Re:	Livingston County Information Technology Department: Software support and maintenance renewal

Request for approval Livingston County Annual software support and maintenance for Central Dispatch Central Square Software& the Livingston County Courts State of Michigan J.I.S. (Judicial Information Systems) Software

The Livingston County Information Technology department is requesting Board approval of the 2023 software support and maintenance for two essential software systems.

Item #1: Central Square Software utilized by Livingston County Central Dispatch and other Public Safety agencies around Livingston County.

Item #2: State of Michigan Judicial Information Systems for the Livingston County Court System's Court management software.

All both software platforms are essential for department and County operations. All platforms have been utilized by the respective branch and the County for well over ten years now.

Current purchase pricing

Department or Branch	Year of the renewal	Cost	Previous year cost
Central Dispatch	2023	$345,689.88	$321,232
State of Michigan JIS	2023	$102,924.99	$101,425
Total		$448,641.87	

Recommendation

The Information Technology department is recommending Board approval for both platforms to continue smooth operations of Livingston Count, Central Dispatch and the Livingston County Courts.

Funding Recommendation:

The funds have been budgeted in the 2023 Livingston County Information Technology Department Budget and allocated as chargebacks for renewal to Central Dispatch and the Courts.
