RE: Resolution Authorizing Granting of an Easement to DTE

The Facility Services Department would like to grant permission for a permanent easement to DTE. This easement would be located on the southeast portion of property at Livingston County's Public Safety Complex.

Permission for this use of land is being sought after by DTE because of a newly constructed commercial business establishment. The easement will permit DTE to supply this building with electrical power without impacting any development or use of the Livingston County Public Safety Complex.

If you have any questions or concerns about this resolution, please feel free to contact me.
