FROM: Kevin Eggleston

RE: Resolution Authorizing Granting of an Easement to Consumers Energy

The Facility Services Department would like to grant permission for a permanent easement to Consumers Energy. The easement would be located on a portion of property at Livingston County's Lutz Park also known as:

11423 Lutz Road, Linden, Michigan 48451

Or,

Parcel ID: 4703-05-100-014

The easement will allow Consumers Energy to run underground electrical power to their existing gas nest on the property. Power access at this gas nest will enable Consumers Energy to install critical emergency safety upgrades on their gas nest equipment. New regulations from the Michigan Public Service Commission (MPSC) require these gas nest upgrades be completed.

If you have any questions or concerns about this resolution, please feel free to contact me at keggleston@livgov.com or 517-540-7526.
