Program Purpose:	The Brighton Senior Center is committed to preserving and enhancing the dignity and well-being of all adult residents (ages 50+) in Brighton and its surrounding communities by providing a vital assortment of services that enrich social relationships, foster physical health, encourage educational interests and promote self-reliance. After careful consideration, we have determined that the greatest need the Brighton Senior Center has at this time is staffing a part-time activities coordinator. Adding this essential position to the Brighton Senior Center will allow us to continue to grow our social, physical, health & wellness and educational offerings and services to the rapidly growing senior population in Livingston County.
-------------------------	---

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	400+ Current membership	480+ Estimated Membership (20% increase)	576+ Estimated Membership (20% increase)

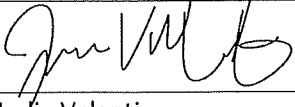

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	<p>With the addition of a part-time activities coordinator, we expect to accomplish the following 4 goals over the next 3 years:</p> <ol style="list-style-type: none"> (1) Increase membership, effectively allowing us to service more area seniors. (2) Extend our service hours, including; returning our current daily hours (9am-2pm) back to pre-covid hours (9am-4pm), adding Friday hours, and some evening and weekend hours to accommodate all ages of the senior population. (3) Provide additional activities and services, including; arts & craft classes, cooking & nutrition classes (some will be in collaboration with Gleaners), technology & social media assistance, organized day trips, and expanding our fitness offerings. (4) Increase our event and social offerings by adding; evening & weekend events such as dinners, dances, open mic nights, social mingles and more.
---	---

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	<p>To measure success, staff will compare program participation levels against yearly objectives and against previous year's levels. Based on the goals outlined above we expect to:</p> <ol style="list-style-type: none"> (1) Increase membership by 20% each year. (2) Expand service hours by 4-5 hours each week, each year (for a total of 12 (minimum) additional service hours over 3 years). (3) Add 1-2 new programs/activities to each of the above categories each year (for a total of 15 (minimum) new programs/activities over 3 years). (4) Add 3-4 daytime events and 2-3 evening/weekend events each year (for a total of 9 (minimum) daytime and 6 (minimum) evening/weekend events over 3 years).
---	---

Please share how this Project would complement Senior Services in Livingston County?	<p>The Brighton Senior Center serves seniors throughout Brighton and its surrounding communities. The individual circumstances of these seniors vary from the most fortunate, who are healthy and economically secure, to the least fortunate, who are economically disadvantaged, ill and/or disabled. It is more important than ever, to ensure that the Brighton Senior Center is poised to continue to provide quality programs and services to these residents while addressing the pressing need to implement programs that serve a new generation of seniors, the Baby Boomers. Funding for a part-time activities coordinator will help build a strong foundation for the programs and services of today and tomorrow.</p>

Program Purpose:	To allow older adults in Fowlerville and surrounding areas to have access to recreational and health classes, social connections, and education experiences at our senior center.
------------------	---

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	50	70	100

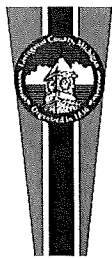

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	<ol style="list-style-type: none">1. In the next two years, have ten new programs implemented with the expectation of 90% satisfaction.2. 90% of the seniors will report that the senior center met their personal needs.3. Increase new membership each year by 30%.
---	---

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	<ol style="list-style-type: none">1. To provide a survey which includes a Likert scale and open-ended questions for qualitative feedback. The Likert Scale will range from Very Satisfied, Satisfied, Neutral, Unsatisfied to Very Unsatisfied. The Survey will also include open-ended questions that allow the seniors to share their thoughts on the new programs provided. The survey will be given at least every three months and at completion of a new program or event.
---	--

	<ol style="list-style-type: none"> 2. On the survey, it will ask the seniors if their personal needs have been met. It will also include three open-ended questions on how the senior center is meeting their personal needs. 3. We will create a sign in sheet that will show the increase of our participants and the township that they reside. 	
--	--	--

<p>Please share how this Project would complement Senior Services in Livingston County?</p>	<p>The Fowlerville senior center for the past twenty years has solely operated under volunteers. Beginning January 2023, Livingston County Catholic Charities received a two-year grant to provide a program staff member to the Fowlerville Senior Center. The position is to provide support to the Director of the center and their board. Our senior center would like to add a variety of programs that will allow seniors in Fowlerville and beyond to have their social, recreational, health and educational needs met. We will be distributing surveys on a Likert scale that indicates satisfaction in regards to the new programs. The survey will also include open-ended questions for qualitative feedback. The programs that we are looking to implement are evidence based. The programs we plan to implement are within four different categories. Health and Wellness, Recreation, Events, and the Arts. In our health program, we are looking to start regular blood pressure checkups, elder abuse prevention speakers, Medicare and Medicaid trainings, personal tax workshops and exercise classes. Within our Recreation program, we want to continue our card games and dice games, but start new games including puzzles, corn hole, and book clubs. The events we are looking to start will be educational for our seniors. Some examples include the Henry Ford Museums, Meijer Garden and the Howell Nature Center. Finally, in the Arts program, one of our goals is to have regular music based activities. Numerous studies have indicated how music has positive effects on older adults, especially in cognitive functioning. A more recent study highlighted how music has short term and long term effects on older adults and can improve memory and emotional regulation (Abrhan , Shifres, & Justel, 2019). Providing these additional programming will assist in increase membership for the center and a stronger presence in the community.</p> <p>Another focus during this two-year period is for the program staff to provide outreach and relationships on the senior centers behalf. Outreach that includes local business, churches and other entities for future sponsorships and connections to support the continued financial support for programming at the center. Livingston County Catholic Charities is committed to researching and applying for available grants to help support for future programming at the center during this time. We will also begin to engage and build stronger relationships with city and township officials as well as local community leaders to educate them on the importance of supporting the Fowlerville Senior Center.</p>

Program Purpose:	To allow older adults in Fowlerville and surrounding areas to have access to recreational and health classes, social connections, and education experiences at our senior center.
------------------	---

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	50	70	100

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	To improve the quality of the Fowlerville infrastructure by painting and carpet cleaning.
---	---

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	1.) To have at least half of the inside of the senior center be freshly painted and to have 100% of the carpets deep cleaned.
---	---

Please share how this Project would complement Senior Services in Livingston County?	The inside of the Fowlerville senior center has not been painted in over ten years. Currently the paint is chipping off the walls and the wall trim is hanging off in certain areas inside the building. In order to attract new members and create a welcoming environment, having new paint will help clean up our center to make it more inviting and safe for everyone in the community. We are also looking to have our carpets deep cleaned. The center has not had there carpet deep cleaned in over five years. Some of
--	---

	the carpet has stains and needs some updating. Having fresh carpet would also clean any dirt and bacteria that would benefit the safety of the overall building. Our center would be so appreciative to have the opportunity to renovate part of our center.

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	50	70	100

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	To provide program staffing support for the volunteer Director of the Fowlerville Senior Center for a third year.
---	---

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	1.) 85% of the four different categories of programming to continue at the senior center by community financial support. 2.) Secure funding through local townships for paid staff at the senior center.
---	---

Please share how this Project would complement Senior Services in Livingston County?	Livingston County Catholic Charities obtained a grant from the Michigan Health Endowment Fund to support a program staff member at 16 hours per week for the Fowlerville Senior Center for a two-year grant period, 1/2023 through 12/2024. During the two-year grant cycle, the program staff will implement evidence-based programming for the center. Programming which includes four different categories. Health and Wellness, Recreation, Events, and the Arts. The other focus for this
--	--

	<p>position is to provide outreach within the community, which will help to increase membership and build a visible presence.</p> <p>In the third year, the Fowlerville Senior Center is looking to support the 16 hour a week program for the center for an additional year. During this time, the staff member will commit to the focus of the strong relationships that have been built during the prior two years. Memberships that include; local business, churches and other community entities that we are looking for continued sponsorship and donations to maintain programming at the Fowlerville Senior Center.</p> <p>The staff member will concentrate on building strong relationships with the city/ township officials and local community leaders to secure yearly funding for the Fowlerville Senior Center to defray the cost of paid staffing.</p> <p>After the third year, the goal is to have financial support through the several community entities for the Fowlerville Senior Center. Thus allowing continued growth in membership, a visible community presence, and a healthy, fun and safe program for the community seniors.</p>

Project/Program/Service Name	Senior Center Capital Improvement
# of Applications from this Agency	1
If more than one application, priority ranking	Priority _____1_____ of _____1_____ number of applications

Application Type	One Time Funding Item	3 Year Funding Item
Check one		X

Program Purpose:	The Hamburg Senior Center has seen significant membership increase in the last two years doubling in size. With the increased membership, we need portable walls to accommodate greater programming, new chairs to meet membership demands, and a handicap accessible door for safer access and exit to the outside patio. We would like to replace the original flooring throughout the building. The flooring is over 30 years old and is failing in areas. It also requires frequent stripping and waxing with chemicals and fumes that are difficult on our members with breathing difficulties.
------------------	--

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	1100 members	1250 members (based on growth)	1500 members (based on growth)

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	Year 1:
	<ul style="list-style-type: none"> • ADA Accessible Automatic Door to the Outside Patio (Project cost: 12,000-15,000) • Armchairs (40) for Activity Room (Projected Cost: 6,000-8,000)
	Year 2:
	<ul style="list-style-type: none"> • Stackable Chairs (60) for Congregate Dining and Activity Programming (Projected Cost: 8,000-12,000) • Movable Wall Partitions (4) (Projected Cost: 9,000-10,000)
	Year 3:
	<ul style="list-style-type: none"> • New Laminate Flooring Throughout Building (Projected Cost: 40,000: Split Funding 23,000 from ARPA)

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	The Hamburg Senior Center tracks attendance for activities each day. Typically, the Senior Center has a monthly attendance ranging from 1500 – 2300 participants with a daily average ranging from 80-112 people per day. On average we engage in 5 – 6 activities per day. Once we have been approved for chairs and movable walls, we can increase programming and activities which will increase opportunities for seniors in Livingston County.
---	---

Please share how this Project would complement Senior Services in Livingston County?	With the support of these funds, the Hamburg Senior Center will be able to continually provide a community focal point where older adults come together for services and activities that reflect their experiences and skills, responding to their diverse needs and interests, enhancing their dignity, supporting their independence, and encouraging their involvement in and with the senior center and the community.
---	--

Proposed Project/Program/Service	Total Grant Program Request (projected 3-year program budget is required)
Capital Improvements for the Hamburg Senior Center including ADA Accessible automatic door, 100 new stackable chairs, 4 movable partitions, 7000 sq ft of vinyl plank flooring.	\$23,000 Annually (\$69,000 over 3 years)

Signature	<i>Julie Eddings</i>
Name	Julie Eddings
Date	2/7/23

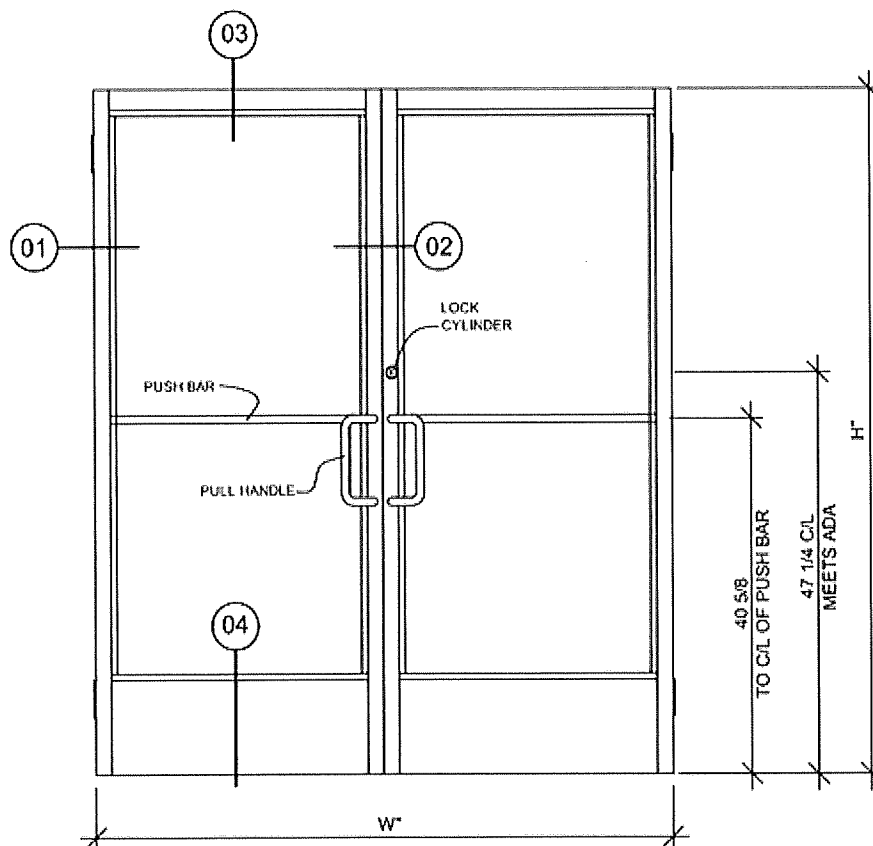

Dwayne,

Attached are two options for doors at the Senior Center.

E1952: "equal" pair of doors, each door is standard 36" wide. It is more expensive to do this option, but you could exit through either door. \$9442 installed.

A powered door operator would be on the Left door when viewed from outside. A bollard post would be installed approx 5' from the opening, so that when entering from the patio, seniors won't have to step backwards when the door opens under power. \$3124 installed

The photo below is from the attached spec sheet. In your case, the lock cylinder / active door would be the left door instead of the right door.

E1953 is for "unequal" pair of doors. The Left door when viewed from outside would be 42" wide. This extra width means seniors have plenty of room, wheelchairs aren't constrained by the opening, and of course either option has a smooth transition threshold that is ADA compliant. The right door when viewed from outside is 30" wide, and functions as a sidelight that can be unlatched manually and opened if needed for a delivery, etc. to get the full width of the opening. \$9167 installed

The powered operator option is the same price, and is \$3124 installed.

The doors are made in Detroit, the handicap operator is made in Texas. Lead time has been verified and is about 4-5 weeks as the doors are made to size. The operator is in stock. Our operator does not require extra force when used manually. I feel this is an important distinction that is overlooked, and many times operators require more force when used manually.

Please feel free to call anytime with questions.

Thank you,
Joel

Program Purpose:	<p>To enhance and improve the senior center facilities. Some of our furniture and equipment is beyond their useful life and need replacement for safety and functionality.</p> <p>To increase participation through added hours for our Program Assistant position. With increased hours (currently it's a 20 hr / wk position), we expect increased attendance at all our events and programs which will in turn increase revenues for future sustainability.</p>
-------------------------	--

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	<p>Average daily attendance in 2022 is 130 people.</p> <p>Current paid membership is over 1,400 seniors 50+.</p> <p>Eligible Population is around 2,500 Hartland Township residents over 65 (However, everyone is eligible to participate at our center)</p>	<p>Senior Population Demographics</p> <p>2009 – 39.6 million over 65</p> <p>2019 – 54.1 million over 65</p> <p>Increase of 36% over 10 years!</p> <p>And we serve ages 50+ so I'm projecting a 3% increase each year</p>	See Year 2

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	<p>Year 1</p> <p>To replace aging round tables and rectangular tables in the main senior center area with pivot model tables (10 round and 4 rectangular) that can be easily moved for cleaning and large events. Also, to replace 60 chairs in the main senior center area. The current chairs are starting to show their wear and the backs are starting to rip/break. Almost every guest / member we serve uses these tables and chairs when attending events, lunch, meetings, playing cards, etc.</p>
---	---

	<p>Year 2 & Year 3</p> <p>Add 10 additional hours toward our Program Assistant position each year. We will increase program revenues through the help of these additional hours that it will sustain this position through the coming years.</p> <p>Purchase 8 replacement head mics and body packs each year to support our fundraising shows. We put on several large performances in the Hartland Performing Arts Center and it requires many head mics for the musicians and the actors. *These shows have been are biggest fundraisers in the past (ranging from 10-20k each year). However, our existing head mics are quite old and we have frequency issues as well as the connection issues between the mic packs and the actual mics.</p>
--	--

<p>Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)</p>	<p>Since we track our average daily attendance and membership numbers, we will be able to measure an increase in participation across the board. We'll strive for at least a 10% increase in overall program attendance.</p> <p>Measurable impact with regards to our head mics will be challenging but I can guarantee our audience, who is mainly seniors, will be able to hear our performers a lot better. Our volunteer performers will also be happier without having to deal with mics that cut out mid-sentence or battery packs that are missing the back panels etc.</p>
--	--

<p>Please share how this Project would complement Senior Services in Livingston County?</p>	<p>I'm confident these requests will not only improve the aesthetics of our center but also the functionality as these tables are flip top tables and chairs will also include moving carts. Our main senior center space needs to be welcoming and comfortable without the fear of a chair back breaking when they sit down and lean back or having a table tilt as they lean on it to stand up. Overall, these Year 1 items would improve the safety and look of our main space. The remaining Year 2 and 3 items are looking to the future for increasing overall participation in all our programs and events therefore increasing our revenue streams.</p>
--	---

These are the racks of chairs (about 40) we use for our exercise programs. They remain stacked when not in use (but are used every day for different classes and events).

To the Right:

You can see the different color screws that we used when trying to repair the chairs.

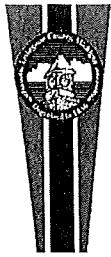

To the Left:

If you look closely, you can see this chair has already been repaired once (silver screws instead of black), however, the bottom of the back is already pushing through the frame making it unsafe for continued use.

Project/Program/Service Name	Howell Senior Center
# of Applications from this Agency	1
If more than one application, priority ranking	Priority _____ of _____ number of applications

Application Type	One Time Funding Item	3 Year Funding Item
Check one		X

Program Purpose:	The purpose of the Howell Senior Center is to help our local seniors live a more active and enriched life. We do this by providing programs that focus on social wellness, physical wellness, mental wellness, and education. Through these programs we are able to engage our seniors in a safe, community-like atmosphere to help them increase their quality of life and make connections with their peers.
------------------	--

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	1199	1300	1450

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	Goal 1: There will be over 2,250 incidents of service (check-ins) Goal 2: The Howell Senior Center will provide at least 20 programs with a new program every quarter Goal 3: 90% of seniors served will report an increase in overall wellbeing
---	--

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	With our registration system we are able to pull reports of membership check-ins. We are able to pull reports by the year, month, day, and even hour. In addition to being able to pull reports, the senior center does annual surveys to ensure our goals are being met. For programs and events, we plan our programs out for the year to ensure we have adequate programming that focus on social, physical, and mental wellness along with education.
---	---

<p>Please share how this Project would complement Senior Services in Livingston County?</p>	<p>New Fitness Instructors- Our senior fitness classes are our fastest growing senior program. Our fitness classes allow seniors to engage in physical activity in a safe environment and instruction on proper technique. Our chair yoga class, tai chi, and stretch and strength all help with balance, range of motion, and mental wellness. While our senior strength class uses weights to help senior maintain their muscles which is important for everyday living. We have had such high demand in our classes are they are consistently hitting their maximum number of participants. We are looking to add 3 new classes which the budgeted amount will help with instructor fees for those new classes. With a large amount of participation, we also need to purchase new fitness equipment to be used in those classes such as yoga straps and blocks, resistance bands, and more weights. This amount is also budgeted but any additional cost will be covered by participant fees.</p> <p>Transportation- Our travel program is our #1 requested programs by our seniors. Based on current quotes the average cost of a bus charter is \$900. Since this is just an average and some charters may cost more than others; the registration fee for the trip will cover a portion of the charter cost along with any admission and meal fees. These trips allow seniors who are unable to drive long distances to participate, engage with peers, and reduce their isolation. The remainder of the budgeted transportation funds will be used in partnership with LETS. This new partnership will allow seniors to have free transportation to our senior for big events and senior exercise classes. This helps seniors stay active in their community and stay active in their own lives.</p> <p>Programs/Projects- One of our most popular programs is our Lunch and Learns. This program allows our seniors to learn about new subject matter on a variety of new topics and have lunch! Our seniors love continuing their education and are always suggesting new topics they want presentations on. A portion of this budgeted amount will cover the cost of the average presenter fee. The miscellaneous section will cover a new coffee machine and carafes, craft supplies, and special events costs such as our Thanksgiving and Christmas luncheons. Any other cost that goes over the budgeted amount will be covered by our registration fee.</p>

Program Purpose:	<p>The funds will be used to increase the size of our current patio for outdoor gatherings. Currently, the patio has seating for approximately 35 seniors, but the center hosts roughly 60 seniors per party, and this number is certain to grow. Additionally, the patio will be convertible to pickleball courts, when not in use as a gathering space. The courts will be for the exclusive use of seniors during regular Center hours and will be open to other Township residents outside of those times.</p> <p>This request includes \$7592 for 5 commercial picnic tables for add'l seating.</p> <p>*See attached estimate*</p>
------------------	--

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	Won't be complete until 3rd year.	Won't be complete until 3rd year.	Increase our gathering space from 35 to over 100.

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	<p>Seniors Socializing - It will allow our seniors to gather outdoors, weather permitting.</p> <p>Active Seniors - Having pickleball courts available to members will encourage them to stay active.</p>
---	--

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	<p>Attracting more seniors (and other residents) from the community to our Center.</p> <p>Happier/Healthier Seniors.</p>
---	--

Please share how this Project would complement Senior Services in Livingston County?	Socialization and physical activity opportunities close to home. Currently our members need to travel to Hamburg Township for pickleball recreation.

Senior Project Application

Agency Name	Putnam Township Senior Center
Contact Name	Patrice Rentsch
Contact Email	senioractivities@putnamtwp.us
Project/Program/Service Name	Senior Center Furnishings Project
# of Applications from this Agency	3
If more than one application, priority ranking	Priority <u>2</u> of <u>3</u> number of applications

Application Type	One Time Funding Item	3 Year Funding Item
Check one	X - year 1	

Program Purpose:	<p>Putnam Township's new Senior Center building opened in March of 2022. It's a much larger space than the previous facility, in turn, we are attracting more residents. As a result of the expansion, we are finding that we need to replace and/or add furnishings to better support our increase in members. Specifically, we'll be purchasing/upgrading:</p> <p>Smart TV, 75" - \$1,660 (includes install) Commercial grade Coffee maker - \$990 Speakers (4)/sound system - \$2,000 (includes install) Cabinets (2) & Drawers (1) for kitchen - \$1000 (includes install) Desktop Computers (3), for senior use - \$2,400 Bookcases (4) for lending library - \$1,580 (includes install) Microwave oven - \$300 *See attached for items estimates*</p>
------------------	---

Number of Clients you intend to serve through this program/project/service:	Year One	Year Two	Year Three
	Current <i>visits</i> per year 7644. Number of visits predicted w/add'l funding 8,400 - year one.	Number of <i>visits</i> predicted w/add'l funding 9,250 - year two.	Number of <i>visits</i> predicted w/add'l funding 10,175 - year three.

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	Better serve our residents when they visit the center. Providing an environment where they feel comfortable and safe, encouraging them to leave their homes, and benefit from the engagement of their peers.
--	--

Measurable Impact:	Comfortably accommodating the growing needs of our Senior Center, measured in the increase in the number of people joining the Center. Putnam keeps records of attendance each day.

393 ratings | 38 answered questions

Amazon's Choice  for "commercial microwave"

Price: \$300.00

FREE Returns

Style: Oven

Brand SHARP

Product Dimensions 16"D x 21"W x 12"H

Color Gray

Capacity 1 Cubic Feet

Special Feature Dial Timer

Recommended Commercial

[See more](#)

About this item

- **SIMPLE TO OPERATE:** The classic dial timer can be set anywhere from 10 seconds to 6 minutes and includes bright LED indicators that permits "at-a-glance" monitoring.
- **SPACIOUS INTERIOR:** The 1.0 cu. ft. capacity can accommodate a 13-1/2" platter, prepackaged foods, single servings or a half-size pan in either direction.
- **AUTO-CANCEL TIMER:** When the door is opened during cooking, the remaining time is cancelled; saving energy and increasing the magnetron's life.
- **EASY TO MAINTAIN:** Stainless steel exterior wrap and interior for easy cleaning and a commercial look.
- **HEATING TIME GUIDE:** A handy "on-the-spot" reference for timesaving convenience is located above the timer with recommended times for heating a variety of popular foods.

Senior Project Application

Agency Name	Putnam Township Senior Center
Contact Name	Patrice Rentsch
Contact Email	senioractivities@putnamtwp.us
Project/Program/Service Name	Outreach/Additional Programing
# of Applications from this Agency	3
If more than one application, priority ranking	Priority <u>3</u> of <u>3</u> number of applications

Application Type	One Time Funding Item	3 Year Funding Item
Check one		X

Program Purpose:	Putnam Township will designate a resource to expand our relationships and presence in the community. They'll set the groundwork for sustainable donations of either time or goods, in support of the Senior Center. Resource will be responsible for: expanding our Food Pantry program; adding a Community Garden to our premises; expanding programs that we currently offer our members (educational, games, etc.); setting up a lending library.
------------------	--

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	Current <i>visits</i> per year 7644. Number of visits predicted w/add'l funding 8,400 - year one.	Number of <i>visits</i> predicted w/add'l funding 9,250 - year two.	Number of <i>visits</i> predicted w/add'l funding 10,175 - year three.

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	Deepen relationships with our community and connect people and businesses in Putnam to the Senior Center. Emphasis will be given to programs that foster engagement with varied age groups and our seniors.
--	---

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	Increase in donations of time and goods to the Senior Center. Seniors working side by side with other age demographics in the community, fostering deeper understanding of seniors' specific needs.
--	---

Please share how this Project would complement	Furtheres the goal of the community becoming more engaged and involved in the health and well-being of our seniors.
--	---

Senior Services in Livingston County?	
---------------------------------------	--

The Livingston County Needs Assessment Quality Points - please mark all that apply:	
X	Active Aging (geriatric services, health and fitness opportunities)
X	Aging in Place (safe, affordable housing, either in their own(ed) home or communal)
X	Community Engaging Seniors (keeping them involved, and regarded as valued)
X	Community Infrastructure (gathering sports, transportation, health care, food)

Proposed Project/Program/Service	Total Grant Program Request (projected 3-year program budget is required)
Outreach/Additional Programming. *Salary - \$15/hr, 20 hrs/week, 48 weeks/year, plus fringe benefits = \$17,611/year. LLCOA request is \$5,870 per year	\$17,610 = \$5,870 x 3*

Senior Project Application

Agency Name	All 6 Livingston County Senior Centers
Contact Name	Kim Konarski
Contact Email	KimKonarski@hartlandschools.us
Project/Program/Service Name	County Wide Senior Center Marketing Project
# of Applications from this Agency	2
If more than one application, priority ranking	Priority <u>2</u> of <u>2</u> number of applications

Application Type	One Time Funding Item	3 Year Funding Item
Check one		<input checked="" type="checkbox"/>

Program Purpose:	The funds will be used to promote all six senior centers through marketing platforms such as Marketeer Magazine Ads, WHMI spotlights, direct mail flyers, and other outreach efforts at local community events. With approximately 36,000 residents who are age 65 or over, Livingston County Senior Centers need help ensuring each of those residents know there is a senior center near them to offer services and supports.
------------------	---

Number of Clients you intend to serve through this program/ project/ service:	Year One	Year Two	Year Three
	36,362 (195,014 total pop x .188 senior pop)	38,000 estimate	40,000 estimate

Expected Accomplishments/ Goal: (List 1-3 Program/ Project/ Service Goals)	To raise awareness of all six Livingston County Senior Centers – Brighton, Fowlerville, Hamburg, Hartland, Howell, and Putnam.
	To increase program participation by 10% at all six Livingston County Senior Centers – Brighton, Fowlerville, Hamburg, Hartland, Howell, and Putnam.
	To decrease social isolation in our communities – Brighton, Fowlerville, Hamburg, Hartland, Howell, and Putnam Township.

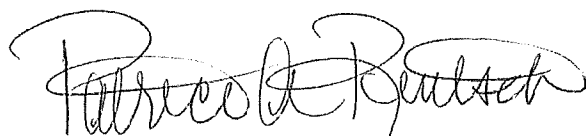

Measurable Impact: (List quantitative/ qualitative metrics for the Goals outlined above)	Membership and program participation numbers will be tracked and compared quarterly at each of the six senior center facilities.
---	--

Please share how this Project would complement Senior Services in Livingston County?	Each of these six senior centers are structured a little differently but we all share a couple common thread – not enough resources. The funding requested through this application would allow us to create a collective marketing strategy beyond our normal newsletters and individual social media postings. The requested funds will be used to work with a marketing professional who will help create a structured marketing plan with the widest reach. 9
--	---

The Livingston County Needs Assessment Quality Points - please mark all that apply:	
X	Active Aging (geriatric services, health and fitness opportunities)
X	Aging in Place (safe, affordable housing, either in their own(ed) home or communal)
