MEMORANDUM

DATE: November 14, 2022

TO: Chief Judges (JIS Courts)
cc: Court Administrators and Probate Registers (JIS Courts)

FROM: Tom Boyd, State Court Administrator

RE: User Fees for 2023

To assist your court in preparing for the next fiscal year, this memo provides the 2023 user fees for your court. Due to the anomalous filing levels in 2020 and 2021, SCAO will continue to use the average annual filings from 2017-2019 to calculate the user fees. The base fee remains unchanged at \$10,000 per court and the per case fees remain unchanged at \$10.25 per circuit or probate case and \$1.40 per district or municipal case. As in the past, no court will be charged more than 5% above current fees.

The next page shows two fees: (1) the amount that the State Court Administrative Office (SCAO) calculated for your court based on the user fee formula and (2) the amount that is five percent more than what your court currently pays. The 2023 fee for your court will be the LOWER of these two amounts.

The Michigan Supreme Court and SCAO value your commitment to working with our expert information technology team at JIS and are committed to making sure that trial courts have access to technologies that increase efficiency and improve service to the public. The latest innovations available from JIS include:

- a web portal experience for judges, clerks, and court-affiliated stakeholders;
- enhancements to the hearing and payment reminder tool (email and text);
- the continued roll-out of a fully browser-based case management system;
- auto-upload of the annual caseload report; and
- many improvements to the overall user experience.

Additionally, JIS case management systems will provide the highest level of data and workflow integration with the statewide MiFILE initiative as that solution is implemented in courts. JIS provides a modern service portal and has expert staff actively developing educational materials

and knowledge base articles, answering questions, resolving issues, and offering training and best practice tutorials for end users.

Please contact Brooke Joyner, Supreme Court Finance, at 517-373-0278 or UserFees@courts.mi.gov with any questions about the user fees.

2023 JIS USER FEE FORMULA

BASE FEE

Obtain the three-year average annual new filings from 2017 to 2019. Include the juvenile adoption cases with probate court, unless the court does not use the juvenile/adoption module. Exclude parking from district and municipal courts. Multiply the average annual new filings by the appropriate per-case-rate, then add the base rate.

Per Case Rate Circuit/Probate \$10.25	Per Case Rate District/Municipal \$1.40	Base Rate Per Court \$10,000.00
---	---	---------------------------------------

ADDITIONAL SERVICE FEES

Fees for additional services are calculated as follows and added to the base fee.

Jury Module	The jury module fee is 10 percent of the court's base fee. Probate and district courts where the circuit court receives the jury module are exempt from this fee.
LEIN/SOS Module	The LEIN/SOS module fee is \$2,000 per circuit court and \$2,000 per district court. This fee is not optional for circuit and district courts.
Hosting Fee	The hosting fee is \$0.20 per average annual new filings.

5% CAP ON 2023 JIS USER FEES

The maximum increase per court from the current user fee is 5%.
