Memorandum

To: Livingston County Board of Commissioners

From: Lt. Tarneseia Pringle

Date: March 24, 2025

Re: Resolution Authorizing Livingston County Sheriff's Office to enter a five-year contract with Keefe Commissary Network to provide Inmate Banking, Commissary, and Vending Services for the jail.

Keefe Commissary Network has been a valuable partner for the past five years, providing the jail with inmate banking, commissary, and vending services. Those current services include web-based Inmate Trust and Commissary Software, Jail Kiosk machines, a Lobby Kiosk, five Vending Machines, a Debit Card Release Program with Rapid Funds, and Securepak Packages, which come at no cost to the county, a significant financial benefit. These services have been cost-effective and generated a profit of \$ 17,108.62 from our five vending machines in 2024.

We aim to improve the inmates' living conditions by adding four vending machines to different housing units, increasing their access to food options. In the near future, there is an option to add one vending machine to the inmate services programming office for staff and volunteers. The staff will self-fund this vending machine. The success of our current five vending machines is a clear testament to the potential of this initiative and should inspire confidence in its future success.

Commissions:

- Commissary 39%
- Securepak Program 39%
- Vending Profit in 2024 \$17,108.62

We kindly request the board's approval for this five-year contract with Keefe Commissary Network. Your decision will enable us to continue providing efficient banking, commissary, and vending services to the inmates, enhancing their experience and our operations and improving the jail's overall conditions. We believe that this partnership is crucial for the continued improvement of our services and the well-being of our inmates.

If you have any questions or concerns, please contact me.

Respectfully submitted,

Why should your agency change to the Numi Release Card Program?

Keefe recommends Livingston County transition to Numi Release Cards, as we have formed a partnership with Numi Financial that expands accessibility to ATM's, offers free card balance transfers, less incurred fees and has both 24/7 dedicated facility support team as well as 24/7 US-based live multilingual phone support for releasees. Numi offers the releasee the ability to gain access to their funds, in more compliant and convenient ways possible. Transitioning to Numi is a trouble-free straightforward process that Keefe will assist with from beginning to end. Additionally, there will be little change to already established Livingston County processes. Therefore, we present the NUMI Release Card program.

- ✓ **Lower fees! FREE ATMs*, no inactivity fee, etc... for the first time a releasee can now access their funds via ATM and incur NO fees.**
- ✓ **24/7 US-based live multilingual phone support.**
- ✓ **Provides more regulatory compliance for the Agency – based on recent CFPB rules and regulations by having the releasee acknowledge receiving a Release Card provides a closer alignment with the intent of the CFPB regulations.**
- ✓ **Seamless transition for the staff and agency.**

Prestige Release Card for Inmate Release

Financial responsibility is vitally important, which is why **Numi** offers debit cards instead of credit cards - funds are limited to the amount allocated on the card.

Both the Cardholder and correctional facility will experience a multitude of benefits, including:

Cardholder Benefits	Facility Benefits
<ul style="list-style-type: none"> • Can access funds 24 hours a day using a variety of methods • Use cards everywhere Mastercard is accepted worldwide • 24/7 ATM access everywhere the card is accepted • MoneyPass surcharge-free ATM access* • Cash back at participating Mastercard retailers • Ability to withdraw the full card balance at participating banks • Ability to fund digital wallets and cash apps like Venmo, PayPal, CashApp, etc. • FREE card balance transfer to bank account • FREE online account management • FREE program “opt-out” via paper check request • FREE 24/7 US-based live multilingual phone support <p>See Card Terms & Conditions for specific program features and pricing</p>	<ul style="list-style-type: none"> • Reduced release processing time • Reduced accounting department costs and resources • Reduced costs, resources, and risks by eliminating checks and cash at release • Reduced calls from released individuals regarding their accounts • Immediate reconciliation of bank accounts • Conduct simple and clean account audits • Eliminate unclaimed property reporting • Eliminate customer service duties - Numi handles all lost, stolen, and card usage issues • Receive automated daily transaction reports • Numi Financial program educational materials to cardholders • Access a 24/7 dedicated facility support team

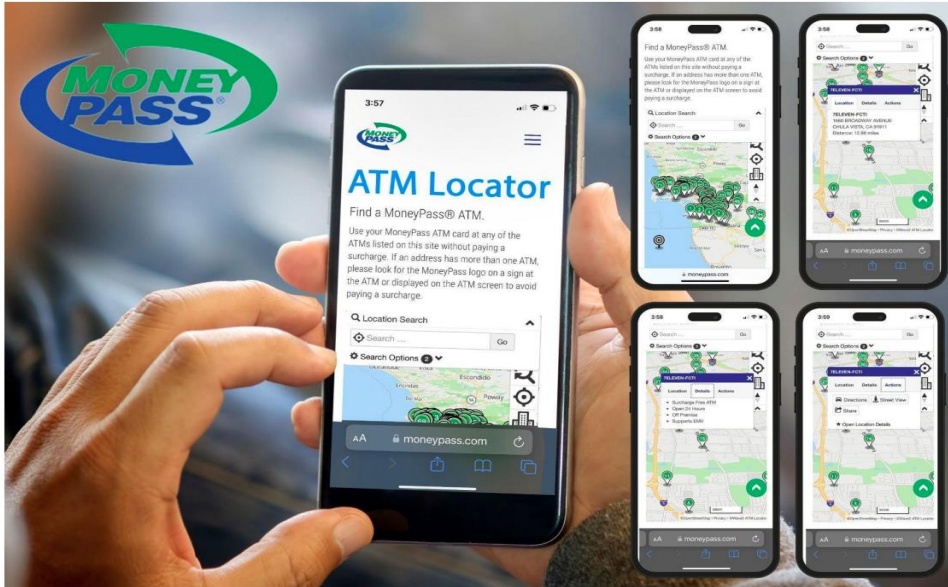

Key features of the Prestige Release Card for **CARDHOLDERS**:

Surcharge-Free ATM Network

What's an ATM surcharge fee? The owner of the ATM typically charges debit cardholders a user fee ranging between \$3-\$6 to withdraw funds from their machine. To help our cardholders avoid these surcharges, Numi has partnered with the MoneyPass® surcharge free ATM Network. At these ATMs, Prestige Cardholders can use their cards and avoid paying a surcharge fee (see Cardholder Agreement for details).

With approximately 40,000 ATMs nationwide, MoneyPass® is one of the largest surcharge-free networks in the nation. It's convenient for cardholders to locate a participating ATM as the ATM's are often located in established retailers such as 7-11 stores, banks such as US Bank and a number of national and local credit unions.

How can a Cardholder find a MoneyPass® surcharge-free ATM? From any connected smartphone or computer, one can easily find their nearest MoneyPass® ATM by visiting www.MoneyPass.com or using the MoneyPass® app. The user can search by their current location or type in an address. The website will display a map with pins for all the nearby surcharge-free MoneyPass® ATM locations. Each pin lists its address, available services, and directions to the location.

Immediate Use	Once the Cardholder accepts the terms and activates the card, it is ready for use.
Universal Acceptance	Everywhere Mastercard is accepted, the Prestige Release Card will work.
Cash Back Capability	When making a purchase, the Cardholder can easily obtain cash from all Mastercard participating merchant locations.
ATM Access	The Prestige Release Card will work at every ATM* that accepts Mastercard. No fee or surcharge at MoneyPass ATMs. * ATM surcharge fees imposed by the ATM owner may apply. No fee or surcharge at MoneyPass ATMs.
End-User Education	Numi provides bilingual educational materials (posters, videos, packets) available at no charge to make the learning process easy. If possible, Numi will work with technology providers to allow Cardholders access to the training materials on tablets and kiosks.
Card Reloads	The Prestige Release Card has the capability to be reloaded one additional time by the agency or once by the Cardholder. <ul style="list-style-type: none"> • Allows the Cardholder to receive additional funds from the facility after release (delayed deposits, commissary refunds, phone time refunds, etc) • Allows the Cardholder to try cash loading the card so they can use their Mastercard for things like online purchases and funding digital wallets without the need to set up a traditional bank account.

To: Keefe Group Customers
From: Support Services Management Team
Re: Support Services Incident Handling - Service Level Agreement

To better serve our customers, the Support Services Management Team has instituted a Service Level Agreement approach to Service Desk incident handling. The goal of this approach is an improved line of communication with our customers and to provide superior customer service in meeting their expectations.

All incidents logged will be categorized using the following levels:

Level 1 – Urgent

- PLEASE NOTE: A phone call to the Support Services department is generally the quickest way to reach someone and explain the severity of the problem you are reporting. Since urgent tickets generally impact operations of the agency, we prefer a phone call so that we can confirm the severity with you and give you a ticket number immediately. See contact info below for more information.
- Any issue compromising or preventing a facility from performing daily job functions related to commissary and/or inmate banking. Urgent issues are top priority and assigned out accordingly. The assigned Analyst will be responsible for replying to the customer within an hour of receiving the case and will work until the urgent issue has been resolved. Any follow up items stemming from the urgent issue will be handled as standard priority through resolution. Urgent issues include, but are not limited to the following services where the service is unavailable without a workaround:
 - o Sending/Ordering/Processing Commissary orders
 - o Sending/Ordering/Processing Trinity Take Out (TTO) orders
 - o Deposit Services – anything preventing deposit transactions from being applied onto the resident financial account for all residents of a facility
 - o Lobby Kiosks – hardware issues preventing family/friends from depositing funds onto the resident financial account
 - o Inmate phone time availability
 - o Direct Link Trust – anything preventing resident outbound calls
 - o Inmate Booking
 - o Inmate Release
 - o Facility server/hardware offline, database failure
 - o Creation of new resident accounts and/or updating existing resident accounts via manual entry or an integration.

Level 2 – Escalated

- Any issue not immediately compromising or preventing facility from performing daily job functions related to commissary and/or inmate banking. Escalated issues are second level priority, behind active urgent cases. The assigned Analyst will be responsible for replying to the customer within two hours of receiving the case and will work through the escalated issue with the customer until resolution. Escalated issues could include, but are not limited to:
 - o Billing Issues related to commissary sales/refunds
 - o Non-critical resident account related issues
 - o Bank reconciliation/check/deposit issues not immediately affecting business

Level 3 – Standard

- Any longer-term issue that does not immediately compromise daily job functions. Standard issues are third level priority, behind both active urgent and escalated cases, and may have potential resolution of 5 days or longer. The assigned Analyst will be responsible for replying to the customer within four hours of receiving the case and will work with the customer through resolution.
- The Analyst is also responsible for keeping the customer updated on progress as needed. Standard issues could include, but are not limited to:
 - o Bank reconciliations and/or general journal reconciliations not immediately affecting daily functions
 - o Report creations/modifications
