SCHEDULE H

PINtegrity Software and Conversion Services

This Schedule H is covered by the terms and conditions set forth in the Computer System and Software License Sales Agreement dated January 25, 2019 between Livingston County (County) and Fidlar.

COSTS:

PINtegrity Software: Cost: \$20,000. LifeCycle Credit: \$20,000

Parcel Management Software: Cost: \$15,000. LifeCycle Credit: \$15,000

Cost associated with obtaining PIN/Address/Legal Description file from County Authority and developing database relationships between aforementioned fields:

- \$15,000 One-Time Conversion Cost

Total Conversion and Product cost: \$15,000

Import Fee: After the conversion, there will be an indeterminate amount of Parcel Number relationships that will need to be manually created. These will be logged onto a Fidlar-provided spreadsheet. Upon completion of this spreadsheet, Fidlar will import the information into your index repository. Upon this import, AVID and PINtegrity will automatically build the relationships with historic documents throughout your recorded repository.

The cost for this import fee is .02 (2 cents) for each document affected. Fidlar will invoice on the actual amount upon completion of the import. It is agreed that the entire import fee costs shall not exceed the sum of \$7,000.00.

Initial signifying understanding of Import Fee:  _____

DEVELOPING DATABASE RELATIONSHIPS:

Fidlar will require a comprehensive database file from the County Parcel Management Authority. With this, our expert Conversionists will analyze the data along with associated data held within your Fidlar Recording System. The goal of the conversion is to develop database relationships between:

- Parcel Number
- Legal Description
- Property Address (Situs Address)

There are many variables which will contribute to the overall success of the “conversion.” Largely among them are:

- Quality of the database provided to Fidlar.
- Comprehensive nature of the data residing within the Fidlar Recording system database.

Fidlar will provide best-efforts to develop database relationships with as many parcels as possible. At the end of the conversion, Fidlar will establish a time to communicate the results. Subject to that conversation, the County will have the right to cancel any further conversion efforts and the subsequent installation of the PINtegrity software module. Cancellation will result in forgiveness of the remaining 50% of the One-Time Fee.

EFFECTIVE DATE: Software maintenance coverage is effective from the date of acceptance by the County.

BILLING MILESTONES:

50% of the one-time conversion fee will be invoiced upon receipt of this Schedule.
Remaining 50% of the conversion fee will be invoiced upon acceptance by the County of the conversion deliverable.

The document import fee will be invoiced upon completion of the import
