FROM: Sergeant Chad Sell

RE: 2019 Secondary Road Patrol Grant offered by the State of Michigan Office of Highway Safety Planning

The Livingston County Sheriff's Office has been invited to participate in the State of Michigan, Office of Highway Safety Planning Secondary Road Patrol and Accident Prevention Program grant for State fiscal year 2019.

The State of Michigan, Office of Highway Safety Planning has offered Livingston County Sheriff Department up to \$77,400.00 in state reimbursement funds for participation in the program.

Continued participation in this grant opportunity will allow the Sheriff to maintain two officers dedicated specifically to traffic enforcement and accident prevention within Livingston County.

The main purpose of the program is to increase traffic enforcement on secondary roads within Livingston County thereby reducing the number of traffic related incidents. The Livingston County Sheriff's Office has participated in the Secondary Road Patrol and Accident Prevention Program for a number of years in the past. I am requesting that the Board of Commissioners support the submission of the application and enter into contract with the State of Michigan, Office of Highway Safety Planning for fiscal year 2019. Your support will allow the Sheriff's Office to continue a vital service to our County.

DATE MAILED

The sheriff's department shall be the law enforcement agency primarily responsible for providing the following services outside the boundaries of a city or village, and on any highway or road within the boundaries of a county park:

1. Patrolling and monitoring traffic violations.
2. Enforcing the criminal laws of this state, violations of which are observed by or brought to the attention of the sheriff's department while engaged in P.A. 416 patrols.
3. Investigating crashes involving motor vehicles.
4. Providing emergency assistance to persons on or near a highway or road patrolled and monitored as required by P.A. 416.

IV. City and Village Service Resolutions

P.A. 416 provides for service requests from a city or village to a county. If an agreement of this type is entered into, a copy of the resolution authorizing this action must be included in the documents submitted with the application each year.

Any or all of the following services may be provided:

1. Patrolling and monitoring traffic violations.
2. Investigating crashes involving motor vehicles.
3. Providing emergency assistance to persons on or near a highway or road being patrolled and monitored.

V. Accounting and Recordkeeping Requirements

The Provider must maintain accounting records, following generally accepted accounting procedures, to receive reimbursement for expenditures under this grant. Documentation supporting all expenditures shall be maintained for at least three years after the expiration of the fiscal year covering this agreement. The Provider agrees to expend funds obtained under this agreement only during the period covered by the agreement and only for purposes specified in the budget detail unless written approval is received from OHSP. **ALL REVENUE AND EXPENDITURES SHALL BE RECORDED IN A FUND OR ACCOUNT SEPARATE FROM THE PROVIDER'S OTHER FUNDS OR ACCOUNTS. THE GENERAL LEDGER IS REQUIRED AND MUST RECONCILE TO REPORTED COSTS.**

- A. **Personnel Costs.** Amounts expended under this agreement for P.A. 416-Funded Road Patrol Deputies shall be based upon payrolls documented and approved in accordance with the policies and practices of the Provider and shall be supported by time and attendance records and daily activity logs for individual employees. The daily logs must detail all activities engaged in, locations of activities, and times engaged in each activity.
- B. All automotive expenses, supplies, and equipment shall be authorized and procured in accordance with the general policies and practices of the county. Automotive expenses can be reported based either on the actual costs incurred for vehicles, gasoline, maintenance, insurance, and other vehicle costs, or on actual miles driven times a mileage rate. If the county chooses to use a mileage rate, they may either use the most recently published IRS business rate, in which case no further calculation is required, or, they can calculate their own mileage rate based on their county's actual costs. Supporting documentation for the county's calculated rate must be kept on file for review during monitoring.

Note: If using a mileage rate that includes an allowance for depreciation of the vehicle, including the IRS rate, the county may not also request reimbursement for a vehicle as an equipment purchase.

C. Property Management Standards

1. **Accounting Requirement.** The county agrees to maintain a readily identifiable inventory of nonexpendable personal property purchased in whole, or in part, with P.A. 416 funds. Inventory of this property shall be made a part of the county's official P.A. 416 records and shall be available for review by authorized state personnel. At a minimum, property management records shall meet the following requirements:
 - a) Item description

- b) Manufacturer's serial number and, if applicable, a P.A. 416 control number
 - c) State's P.A. 416 cost equity at time of purchase
 - d) Acquisition date and cost
 - e) Location of property
 - f) Ultimate disposition date including sale price or method used to determine fair market value
 - g) Method of disposition
2. Recordkeeping Requirements. The county agrees to maintain, as a part of the financial records for P.A. 416, property management records for all nonexpendable personal property acquired in whole, or in part, with P.A. 416 funds. This includes copies of purchase orders, bid information, invoices and inventory records. Records shall be retained for three years beyond the useful life of the equipment.

VI. Standards for Acquiring, Using, and Disposing of Property Purchased with P.A. 416 Funding

The acquisition of expendable and nonexpendable personal property shall be pre-authorized by OHSP. Expendable property may be disposed of when, at the discretion of the Provider, it is no longer usable. For nonexpendable personal property acquired by a county in whole, or in part, with P.A. 416 funds, the following conditions apply:

- A. Use of nonexpendable personal property is restricted to activities authorized by P.A. 416 and by personnel funded or authorized by OHSP in their contract with the county or by adjustments to this grant.
- B. Disposition of Nonexpendable Personal Property. Proper sales procedures shall be established for unneeded property which would provide for competition to the maximum extent possible and result in the highest possible return. When a recipient of nonexpendable personal property purchased in whole, or in part, with P.A. 416 funds no longer has a need for the property in its P.A. 416 program, the county shall obtain prior approval from OHSP for the proposed disposition of the property. Requests for approval of the proposed disposition shall be submitted to OHSP within 30 days prior to the proposed disposition. The property, with concurrence of OHSP, may be disposed of in accordance with the following standards and order of priority as determined by OHSP:
 - 1. Transfer of Property - OHSP reserves the right to require the county to transfer the property to the control of OHSP or directly to a third party at the discretion of OHSP. The county shall be reimbursed by the beneficiary county with an amount which is computed by applying the percentage of county participation in the original cost of the item(s) to the current fair market value.
 - 2. Retention of Property - OHSP may permit the county to retain the property for use other than that authorized in P.A. 416, provided compensation is made to the State of Michigan. The amount of compensation shall be computed by applying the percentage of state participation in the original cost of the item(s) to the current fair market value.
 - 3. Sale of Property - OHSP may instruct the county to sell the property and reimburse the State of Michigan an amount which is computed by applying the percentage of state participation in the original cost of the item(s) to the current fair market value. The county is permitted to retain five percent of the total proceeds to cover selling and handling expenses.
- C. Replacement of Property. When an item of nonexpendable personal property with an acquisition cost of \$1,000 or more is no longer efficient or serviceable but the county continues to need the property in its P.A. 416 program, the county may replace the property through trade-in or sale and purchase of new property, provided the following requirements are met:
 - 1. Similar Function. Replacement property shall serve the same function as the original property and be of the same nature or character, although not necessarily of the same grade or quality.
 - 2. Credits. Value credited for the property, if the property is traded in, shall be related to the fair market value.

3. Time. Purchase of replacement property shall take place soon enough after the sale of nonexpendable property to show that the sale and the purchase are related, but in any instance, during the same funding year.
4. Compensation. Replacement of property under this paragraph is not disposition of this property. The county is not required, at the time of replacement, to compensate the State for the state share of the property; rather, the state share is transferred to the replacement property with an appropriate adjustment as provided in section VI(C)(5). The replacement property is subject to the same instruction on use and disposition as the property replaced.
5. Calculation of State Share. The state share of the replacement property is calculated as follows:
 - a. The proceeds from the sale of the original property or the amount credited for trade-in is multiplied by the state share (percentage) to produce a dollar amount.
 - b. The percentage of the P.A. 416 dollar amount to the total purchase price of the replacement property is the state share of the replacement property.
6. Prior Approval. Recipients of P.A. 416 funds shall obtain written permission from OHSP to use the provision of section VI(C) prior to entering into negotiations for the replacement or trade-in of nonexpendable property.

VII. Financial Reports

The Provider agrees to submit a Quarterly Financial Report within 20 days of the completion of each quarterly period beginning with the date of this agreement. A general ledger report produced by the County's official accounting system must be submitted with each Quarterly Financial Report. The ledger **must** reconcile to reported costs. The Inventory Control Listing for nonexpendable property as identified in section V(C)(1) shall be maintained by the county for review during program monitoring, and shall be submitted with each change to OHSP, along with an Equipment Records System form.

VIII. Program Reports

The Provider agrees to submit a Semi-Annual Program Report within 20 days following the end of each program reporting period and an Annual Program Report covering the fiscal year just ended by October 20 of each year. These forms will be provided by OHSP.

IX. Amendment of Contract

Program modification or a budget revision shall be requested on the Contract Adjustment Request form provided, and be approved by OHSP prior to implementation. Original signatures are required on this document.

X. Limitation Upon Timing of Expenditures

All obligations under this agreement shall be made subsequent to the project start date and prior to the project end date of the contract. Goods must be **received** (which consists of taking possession of products in order to stage them for inspection, place them into inventory, or deploy them to the end user for immediate use) by September 30 of the fiscal year.

XI. Limited Availability of Indirect Costs

Indirect costs reportable for reimbursement are allowable providing they do not exceed 5% of the total direct program expenditures. Costs for clerical support personnel may be included in the budget as an indirect cost, not a direct cost.

XII. Method of Payment

The State of Michigan shall reimburse the county for expenditures incurred during the previous quarter. The county will receive the reimbursement approximately four weeks following receipt of the Quarterly Financial

Report. Reimbursement may be delayed should the county fail to provide all required reports and other documentation, or is not in compliance with P.A. 416 and the Grant Contract Conditions and Requirements.

XIII. Attribution

Any public dissemination of information under this agreement shall identify the State of Michigan as the source of the funding for the services provided.

XIV. Notice Regarding Position Reductions

The county shall immediately notify OHSP of any reductions in the working number of county-funded road patrol positions if the remaining number of working road patrol positions is below the September 30, 1978, level. This notification shall include the latest county estimate of total county general fund revenue for the pertinent county fiscal year. Notification shall be in writing and include appropriate explanatory information.

XV. Sanctions

If the grantee materially fails to comply with the terms and conditions of the grant contract, OHSP may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the grantee.
2. Disallow all or part of the cost of the activity or action not in compliance.
3. Wholly or partly suspend or terminate the current grant contract.
4. Withhold further funding for the program.
5. Take other remedies that may be legally available.

XVI. Termination

Termination of this contract will become effective based upon one or more of the following conditions:

1. The end date specified on the grant has been reached and all other conditions of funding have been satisfied.
2. Funds allocated are contingent upon an appropriation from the State of Michigan and sufficient citation surcharge collections. County allocations may be revised during the year based on revenue collected.
3. This agreement is void if the Provider reduces its expenditures or level of road patrol below that which the Provider was expending or providing immediately before October 1, 1978, unless the Provider is required to reduce general services because of economic conditions and is not merely reducing law enforcement services. If there is an allegation of non-compliance with the provisions of this subsection, the OHSP shall notify the Provider in writing and afford the Provider with an opportunity to demonstrate compliance. If compliance cannot be established, OHSP shall notify the Provider in writing of the termination of this agreement. This termination shall be effective as of the date on which the non-compliance originally occurred.
4. The Provider shall comply with the identified schedule for financial and programmatic reporting. Failure to comply will result in OHSP action to withhold the release of funds.
5. Non-compliance with P.A. 416 and/or Contract Conditions and Requirements is grounds for the termination of this contract and funding. Repayment of funds to the State of Michigan may be required for those funds expended on non P.A. 416 related costs.
6. The Provider may terminate the contract upon 60 days notice. OHSP may waive this notification requirement.

XVII. Inspection, Audit, and Reporting

The OHSP, the Local Government Audit Division of the Michigan Department of Treasury, and the State Auditor General, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Provider which are related to this agreement, for purpose of inspection, audit, and examination.

The Provider shall comply with the requests of OHSP for information on reports related to the manpower, expenditures, and services of the Provider and the traffic crash, traffic safety, and crime data of the county or areas of the county of the Provider.

XVIII. Equal Employment Opportunity Requirements

In accordance with the Elliott-Larsen Civil Rights Act and the Michigan Handicappers Civil Rights Act, a grantee or contractor shall not discriminate against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, or handicap. Failure to comply with this requirement is cause for termination of the contract and grant.

In accordance with Executive Directive 1979-4 and Michigan Department of Civil Rights Standards and Procedures for Civil Rights Compliance in State and Federal Contracts, a grantee or contractor must have an established policy of equal employment opportunity without regard to race, color, religion, national origin, age, sex, or handicap. The grantee or contractor shall take steps necessary to correct any under representation and achieve a reasonably representative work force at all levels of employment. In addition, the grantee or contractor shall:

- A. State in all recruiting materials and advertisements that all applicants will receive equal consideration for employment without regard to race, color, religion, national origin, age, sex, or handicap, and
- B. Post in conspicuous places notices setting forth the law on equal opportunity in employment and public accommodations. (Posters are available from the Michigan Department of Civil Rights).

A grantee or contractor shall inform OHSP of any federal or state actions taken against the grantee or contractor pertaining to equal employment opportunity requirements. A grantee or contractor shall keep employment or other recourse used in preparation of the Minority-Female-Handicapper Status Report, work force Utilization Analysis and EEO Plan six months beyond the life of the grant or contract to permit access by the OHSP, Michigan Department of Civil Rights, or other authorized persons as may be necessary to ascertain compliance.

The award of a grant is subject to acceptance of the grant conditions and requirements, EEO Plan, and a determination of compliance with EEO requirements by OHSP or the Michigan Department of Civil Rights.

SECTION C: SECONDARY ROAD PATROL AND TRAFFIC ACCIDENT PREVENTION PROGRAM APPLICATION

I. Application and Contract Signature Page

This application is made under P.A. 416, as amended, in the amount and for the purpose set forth. On the basis of the information provided in this application and detailed budget submitted by the county, an award will be made to the county in the amount and for the period stated, and is subject to the Contract Conditions and Requirements. This agreement becomes effective as of the date county representatives are notified by OHSP.

We certify that the information contained in this application including, but not limited to, the Methods and Procedures and Budget Detail, is accurate to the best of our knowledge. We agree to comply with P.A. 416, the Contract Conditions and Requirements, Generally Accepted Accounting Principles, and OHSP policies with the understanding that failure to do so is cause for termination of the grant.

Resolution Amending Resolution 2017-11-202 Authorizing the Sheriff Storage Facility Project - Sheriff

WHEREAS, Resolution 2017-11-202 was approved in November of 2017 authorizing the planning and construction of the Sheriff Storage Facility for a total amount not to exceed \$800,000; and

WHEREAS, the funding is planned for from the remaining funds in the Jail Expansion Construction Fund, which included this facility in the original scope of the bond sale, and the balance of the project coming from the Capital Replacement Fund; and

WHEREAS, after the Construction Manager, JS Vig, along with our architects from Lindhout Associates, gathered detailed cost estimates, it was agreed by both parties and the Sheriff's Office that it would be prudent to have additional contingency funds to cover any unforeseen soil/site/utility conditions that may be encountered; and

WHEREAS, the revised cost estimates were presented and approved by the Construction Committee at its meeting on August 13, 2018 and would bring the total probable cost for the Sheriff Facility to \$828,000; and

WHEREAS, based on those new estimates an additional \$28,000 is being requested from capital replacement to continue with the project.

THEREFORE, BE IT RESOLVED that the Livingston County Board of Commissioners authorizes an additional \$28,000 for a revised total of \$178,000 be transferred from the Capital Replacement Fund for the construction of the Sheriff Storage Facility.

BE IT FURTHER RESOLVED that the Livingston County Board of Commissioners authorizes the Livingston County Treasurer to transfer an amount not to exceed the revised amount of \$178,000 from Fund 403, Capital Replacement Fund, to Fund 466, Jail Expansion Construction Fund, as the storage facility construction costs are incurred, but only after exhaustion of all available bond proceeds are spent.

BE IT FURTHER RESOLVED that the Livingston County Board of Commissioners hereby provides the Construction Committee Chair the authority to approve any Change Orders submitted for the Sheriff Storage Project that do not result in an increase in dollar amount to the overall project.

Memorandum

To: Livingston County Board of Commissioners
From: Robert A. Spaulding
Date: 08/22/2018
Re: 2018 Solid Waste Challenge Grants

In 2018, \$15,000 has been budgeted in line item 441-880.001 for the purpose of encouraging new or improved solid waste reduction programs, environmental education programs, or continuing existing programs. The Solid Waste Challenge Grants were offered to local units of government to encourage new or improved programs or the continuation of existing programs that focus on long-term waste reduction and support recycling as required by the Livingston County Solid Waste Management Plan.

Five applicants submitted proposals, to help with waste reduction. The total eligible amount requested is \$9,868.59. A sixth applicant, City of Howell/Recycle Livingston applied seeking funds to be applied for the construction of a new Volunteer Center. At this time Recycle Livingston is facing some dramatic changes to their costs associated with recycling some materials and have elected to temporarily place the new building on hold. Myself and the Solid Waste Management Committee are evaluating this request and determining how we will proceed at this time.

The communities requesting funding are:

Charter Township Brighton (\$1,562.50)
Hamburg Township (\$1,040.54)
Hartland Township (\$2,312.50)
Marion Township (\$2,736.80)
Oceola Township (\$2,216.25)

These Waste reduction programs, mostly spring clean-up events and a drop off recycling site, are successfully reducing illegal dumping on back roads and in areas that are prone to seasonal flooding and reducing “neighbor junk complaints” in the summer months. These programs provide residents the means to dispose/recycle unwanted and large items. This becomes beneficial to the community due to the fact that access to landfills and recycling centers that accept these items, is inconvenient for a large number of Livingston County residents. The Public Works Coordinator and the Livingston County Solid Waste Management Committee is recommending the eligible amounts be granted for the five communities who applied and were approved.

With your approval, I will notify the successful applicants and they will be provided an agreement prepared by County legal counsel to sign. Upon completion of each project, applicants will be instructed to provide receipts for acceptable expenses and a report summarizing the success of their project.

Thank you for your consideration.
