Board of Commissioners concurs with the Livingston County Aeronautical Facilities Board to grant a twelve foot (12') easement to DTE Energy for the installation of electrical service to the CSIG Storage LLC facility.

BE IT FURTHER RESOLVED that the Chairman of the Livingston County Board of Commissioners is authorized to sign all forms, assurances, contracts/agreements, renewals and future amendments for monetary and contract language adjustments related to the above upon review and/or preparation of Civil Counsel.

DTE Electric Company Underground Easement (Right of Way) No. 55955534-55955536

On _____, 2020, for the consideration of system betterment, Grantor grants to Grantee a permanent, non-exclusive underground easement ("Right of Way") in, on, and across a part of Grantor's Land called the "Right of Way Area".

"Grantor" is: LIVINGSTON COUNTY, 304 E. GRAND RIVER, STE. 201, HOWELL, MI 48843

"Grantee" is: DTE Electric Company, a Michigan corporation, One Energy Plaza Drive, Detroit, Michigan 48226

"Grantor's Land" is in part of sections 20,21,27& 28, T3N, R4E, HOWELL TOWNSHIP, County of LIVINGSTON, and State of Michigan, and is described as follows:

AS SHOWN ON ATTACHED LEGAL DESCRIPTION, EXHIBIT 'A',
WHICH IS ATTACHED HERETO AND MADE A PART HEREOF.

Tax Identification Number(s): 4706-21-300-026
More commonly known as: 3419 COUNTY AIRPORT DR.

The "Right of Way Area" is a twelve (12') foot wide easement on part of Grantor's Land. The centerline of the Right of Way Area shall be established in the as-built location of the centerline of Grantee's facilities, and shall be installed on Grantor's Land in the approximate location described as follows:

AS SHOWN ON ATTACHED DTE ELECTRIC COMPANY DRAWING, EXHIBIT 'B',
WHICH IS ATTACHED HERETO AND MADE A PART HEREOF.

1. **Purpose:** The purpose of this Right of Way is to construct, reconstruct, modify, add to, repair, replace, inspect, operate and maintain the underground utility line facilities, which may consist of poles, guys, anchors, wires, manholes, conduits, pipes, cables, transformers and accessories.
2. **Access:** Grantee has the right of pedestrian and vehicular ingress and egress to and from the Right of Way Area over and across Grantor's Land.
3. **Buildings or other Permanent Structures:** No buildings or other permanent structures or improvements may be constructed or placed in the Right of Way Area without Grantee's prior, written consent. Grantor agrees, at its own expense, to remove any improvement that interferes with the safe and reliable operation, maintenance and repair of Grantee's facilities upon the written demand of Grantee. If Grantor fails to comply with such demand, Grantor agrees that Grantee may remove any such improvement and bill Grantor for the cost thereof, which cost Grantor shall pay within thirty (30) days after demand therefor.
4. **Excavation:** Pursuant to 2013 Public Act 174, MISS DIG (1-800-482-7171 or 811 in some areas) must be called before any excavation in the Right of Way Area may proceed.

5. Trees, Bushes, Branches, Roots, Structures and Fences: Grantee may trim, cut down, remove or otherwise control any trees, bushes, branches and roots growing or that could grow or fall in the Right of Way Area and remove any structures, improvements, fences, buildings or landscaping in the Right of Way Area that Grantee believes could interfere with the safe and reliable construction, operation, maintenance and repair of Grantee's facilities. No landscaping, trees, plant life, structures, improvements or fences may be planted, grown or installed within 8 feet of the front door, or within 2 feet of the other sides, of transformers or switching cabinet enclosures, and Grantee shall not be responsible for any damage to, or removal of, landscaping, trees, plant life, structures, improvements and/or fences located in such areas.

6. Restoration: If Grantee's agents, employees, contractors, subcontractors, vehicles or equipment damage Grantor's Land while entering Grantor's Land for the purposes stated in this Right of Way, then Grantee will restore Grantor's Land as nearly as is reasonably practicable to the condition in which it existed prior to such damage. Restoration with respect to paved surfaces shall consist of asphalt cold patching of the damaged portion of any asphalted surfaces when the weather conditions suggest such use and the cement patching of the damaged portion of any cemented surfaces. Grantee shall have no liability, however, for the restoration or cost of any improvements located within the Right of Way Area, including, but not limited to, parking islands, gutters, fences or landscaping such as trees, bushes, or flowers (but not a simple lawn which, if damaged, will be patched and re-seeded by Grantee) that are damaged by Grantee in the course of constructing, reconstructing, modifying, adding to, repairing, replacing, operating or maintaining its facilities as described in paragraph 1 above.

7. Successors: This Right of Way runs with the land and binds and benefits Grantor's and Grantee's successors and assigns.

8. Exemptions: This Right of Way is exempt from transfer tax pursuant to MCL 207.505(a) and MCL 207.526(a).

9. Governing Law: This Right of Way shall be governed by the laws of the State of Michigan.

10. Additional Provisions: The Grantee, its lessees or assigns, prior to entering upon lands of the Grantor for the purpose of maintaining, repairing, cleaning out, widening, deepening or extending the electric lines or appurtenances owned by the Grantee, shall obtain the prior approval of the office of the Manager of the Airport, which approval shall not be unreasonably withheld. The Grantee shall have the right from time to time to clear the easement of all trees, undergrowth and other obstructions that, in its judgment, may injure, endanger or interfere with the exercise by the Grantee of the right, privileges and easements herein granted. The Grantee shall not permit any maintenance or construction equipment which would encroach into restricted airspace of clear zones, approach slopes, runway and taxiway, or safety areas to enter upon lands of the Grantor without such prior approval; provided, however, that such prior approval shall not be necessary when an emergency condition exists and immediate action by the Grantee is necessary to protect the public health. When an emergency situation exists, the ingress and egress of the Grantee, its lessees or assigns, will be coordinated with the Airport Manager. The Grantee shall not construct nor permit to stand above ground level on said easement any building, structure, poles or other objects, manmade or natural, to a height in excess of Federal Aviation Regulation (FAR) Part 77 surfaces, based on current runways or future runways which may be constructed. The Grantee shall file a notice consistent with the requirements in FAR Part 77 (FAA Form No. 7460-1) prior to constructing any maintenance or improvement within the easement. At such time in the future as deemed necessary by the Grantor, the Grantor may enter and construct airport improvements (runways, taxiways, associated lighting, etc.) upon said easement provided notice is given to the Grantee at least 30 days prior to the start of construction. Should such development become necessary, the Grantor agrees to pay all costs associated with the protection or relocation of its facilities to accommodate said airport improvements. This easement shall be binding on all other parties, both public and private, which presently, or at a future date, occupy or utilize the easement area conveyed hereby for the utility lines. The Grantee agrees to maintain and protect at its own expense its electric lines or appurtenance and equipment within the easement area. Should a change in airport operations or standards require the upgrade or additional equipment, the cost shall be paid by the Grantor. The Grantor agrees to pay for any increased cost of maintaining and operating the utility lines resulting from the relocation of such lines, and shall perform all necessary maintenance at its own expense in accordance with specifications approved by the Grantor and Grantee. The Grantee agrees to save and keep Grantor and the State of Michigan harmless from and indemnify it against any penalty, damage or charges imposed for any violation of any laws or ordinances, and at all times to protect, indemnify and save Grantor and the State of Michigan harmless of and from any loss, cost, damage or expense, including attorney's fees, arising out of or from any accident or any other occurrence on or about the premises above described, causing injury to any person or property arising by reason of construction, operation and maintenance, and use of this easement resulting out of Grantee negligence. Grantor reserves the right to full use of said premises subject to rights granted.

SECOND PARTIAL RELEASE OF PROPERTY DAMAGE CLAIMS

LIVINGSTON COUNTY on behalf of the **LIVINGSTON COUNTY AERONAUTICAL FACILITIES BOARD**, and the **LIVINGSTON COUNTY SPENCER J. HARDY AIRPORT** in Howell, Michigan, and their agents, representatives, aeronautical board members and assigns (hereinafter referred to as the "**RELEASORS**") for and in consideration of the payment of the sums set forth below, do hereby partially release and discharge **ZELIFF AVIATION, LLC, PETER ZELIFF**, and all persons or parties seeking coverage under that certain Endurance American Insurance Company, Inc., Policy NAB6004181, **SOMPO INTERNATIONAL INSURANCE, ENDURANCE AMERICAN INSURANCE COMPANY**, and **W. BROWN & ASSOCIATES INSURANCE SERVICES**, and each of them, as well as all of their past, present and future officers, directors, stockholders, attorneys, agents, servants, representatives, employees, parent companies, subsidiaries, affiliates, partners, insurance companies, predecessors and successors in interest, assigns and all other persons, firms or corporations with whom any of the former have been, are now or may hereafter be affiliated (hereinafter collectively referred to as the "**RELEASEES**"), of and from liability, claims, damages, causes and rights of action including but not limited to property damage claims, environmental cleanup costs and expenses, and any related claims, on account of or arising out of that certain aircraft accident that occurred on or about January 16, 2017, involving the Cessna Citation CJ4 aircraft, registration N525PZ (hereinafter referred to as the "Accident").

The claims partially released herein include claims that resulted from the environmental contamination caused by the Accident, and are released only to the extent of the payments to be made as stated herein. The parties expressly agree that the State of Michigan has not completed its investigation and has not completed a No Further Action report for the remediation that was required. To the extent that further review, investigation and environmental remediation are required by the State of Michigan, the parties expressly agree that **RELEASEES** will reimburse **RELEASORS** for the costs incurred as a result of the actions specified and required by the State of Michigan. The remediation will be performed by contractors whose costs, estimates and invoices will be approved after mutual review and agreement by **RELEASEES** and **RELEASORS**.

The promises or other consideration made by the **RELEASORS** herein are made in consideration of the single lump sum payment in the amount of Thirty Nine Thousand Four Hundred Six and 72/100 Dollars (\$39,406.72), by check payable to Livingston County and delivered to Mr. Mark Johnson, Airport Manager, 3399 County Airport Drive, Howell, Michigan 48855.

RELEASORS warrant, represent and agree that, in executing this Partial Release of All Claims, they do so with the knowledge of any and all rights they might have had with respect to said **RELEASEES**, and each of them.

RELEASORS further warrant, represent and agree that in making this Partial Release, RELEASORS rely upon their own investigation, judgment and/or that of their own counsel if they so choose, in belief and knowledge of the nature, extent and duration of any disputed claim or claims.

RELEASORS further warrant, represent and agree that they do not rely and have not relied upon any representation or statement made by the RELEASEES, or any of them, or by any person or persons representing RELEASEES, in connection with this Partial Release or any of the matters pertaining to it.

RELEASORS acknowledge that this is a compromise of disputed claims, and that the payment thereof is not, in any manner, to be construed as an admission of liability of the RELEASEES, or any of them, and by each of whom liability is expressly denied and controverted.

IN WITNESS WHEREOF, the undersigned represents and warrants full authority to enter into this Partial Release of Property Damage Claims on behalf of RELEASORS.

MEMORANDUM

TO: Livingston County Board of Commissioners

FROM: Mark D. Johnson 
Airport Manager

DATE: February 26, 2020

RE: Design Engineering Agreement with C&S Companies

This Agreement will provide design services for the repair of pavement joints on Taxiway A, Taxiway B and their associated connecting taxiways.

When the pavement was installed, there were construction joints sawed through the pavement every 100' to control movement and cracking on the asphalt. These joints have been re-sealed several times over the years and have again failed. This project will mill the asphalt on either side of the joint and new asphalt will be placed to provide a smooth surface for aircraft. We will no longer have the large joints to maintain, but we will then have two smaller joints where each large joint had been

I anticipate a grant for these design services to be issued by the Michigan Aeronautics Commission at their March meeting. The project will be bid in May or early June for anticipated construction in the fall.

Resolution Making Annual County Security Awareness Training Mandatory for All County Employees – Board of Commissioners

- WHEREAS,** local government is a preferred target of cybercriminals due to the diverse and often personally identifiable information maintained in administration of public programs and services provided to residents, and limited resources and budget, and
- WHEREAS,** the majority of cybersecurity related incidents in governments have been caused unintentionally by employees falling victim to phishing attacks.
- WHEREAS,** cybersecurity awareness training and education for employees is an important way to mitigate the malicious attempts to compromise government systems and data, as security technology is not always able to; and
- WHEREAS,** many government agencies mandate employee training on cybersecurity including the State of Texas, who in June of 2019, passed a law making it compulsory for all government employees in Texas to take annual security awareness training to protect itself from cybercriminals; and
- WHEREAS,** it is in the interest of both the public and Livingston County Government to develop an information cybersecurity training program for County employees Departments and Offices; and
- WHEREAS,** certain functions, transactions and/or employees of the County are subject to legal or contractual requirements which mandate or encourage cybersecurity awareness training must be completed by affected employees; and
- WHEREAS,** election security is strengthened by strong employee cybersecurity awareness skills.

THEREFORE BE IT RESOLVED the Livingston County Board of Commissioners hereby authorizes a complete cybersecurity awareness training program be developed for Livingston County Government and carried out by the County's Chief Information Officer and that the Chief Information Officer will provide at-least annual information security training to County employees

BE IT FURTHER RESOLVED every County employee will complete annual County provided cybersecurity awareness training.

BE IT FURTHER RESOLVED that new County employees will be required to complete cybersecurity awareness training to include onboarding and insider threat modules not later than 30 days after beginning County employment; and

BE IT FURTHER RESOLVED that the County cybersecurity awareness training will be made available to employees of the Livingston County Courts and the Board of Commissioners recommend the Courts likewise require employees to engage in such training as a condition of employ.

BE IT FURTHER RESOLVED that all Department Heads, and Elected Officials are encouraged to, complete cybersecurity awareness training designed for executives.

BE IT FURTHER RESOLVED that not later than January 31 of each year, the County Information Officer will report to the County Administrator detailing the cybersecurity awareness program status as established by this resolution and the County Administrator report the status to the Board of Commissioners.
