Re: Resolution Authorizing 911 Central Dispatch to Explore the Possibility of Providing Contract Dispatch Services for the City of Ann Arbor

The City of Ann Arbor with a population of 121,000 has requested research into exploring dispatch contract services with 911 Central Dispatch. Ann Arbor is currently contracting with the Washtenaw County Sheriff's Office for police dispatching services and Huron Valley Ambulance (HVA) company for fire dispatching services. They would like to be dispatched by the same entity, as it is more efficient, reducing dispatch times when both their police and fire departments are simultaneously needed at the same scene.

Research into the feasibility of providing dispatch contract services for the City of Ann Arbor will be cost free for 911 Central Dispatch. If any unanticipated charges are encountered, the City of Ann Arbor will cover the cost.
