Memorandum

To: Livingston County Board of Commissioners

From: Lt. Dan Adas

Date: 08/05/2020

Re: Resolution approving continuation of Inmate Educational

Services provided to inmates of the Livingston County Jail

The Jail Services Division, Inmate Services Unit, of the Livingston County Sheriff's Office provides educational services to incarcerated individuals. Services include literacy, resume preparation, tips for a successful job interview, like skills such as Parenting, Healthy Lifestyle Choices and Personal Finance Management, and preparation and testing for the State of Michigan General Equivalency Diploma (GED). Our current Jail Educator has resigned from this position effective 8/20/2020 thus creating a vacancy.

In February, 2019, the Livingston County Board of Commissioners authorized an increase in hours for the Jail Educator (SG-6) position from part-time to full-time. This decision was based on the success of inmates who qualified for their GED'S and a substantial increase in interest to participate in the myriad of learning opportunities available. This position is budgeted to cost \$67,725 annually and is solely funded by the Commissary Fund which currently has a fund balance of \$304,737.

Incarcerated individuals continue to actively seek out self-improvement opportunities, thereby increasing the rate of successful reintegration upon their release from jail and a reduction in recidivism.

If you have any questions or concerns, please reach out to Lieutenant Dan Adas at (517) 540-7974 or via email at DAdas@livgov.com

Solicitation: RFP-LC-20-10

Services Website & BidNet

RFP Due Date: 6/29/20 Proposals Received: 5

Livingston County received five (5) proposals in response to the Request for Proposal referenced above. Below is a recap of the bid evaluation.

Five (5) companies provided a response within the timeframe outlined in the RFP:

- Combined Public Communications, LLC
- Global Tel*Link Corporation (GTL)
- HomeWAV, LLC
- Inmate Calling Solutions, LLC
- Securus Technologies, LLC

The evaluation consisted of a review of the responses to the Request for Proposal Scope of Work, and the Attachment A price submissions. A review of the minimum requirements revealed that the five (5) bidders met the minimum mandatory requirements (Section 1.2), and the bidders confirmed their understanding of the Scope of Services (Section 1.3) and Technical Proposal (Section 1.4). The bidders were determined to be responsive and responsible after a review of the answers to the Scope of Work sections and the information provided on the requisite forms.

The Evaluation Review Committee (ERC) consisted of five (5) members. The ERC evaluated the proposals submitted by each vendor using the following scoring criteria:

- Proposal Responses (up to 50 points)

Based on this scoring criteria, the points awarded to each vendor were averaged with the following results:

Memorandum

To: Livingston County Board of Commissioners

From: Lieutenant Tarnesia Pringle

Date: AUGUST 4, 2020

Re: Resolution Authorizing an Agreement with Inmate Calling Solutions to Provide

Phone and Visitation Services for the jail – PUBLIC SAFETY/FINANCE / BOARD

The Livingston County Sheriff's Office has a need for inmate phone and inmate video visitation. Per the County Procurement Policy, a competitive bid was performed by CoPro Plus. Livingston County received five (5) proposals in response to the Request for Proposal **RFP-LC-20-10**.

The RFP outlined the services necessary to meet the minimum requirements for inmate phones and inmate video visitation which includes inmate calling, inmate video visitation, Inmate voicemail, Enforcer Software System for managing and recording records and inmate Law Library.

The Evaluation Committee consisted of 5 members. After careful consideration the Evaluation Committee selected Inmate Calling Solution with a score of 91.6%. Inmate Calling Solutions is offering the County a five (5) year contract. Inmate Calling Solutions is offering a 46% commission rate of gross sales on all inmate phone calls. Inmate Calling Solutions is offering a 50% commission rate to the County of all inmate visits. Inmate Calling Solutions is offering an \$115,000 annual bonus with the first 3 years being paid upfront totaling \$345,000 for the first year of signing. An additional \$115,000 to be paid the fourth year of the contract and \$115,000 being paid the fifth year of the contract.

Based on the recommendation of the Evaluation Committee's award recommendation, I am requesting the attached resolution be approved and to award a contract with Inmate Calling Solutions to provide inmate phone calls and inmate visitation.

COL. JOSEPH M. GASPER DIRECTOR

Sheriff Michael Murphy Livingston County Sheriff's Office 150 South Highlander Way Howell, Michigan 48843

Dear Sheriff Murphy:

Enclosed is the Secondary Road Patrol and Traffic Accident Prevention Program (SRP) application for fiscal year (FY) 2021 (October 1, 2020 through September 30, 2021). Appropriate forms to certify compliance are enclosed. The application, quarterly financial report, semi-annual program report, annual program report, and contract adjustment requests are also available on the Secondary Road Patrol website at www.michigan.gov/ohsp-srp; click on SRP Forms. Completed applications for participation in the program must be back in our office by **September 1**, **2020**. Applications received after September 1, 2020, may jeopardize the county's eligibility for funding.

Estimated program funding for FY 2021 is \$5,800,000.00 from the Secondary Road Patrol and Training Fund.

Your county's total allocation for FY 2021 is \$59,856.00. Your reimbursement from the fund may not exceed this amount. The amount being allocated to each county for FY 2021 is based on current citation revenue collections in the SRP and Training Fund. The FY20 citation revenue collected through the month of June is 22.19% less than the amount collected during the same period in 2019.

P.A. 416, as amended, requires a "Maintenance of Effort" by the county. Your attention is directed to Section 77(1), which states, in part:

"An agreement entered into under this section shall be void if the county reduces its expenditures or level of road patrol below that which the county was expending or providing immediately before October 1, 1978, unless the county is required to reduce general services because of economic conditions and is not merely reducing law enforcement services."

County level of effort must not include positions and expenditures funded from the SRP. If the level of county funded road patrol is less than your "Maintenance of Effort" requirement, your application cannot be processed. Should this occur, and you subsequently come into compliance during the year, a partial year application will be processed at that time.

If you have any questions, please call Julie Roth at 517-284-3121 or Emily Upton at UptoneE1@michigan.gov.

Sincerely,

Michael L. Prince Division Director

Inspections Performed Annual Total 2009-2019

Inspections - January to June 4-year Comparison

Saturday Inspections

- From approximately Memorial Day weekend through the end of the construction season, the department provides limited building inspections on Saturdays at no extra cost to the customers.
- We did not provide Saturday inspections in 2020 because of the covid shutdown

Fee Reduction Impact

- The multiplier used to calculate building permit fees as well as other permit fees were lowered for the 3rd time in October of 2018. We are still seeing the result of this reduction.
- With the fee reduction, we anticipated running a deficit budget to reduce the fund balance. We estimated running in the negative at about \$350,000 per year. This year we will be close to \$1,000,000.

Impact From the Covid Pandemic

- ► The shutdown obviously impacted the activity and incoming revenue in the building department which affected all the building activity in the County. The Building Department was closed except for exempt and emergency activity from March 24th to May 7th. Similar to a retailer at Christmas, the building department activity and associated revenue at it's highest during the spring and summer.
- ► The effect of the Covid pandemic has caused supply chain shortages and increased inflation.
- Lumber has gone up over 80% since mid-April. A lumber package before the increase on an average home can be \$60,000.
- OSB sheathing has gone up 138%. The average mid level home uses about 150 sheets of OSB.
- There is a extreme shortage of all pressure treated lumber as well as residential windows and doors.
- ▶ Homebuilders are now adding material cost escalation clauses to their contracts.
- All these issues have increased the time it takes to build any project and has started to reflect in the inspection requests.

Impact From the Covid Pandemic

- Much of the lumber used in the Midwest and East comes from Canada. Tariffs placed on Canadian lumber imports in the last few years average more than 20%.
- ► Homebuilders are working with Federal official to reduce these tariffs as well as lumber suppliers to increase production.

Any Questions?
