Resolution Authorizing the Continued Use of Chilson Hills Baptist Church for Vaccination Clinics – Administration

WHEREAS, Chilson Hills Baptist Church, located at 4440 Brighton Road in Howell, invited the Livingston County Health Department to use their gymnasium for vaccination clinics starting in March of 2021; and

WHEREAS, an agreement between Chilson Hills Baptist Church and the Livingston County Health Department has allowed for 35 clinics to be held in the gymnasium between March and September of 2021; and

WHEREAS, this agreement has been beneficial for the Livingston County Health Department and the public as the East Complex is not suitable for large clinics; and

WHEREAS, Board Resolution 2021-09-156 specified that approved use of ARPA funds includes “conducting vaccinations at Livingston County Health Department offices”, prompting a need for clarification that vaccination clinics held at Chilson Hills Baptist Church will not violate Board policy; and

WHEREAS, with the approval of Moderna booster vaccines announced on October 21, 2021, large demand for these vaccinations is expected among seniors and adults at high risk of exposure or severe illness, particularly considering that over 12,000 doses of vaccine have been distributed at Livingston County Health Department clinics earlier this year; and

WHEREAS, the gymnasium at Chilson Hills Baptist Church is an ideal location to host larger vaccination clinics and is better suited to accommodate seniors and individuals with disabilities and functional needs and the Livingston County Health Department and Administration appreciates this partnership with the church.

THEREFORE BE IT RESOLVED, that the Livingston County Board of Commissioners hereby approves the continued use of Chilson Hills Baptist Church for vaccination clinics when necessary.
