To whom it may concern –

As a cost savings method for Livingston County's pursuit of Stryker Power-PRO™ 2 stretchers and Power-LOAD® loading systems, Stryker Corporation is willing to accept the below method for acquisition and payment.

1. Livingston County submits signed purchase order agreement prior to September 23rd in preparation for Stryker's planned 9% price increase on **October 1st**
2. Livingston County sets a target delivery date with Stryker up to 7 months in the future from time of order entry based on Livingston County's discretion and planned timeline to complete payment
3. Payment will not be due until Net 30 days of **delivery**
4. In the event that the funding resources are no longer able to support the purchase of this equipment, Stryker would allow cancellation of the entire agreement with no penalty to Livingston County up until **December 16th 2022**

We at Stryker would be grateful to have the opportunity to partner with Livingston County on this initiative and are hopeful that offering this type of creativity can allow the department to preserve funding and avoid significant price increases brought on by global supply and pricing pressures.

Thank you –

Kameron Kampen
