Livingston County EMS

Re: Estimate for Ambulance Upfits

Director Feldpausch:

EV Plus would like to present the following quote for upfits for your new Wheeled Coach #606334 and the demo truck that is at REV. Your quote is listed below along with additional options for your consideration.

**Wheeled Coach #606334**

1. Install stair chair pocket on the door of compartment 4.	<b>\$700</b>
2. Modify existing console to match existing fleet.	<b>\$3,250</b>
3. Add RCI Lock to U8 mounted on the pass through side.	<b>\$1,100</b>
4. Add man saver net at the head of the squad bench	<b>\$1,000</b>
5. Install of Stryker Performance Load	<b>\$1,400</b>
6. Move stealth switch to battery compartment.	<b>\$1,200</b>
7. Modify and create U6 pass through from end of squad bench to exterior.	<b>\$3,400</b>

**Total Project Cost** **\$12,050**

**Incoming Ambulance from REV**

1. Install stair chair pocket on the door of compartment 4.	<b>\$700</b>
2. Modify existing console to match existing fleet.	<b>\$3,250</b>
3. Add RCI Lock to U8 mounted on the pass through side.	<b>\$1,100</b>
4. Add man saver net at the head of the squad bench	<b>\$1,000</b>
5. Install of Stryker Performance Load	<b>\$1,400</b>
6. Move stealth switch to battery compartment.	<b>\$1,200</b>

**Total Project Cost** **\$8,650**

**Sales Terms:**

Pricing includes all parts, labor and shop supplies for each item listed. Pricing valid for 60 days from proposal date.

**Estimated Completion date:**

30-45 days from receipt of parts. Please note that most parts have a 4-6 week lead time.

Respectfully Submitted,

Jeremy Beebe
