

Memorandum

To: Livingston County Board of Commissioners

From: Sue I. Bostwick

Date: November 10, 2022

Re: Resolution – Correction to the Apportionment Report

Three corrections are needed to the apportionment report. All are newly approved millages. The first being Livingston County Veterans for the millage amount of .0564. Fowlerville Library District has had .9419 millage approved. During the August election the Township of Green Oak was approved .5905 mill for debt on a fire station. The request was bogged down with the Bonding Agent and not returned to the township in a timely manner. The veterans and Fowlerville Library millages are contingent upon the final certification of the election. Also, there are four corrections on the special assessments reported by the townships. Marion, Conway, both missed a special assessment levy, while both Brighton City and Howell City have added a special to the winter levy.
