NATHAN BURD  
COUNTY ADMINISTRATOR

**TO: GENERAL GOVERNMENT/HEALTH & HUMAN SERVICES COMMITTEE  
LIVINGSTON COUNTY BOARD OF COMMISSIONERS**

**FROM: NATHAN BURD – COUNTY ADMINISTRATOR**

**DATE: OCTOBER 26, 2021**

**RE: CONTINUED USE OF CHILSON HILLS BAPTIST CHURCH FOR VACCINATION CLINICS**

Resolution 2021-09-156 approved ARPA funds for the Livingston County Health Department's ongoing COVID-19 response. A provision in the resolution specified that the funding could be used to conduct vaccinations "at Livingston County Health Department (LCHD) offices."

In March of 2021, Chilson Hills Baptist Church offered the use of their gymnasium to host larger LCHD vaccination clinics. We worked out an agreement for use of the space and we are very appreciative of their willingness to assist the LCHD. 35 clinics have been held at this location from March to September. We would like to continue using Chilson Hills for larger clinics and this resolution would provide clarity that doing so does not violate Board policy.

The approval of Moderna booster vaccines on October 21 will increase demand for larger clinics. LCHD vaccinated many seniors earlier this year with the Moderna vaccine and it is expected that many will seek booster shots through their original provider. Chilson Hills is an ideal location to hold larger clinics.

Please let me know if you have any questions. Thank you.
