RESOLUTION

Livingston County Planning Commission

TRANSMISSION OF THE

APPROVED COUNTY 2024-2029 CAPITAL IMPROVEMENT PLAN

TO THE LIVINGSTON COUNTY BOARD OF COMMISSIONERS

WHEREAS, a Capital Improvement Plan allows for the planning of projects over a certain period of time; and

WHEREAS, County Departments are requesting to be financed with County funds to build, renovate, or buy equipment, infrastructure or property to be used as a public asset or to benefit the public; and

WHEREAS, a capital project is defined as a project large in size having a cost in excess of \$50,000 and a useful life greater than 3 years; and

WHEREAS, the Capital Improvement Plan is prepared per a policy laid out in the Debt Management Policy, which states that the County Planning Commission, in collaboration with the County Department of Planning, will annually prepare a multi-year inventory identifying projects approved or anticipated by various County departments, which is supported by Board Resolution #702-288; and

WHEREAS, inasmuch as the County Planning Commission has an adopted County Master Plan, the County Planning Commission must be included in the formal review process of proposed County Department Capital Improvement Plan projects (MICHIGAN PLANNING ENABLING ACT, Act 33 of 2008 - MCLA 125:3831 and 125:3865-3867); and

WHEREAS, to make informed decisions, prioritize needs, and plan for fiscal requirements it is beneficial to include Department capital project requests for the upcoming year(s) in both the Capital Improvement Plan and the annual budget process; and

WHEREAS, it is the recommendation of the County's Planning Department and County Administration that the Capital Improvement Plan process be incorporated into the annual County Budget Process and that all County Departments with requests for projects with estimated costs in excess of \$50,000 participate in providing the information requested to be included in the Capital Improvement Plan; and

WHEREAS, that the Livingston County Board of Commissioners has approved that the annual Capital Improvement Planning (CIP) process be incorporated with the annual Operating Budget Process and County Departments with projects in excess of \$50,000 participate in completion of the CIP.

THEREFORE BE IT RESOLVED that the Planning Commission will continue to review and transmit the Livingston County Capital Improvement Plan annually to the Livingston County Board of Commissioners to formally receive and file the report, and

BE IT FURTHER RESOLVED that the Livingston County Planning Commission herein transmits the 2024-2029 Livingston County Capital Improvement Plan to the Livingston County Board of Commissioners and requests that the Board formally receive and file the report as appropriate.

Approved:

Livingston County

FY 2024-2029 Capital Improvement Plan

- SECTION 1 -

**BACKGROUND
INFORMATION**

EXECUTIVE SUMMARY

A responsibility of local government officials is the preservation, maintenance, and improvement of capital assets.

The Capital Improvement Plan (CIP) is the county's long-range strategic planning framework that addresses preservation, maintenance, and improvements to the infrastructure, parks and recreation, and other community facilities within the county. The CIP is used as an instrument to evaluate long-term capital needs and requests of county departments and to establish timely and cost-effective funding for the projects that are identified as being high-priority.

The State of Michigan enabling legislation for preparing a CIP is provided by Michigan Public Act 33 of 2008, also known as the Michigan Planning Enabling Act (MCL 125.3801...125.3885). It requires that in the County, as well in cities and villages, after adoption of masterplan, the local Planning Commission in that respective municipality shall "annually prepare a 6-year capital improvements program".

For Livingston County Capital Improvement Plan budgetary purposes, a capital project is defined as:

- a) Large in size**
- b) Large in cost (in excess of \$50,000)**
- c) Lengthy in duration (useful life greater than three years)**

NOTE: Projects that are operational, routine maintenance, or recurring are excluded.

For CIP consideration, a county project must be either:

- A building or renovation project.
- A new construction project.
- A capital equipment project.

The CIP document covers a six-year span and is reviewed and updated annually. Documentation and preparation takes approximately six months. During this time, county planning and finance staff collect information, develop a draft for project request for each of the projects - including timelines and costs, and organizes the priorities that each department sets individually to each of their projects. Criteria utilized by departments in assessing and prioritizing CIP projects include:

- Community Health, Safety, Wellness
- Condition of County Infrastructure and Facilities
- Energy Conservation and Environment
- Social, Cultural, Recreational Opportunities
- Customer Service and Convenience

The basic goals of the CIP are to provide a systematic approach to replacing and repairing deteriorating public facilities, add new facilities that will enhance the quality of life for the residents of Livingston County, and develop a comprehensive strategy for the replacement of major capital items

In order to evaluate fairly each project submitted on its own merit as compared to all other projects submitted by county departments, all CIP Projects are evaluated by the CIP Review Committee relative to the following criteria:

- Department Ranking of Need
- Project Justification
- Analysis of Viable Project Alternatives
- Project Planning Context

This plan is a living document, highly dependent on the present economic conditions and is subject to changes.

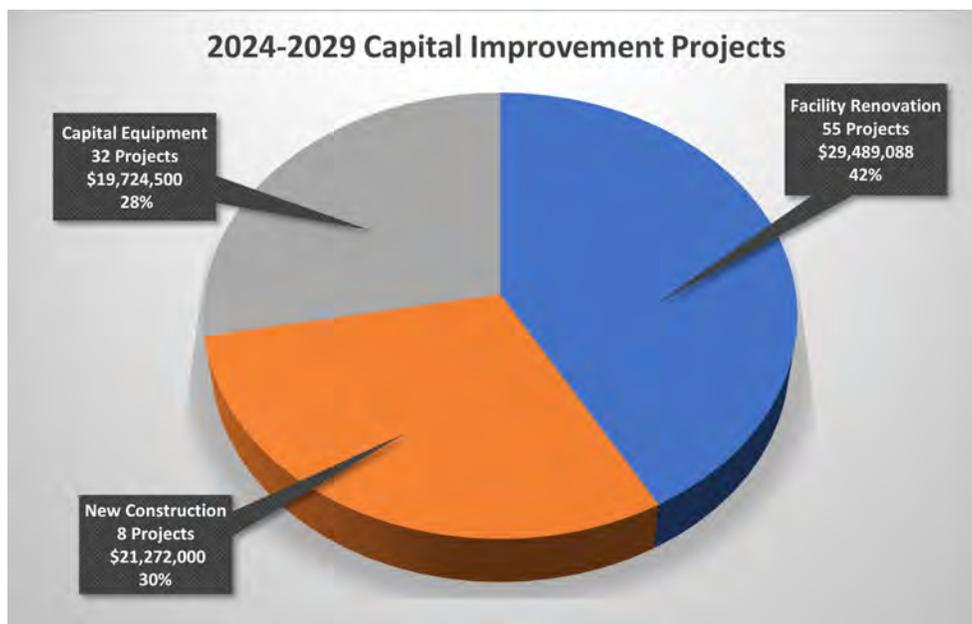

Capital projects can impact future operating budgets either positively or negatively due to an increase or decrease in staffing, maintenance costs, or by providing capacity for new programs or services.

The CIP is a six-year plan for the funding and construction or repair of county facilities, parks and recreation area improvements, and capital equipment purchases.

Year One of the six-year CIP is utilized as the basis for the annual budget for capital projects in their associated departments. The annual budget process may present further refinement to projects, project costs, and funding and/or financing alternatives. The CIP does not appropriate money. The county's annual budget sets the appropriation authority levels for the subsequent year.

In summary, for the FY 2024-2029 Capital Improvement Plan period:

- **2024-2029 Total Number of Projects: 95 proposed projects**
- **2024-2029 Total Proposed Expenditures for all Projects: \$70,485,588**
- **Forty-five (45) newly proposed projects**
- **Thirteen (13) county departments submitted proposed projects**
- **Total "Year One" (FY 2024) proposed expenditures: \$29,288,288**

Uncertainties related to economic outlook always remain a concern and a driver for projects to be carried forward to future years. All on-going projects that continue past Fiscal Year One are reviewed annually based on the criteria previously detailed.

INTRODUCTION

Social and economic progress depends on dynamic urban development and sound growth management. If the vision, challenge and elements of the Master Plan are used effectively to guide future growth and development, the standard of living and quality of life for all the citizens of Livingston County will be enhanced.

The general welfare of the community is affected by the way in which it grows. The expenditure of public funds can affect growth patterns. Capital demands for the maintenance of existing infrastructure must be balanced with the need to extend infrastructure to newly developing areas.

While the County Master Plan provides the general guideline for the development of land and improvements within the County, the Capital Improvement Plan (CIP) is an important planning tool which provides a logical means of identifying, assessing and formulating a financial basis for implementing short- term and long-term improvements.

Capital improvements programming is defined as *the multiyear scheduling of public physical improvements*.¹ Typically capital improvements programming involves examining long-term forecasts of economic conditions, demographics, governmental revenues, and governmental expenditures. The Capital Improvement Inventory/Plan is a six-year planning instrument (current year plus five years forward) used by Livingston County to identify needed capital projects in an effort to coordinate the financing and timing of improvements in a way that maximizes the value to the public. Capital improvements are projects involving the expenditure of public funds over and above annual operating expenses. The CIP is evaluated annually by the Livingston County Planning Commission and the Board of Commissioners. It identifies capital projects, prioritizes the timing and specifies the funding sources.

Livingston County's Capital Improvements Plan (CIP) is a planning tool, with a goal to identify and schedule capital improvements annually over a six-year period. The CIP is an opportunity to formulate strategic long- term policy decisions that extends beyond the current budget year. The CIP helps track multi-year projects that may require planning, design, land acquisition and construction. The projects identified in the CIP represent the Livingston County's plan to serve residents and anticipate the needs of a growing and dynamic community.

For Livingston County Capital Improvement Plan budgetary purposes, a capital project is defined as:

- **Large in size**
- **Large in cost (in excess of \$50,000)**
- **Lengthy in duration (useful life greater than three years)**

NOTE: Projects that are operational, routine maintenance, or recurring are excluded.

Each year, all projects included within the County CIP are reviewed and a call for new projects is made. Livingston County has undertaken a county-wide inventory of all capital projects since 2003. The Livingston County Board of Commissioners has designated the Livingston County Department of Planning as the lead department in compiling and reporting the data. The Board has also resolved that capital improvement projects must be included in the County CIP as a prerequisite for consideration of County participation in financing.

¹ So, Frank S., et al. Eds. *The Practice of Local Government Planning*. Washington DC: The International City Management Association, 1979. P. 130.

Therefore, in order to make informed decisions, prioritize needs, and plan for fiscal requirements, beginning with the initial Capital Improvement Plan for the County, which was initiated for FY 2018-2023, County Departments are now required to include their capital project requests for the upcoming year(s) in both the Capital Improvement Plan and the annual Operating Budget process.

It is the recommendation of the County's Planning Department and County Administration that the Capital Improvement Plan will therefore be reviewed with the annual Operating Budget Process and that all County Departments with requests for projects with estimated costs in excess of \$50,000 participate in providing the information to be included in the Capital Improvement Plan.

THE LEGAL BASIS FOR A CAPITAL IMPROVEMENTS PLAN

By statute, Michigan Public Act 33 of 2008, also known as the Michigan Planning Enabling Act (MCL 125.3801...125.3885), requires that in the County, as well in cities and villages, after adoption of master plan, the local Planning Commission in that respective municipality shall "annually prepare a 6-year capital improvements program". This is not mandatory in a township unless it operates a water supply or sewage system. Specially, the Act states:

125.3865 Capital improvements program of public structures and improvements; preparation; basis.

(1) To further the desirable future development of the local unit of government under the master plan, a planning commission, after adoption of a master plan, shall annually prepare a capital improvements program of public structures and improvements, unless the planning commission is exempted from this requirement by charter or otherwise. If the planning commission is exempted, the legislative body either shall prepare and adopt a capital improvements program, separate from or as a part of the annual budget, or shall delegate the preparation of the capital improvements program to the chief elected official or a nonelected administrative official, subject to final approval by the legislative body.

The capital improvements program shall show those public structures and improvements, in the general order of their priority that in the commission's judgment will be needed or desirable and can be undertaken within the ensuing 6-year period. The capital improvements program shall be based upon the requirements of the local unit of government for all types of public structures and improvements. Consequently, each agency or department of the local unit of government with authority for public structures or improvements shall upon request furnish the planning commission with lists, plans, and estimates of time and cost of those public structures and improvements.

Therefore, because the County has adopted a Comprehensive Plan, all county departments and funded agencies are required to consult with the County Planning Commission regarding projects it is planning to undertake.

County CIP Plan Development History:

At the January 11, 2010 meeting of the Livingston County Capital Improvement Subcommittee, the County Planning Department was instructed to facilitate the integration of the Capital Improvement Inventory into the County Comprehensive (Master) Plan. The Master Plan is the blueprint for the future, these plans identify economic, land use, and infrastructure development and/or redevelopment, which may include transportation, housing, and public facilities. Regular updates to these plans are imperative to ascertain development or infrastructure needs as local conditions change.

The Committee members were in full agreement that smart infrastructure planning and efficient and effective capital improvement expenditures promote smart community growth. Therefore, linking the Capital Improvement Inventory with the County Master Plan makes firm and logical sense. The Livingston County Board of Commissioners subsequently approved a resolution which integrates the County Capital Improvement Inventory as a supporting document for the County Comprehensive Plan in order to strengthen and lend credibility to both documents for future planning purposes.

Master Plan-Capital Improvement Plan Connection:

Paying attention to financial factors during the development of master plans allows for a smoother transition of long-range plans to implementation and lessens the impact on the CIP and future operating budgets equals less financial/developmental surprises.

Subsequently, to adequately guide the fiscal, operating, and land use needs of the community, the Government Finance Officers Association (GFOA) recommends that finance officers and departments use Master Plans as a framework for capital project requests that go into the CIP.

The GFOA recognizes the role of Master Plans as one of the CIP's important elements. Two of the GFOA recommendations for integrating a community Master Plan with its Capital Improvement Plan are:

- *Master Plans should provide a vision for capital project plans and investments.*
- *Governments should make capital project investment decisions that are aligned to their long-range Master Plans.*

Therefore in order for a community to achieve **SUCCESS / VIABILITY**, it's a two-way street of cooperation between the Master Plan and the Capital Improvement Plan:

<u>PLANNING (The Master Plan)</u>	<u>FINANCE (The CIP)</u>
<ul style="list-style-type: none"> ■ Master Plans provide a vision for the government that should be supported by: <ul style="list-style-type: none"> ○ realistic planning documents ○ solid financial policies targeted for the implementation of stated goals, and ○ trends on the government's accomplishments and progress toward these goals. ■ Such plans forecast the outlook for the government, illustrating the alignment between demand generators, capital improvement programs, and funding policies. ■ In doing so, the Master Plan helps address the management factors that are critical in financial rating analysis and investor communication. 	<ul style="list-style-type: none"> ■ The list of potential projects for inclusion in the CIP comes from a variety of sources, including department requests, plans for facility construction and renovations, long-term capital replacement programs, citizen requests, neighborhood plans and projects for which grant funds are available. ■ CIP projects should always be reviewed for consistency with the government's Master Plan(s). The CIP should be viewed as a financial blueprint that helps prioritize needs to achieve implementation of the public improvements identified in the Master Plan. ■ The level of funding in the CIP defines the financial capacity to reach the desired goals set forth in the Master Plan.

THE BENEFITS OF A CAPITAL IMPROVEMENTS PLAN

All communities need to develop a capital improvements program. With time, public facilities need major repair, replacement or expansion. Maintaining and upgrading a community's capital stock requires significant financial investment, expenditures which are often carried over for many years into the future.

The CIP is first and foremost, a planning tool. It can be quite useful as a primary guide in implementing the Master Plan. With thoughtful foresight and review as a result of a CIP, the many outstanding capital projects that communities are faced with implementing every year, can be viewed as one package, rather than as small, fragmented groups or lists, with no unified sense of focus and direction.

Capital improvements investiture involves a real balancing act for public officials – the need to fund capital improvements must be weighed against other community needs and analyzed in light of community goals. In light of the often uncertain economic conditions currently taking place in the U.S., it is imperative that Livingston County government officials make efficient use of capital resources. Thus the process of capital improvements funding is often difficult and challenging. There are more needs than can be satisfied at once, and the selection of one investment over another may shape the development of the County for years to come. Capital improvements programming is a valuable tool to ensure that choices made for fiscal expenditures are made wisely. There are many benefits of capital improvements programming, they include the following:

- ***Focuses attention on community goals, needs, and capabilities.***

Through capital improvements programming, capital projects can be brought into line with the County's long-range plans by matching identified needs with financial capabilities. Considered individually, a municipal building improvement or land acquisition project may be great ideas. However, each project may appear quite different to County fiscal decision makers when, as they are addressed by means of the CIP process, they are forced to compete directly with other projects for limited capital funds.

- ***Improves the basis for intergovernmental and regional cooperation.***

Capital improvements programming offers public officials of all governmental units within the County (cities, villages, townships, Downtown Development Authorities, County school districts, the Livingston Essential Transportation System, Livingston County Road Commission, etc.) an opportunity to plan the location, timing, and financing of improvements in the interest of the community *as a whole*.

- ***Allows for the optimization of taxpayer's dollars.***

The capital improvements program helps the County Board of Commissioners make sound annual budget decisions. Careful planning of capital improvements helps to avert costly mistakes. In addition, capital planning allows the County to save money in several other ways. For example, typically municipal bond investors tend to look more favorably towards a community which has a CIP process in place; additionally, if bond financing is selected for a capital improvement project, the County has more of an opportunity to realize significant savings on interest. Lastly, the CIP can also provide an opportunity, assuming the required funds are available, for the County to purchase land at a lower cost in advance of construction activities.

- ***Encourages the operation of an effective and efficient County government.***

Scheduling conflicts between County departments for capital improvements are better coordinated through the CIP process, thereby ensuring that no single function receives more than its fair share of resources. The CIP can aid in improving governmental efficiency and effectiveness, through the promotion and encouragement of innovative management techniques.

- ***Enhances opportunities for participation in federal or state grant-in-aid programs.***

By preparing a CIP, the County improves its chance of obtaining aid through federal and state programs that provide funds for planning, construction and financing of capital improvements.

- ***Contributes to the maintenance of a sound and stable financial program.***

Having to make large or frequent unplanned expenditures can place the County in a precarious financial position. Because the CIP includes construction projects which are planned in advance and scheduled at intervals over a number of years, sharp changes in the tax structure or bonded indebtedness can be largely averted. Because the CIP allows ample time for planning, the most economical means of financing each project can be selected in advance.

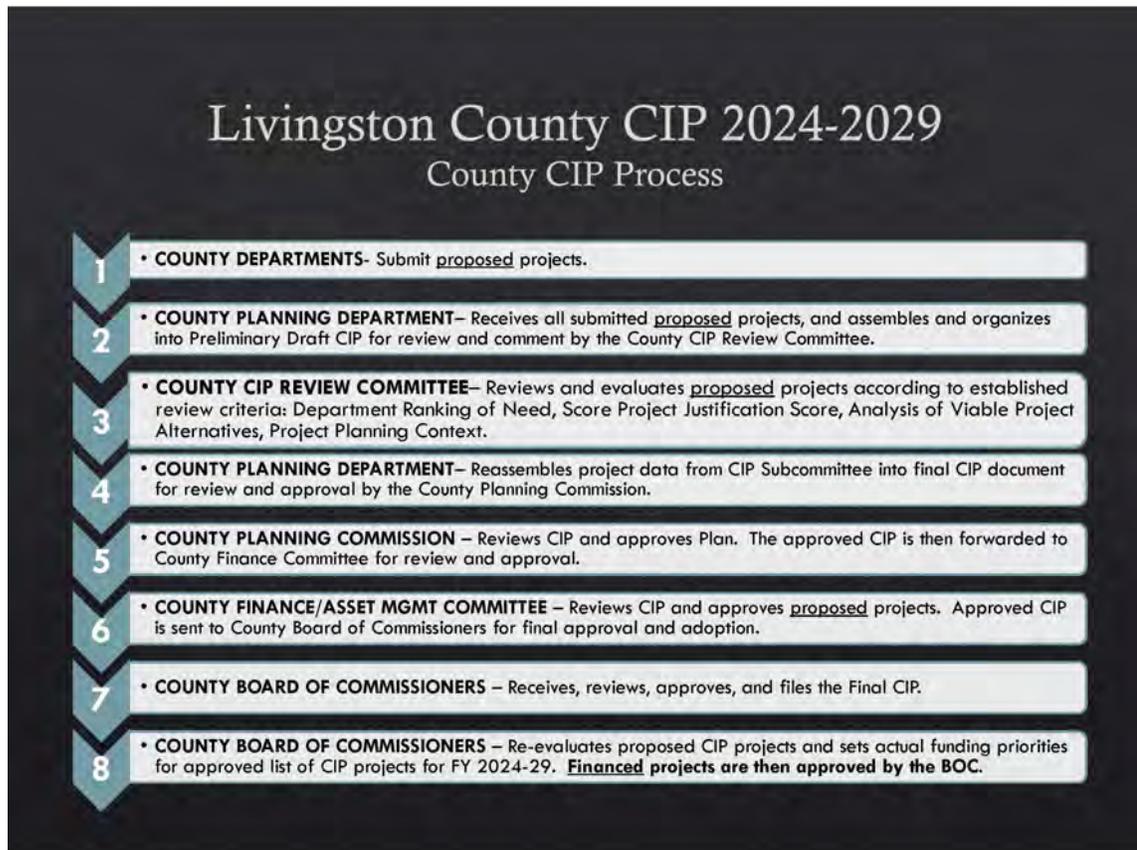

- ***Guides future growth and development in the County.***

Where capital improvements occur and the extents of said improvements help shape the growth of the County. Through utilizing the CIP process, the Board of Commissioners can develop well thought-out policies to guide future land use and economic development. The CIP process adds rationality to capital improvement decisions, thereby easing political decision making by allowing Commissioners the opportunity to weigh various projects against others. This benefit translates directly as the priority-setting element of the CIP process.

LIVINGSTON COUNTY CAPITAL IMPROVEMENT PLAN PROCESS

The CIP is officially reviewed and filed annually by the Livingston County Board of Commissioners. However there are several steps that are taken prior to the final draft of the document that is sent to the Board of Commissioners via the Livingston County Planning Commission (**See ITEM 1 below**).

ITEM 1: Livingston County Capital Improvement Plan Process

STEP 1: To begin the Capital Improvement Plan process, all departments are required to complete a Capital Improvement Plan *Project Information Sheet* for each CIP project being submitted (**See ITEM 2 on the following page**).

The Project Worksheet provides all the essential details related to the individual project. Such items as project expenditures, project descriptions, project alternatives, project ranking of need and project justification. The *Project Information Sheet* is the key informational factor in tracking a proposed CIP project from beginning to its completion. It is an important tool for ensuring that proposed projects are well thought out and based on a realistic appraisal of need

ITEM 2: COUNTY CAPITAL IMPROVEMENT PLAN - DEPARTMENT PROJECT INFORMATION SHEET

Livingston County CIP 2024-2029

Interactive / Fillable PDF - Project Information Sheet

- ◆ Project Name
- ◆ Project Category
- ◆ Submitter/Contact

- ◆ Main Project Description
- ◆ Project Justification

- ◆ Project Alternatives
- ◆ Project Planning Context
- ◆ County Strategic Plan Connection

PROJECT NAME: Snow Removal Equipment Building **PROJECT ID:** 0054-2024-0001

PROJECT CATEGORY: Road/Infrastructure **TOTAL COST:** \$1,000,000

SUBMITTED BY: Mark Johnson **DEPT. RANKING OF NEED:** Support

PROJECT LEAD: Mark Johnson **DEPT. RANKING OF NEED:** [X] CIP Ranking from past CIP

PROJECT DESCRIPTION: Provide a replacement of snow removal equipment including tires, axles, capacity, and weight of a replacement to existing snow removal equipment.

PROJECT LOCATION MAP/PHOTO: Provide photo, diagram, aerial photo, etc.

PROJECT JUSTIFICATION: Snow removal equipment is critical to the safety and efficiency of the county's road network. The current equipment is outdated and inefficient, leading to increased maintenance costs and safety risks. This project will replace the equipment with modern, high-capacity units, ensuring reliable snow removal operations during winter months.

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASE:	PROJECT SCHEDULE:	
	Start Year	End Year
Plan	2024	2024
Design/Procurement/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Provide three alternatives pertaining to the project, including alternatives if the project is not approved by the County Board of Commissioners.

PROJECT PLANNING CONTEXT: Is a project part of a long-term program plan? If the plan is a current document issued by the department? When was the last program plan updated? Is a project in violation of the 5-year County Capital Improvement Plan that is submitted in the CIP? Indicate in which year of the CIP.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: This project aligns with the County Strategic Plan for 2024-2029, specifically the goal of maintaining and improving infrastructure. It also aligns with the County Strategic Plan for 2024-2029, specifically the goal of ensuring the safety and efficiency of the county's road network.

TOTAL		0						

- ◆ Project Number

STEP 2: Next, the County Planning Department receives all submitted projects and assembles and organizes projects into a Preliminary Draft Capital Improvement Plan for review and recommendation by the County CIP Review Committee.

STEP 3: In order to obtain the best overall assessment of each CIP project submitted by County department, the CIP Review Committee consists of representatives of Administration, Finance Department, Information Technology Department, County Sheriff Department, Planning Department, and Facility Services Department.

STEP 4: Following the review by the CIP Review Committee, this body prepares a recommended Draft CIP Plan which is sent to the County Planning Commission for their review and approval.

STEP 5: The County Planning Commission reviews and prepares a Final Approved CIP Plan, by resolution, which is then sent to the County Finance/Asset Management Committee (which is comprised of a portion of County Commissioners) for their review and approval. The Plan is approved at this step, however, all projects are not formally approved for funding at this time.

STEP 6: The County Finance/Asset Committee then reviews and approves the Approved CIP Plan (as approved and forwarded by the County Planning Commission) through formal motion procedures. The document is then sent to the County Board of Commissioners.

STEP 7: This step is where the CIP is formally reviewed and filed through County resolution. Again, it is important to note that this is step is only the formal review and filing of the document. Proposed CIP projects still must go through one more round of examination by the County Board of Commissioners.

STEP 8: In the final step, proposed project are prioritized and reevaluated by the County Board of Commissioners. A final set of projects are then identified by the County Board of Commissioners and formally approved for actual funding consideration as part of the up-coming fiscal year's overall budget.

REVIEW OF PAST AND CURRENT LIVINGSTON COUNTY CAPITAL IMPROVEMENT PLANS

Table 1 below provides a comparison of past and current Livingston County Capital Improvement Plan details:

TABLE 1: ANNUAL COMPARISON OF COUNTY CIP PLANS FOR FISCAL YEARS 2018-2024

ANNUAL SUMMARY OF COUNTY CIP PLANS	CIP PERIOD

Table 2 below provides an overall summary of all proposed CIP project by departments. The table shows how many projects were submitted by each department, the total proposed expenditures for those projects, and the total proposed funding source category for these projects.

TABLE 2: DEPARTMENTAL SUMMARY OF PROPOSED CIP PROJECTS: FY 2024-2029

2024-2029 LIVINGSTON COUNTY CIP 2024-2029 Proposed Departmental Project Summary					
Department	Total Number of Projects	Total Projected Expenditures	Total Projected "Capital-Funded"	Total Projected "ARPA-Funded"	Total Projected "Other Funded"
Drain Commissioner	31	\$ 21,791,500		\$ 5,192,000	\$ 16,599,500
Emergency Services	16	\$ 14,294,700	\$ 2,684,700	\$ 4,150,000	\$ 7,460,000
Information Technology	12	\$ 4,850,700	\$ 1,240,000	\$ 3,510,000	\$ 100,700
Facility Services	9	\$ 1,786,596		\$ 1,786,596	
Sheriff	8	\$ 4,185,000	\$ 3,980,000	\$ 130,000	\$ 75,000
Airport	6	\$ 1,110,300		\$ 292,500	\$ 817,800
Court Central Services	3	\$ 7,525,000	\$ 525,000		\$ 7,000,000
911 Cental Dispatch	3	\$ 1,230,000		\$ 400,000	\$ 830,000
Animal Shelter	2	\$ 3,715,000		\$ 650,000	\$ 3,065,000
Public Health	2	\$ 426,792	\$ 80,000		\$ 346,792
Prosecuting Attorney	1	\$ 7,000,000	\$ 7,000,000		
LETS	1	\$ 2,080,000			\$ 2,080,000
Clerk	1	\$ 490,000	\$ 490,000		
	95	\$ 70,485,588	\$ 15,999,700	\$ 16,111,096	\$ 38,374,792

PROJECT RANKING AND JUSTIFICATION CRITERIA

In order to evaluate fairly each project submitted on its own merit as compared to all other projects submitted by county departments, all CIP Projects are evaluated by the CIP Review Committee relative to the following criteria:

- Department Ranking of Need Score
- Project Justification Score
- Analysis of Viable Project Alternatives
- Project Planning Context

Project Ranking of Need Score

The department submitting a project is required to provide a Project Ranking of Need score to each individual project submitted. Each Ranking of Need criteria is assigned a ranking number, from the lowest of one (1) to the highest of four (4). The ranking point assigned to a project relates to the level of need perceived by the department regarding that individual project.

The Department Ranking of Need criteria are as follows:

<u>Rank Points</u>	<u>Need Criteria</u> (as assigned by submitting department)
0 pts	ON-GOING – Project is on-going from past year's CIP submission.
4 pts	NEW – Project Urgently Needed this year.
3 pts	NEW – Project Urgently Needed, but not necessarily this year.
2 pts	NEW – Project is Important, but not urgent.
1 pts	NEW – Project is optional.

TABLE 3 below provides a breakdown by “Project Ranking of Need” Score of all CIP projects submitted for the **2024-2029 CIP Plan**:

TABLE 3: DEPARTMENTAL PROJECT RANKING OF NEED

<u>Ranking Points – Need Criteria</u>	<u>Number of Projects Submitted</u>	<u>Percent of Projects Submitted</u>
(0) ON-GOING – Project is on-going from past year's CIP submission	51	53.1%
(4) NEW – Project Urgently Needed this year.	24	25.0%
(3) NEW – Project Urgently Needed, but not necessarily this year.	18	18.7%
(2) NEW – Project is Important, but not urgent.	3	3.2%
(1) NEW – Project is optional.	0	0%

Project Justification Score

The department submitting a project is required to provide a Project Justification Score. Each criteria item (A. through E.) is assigned a ranking number, ranging from the lowest rank of zero (“0 – Not Applicable”), one (“1 – Somewhat Important”), two (“2 – Important”), or three (“3 – Very Important”).

A total of fifteen (15) points is the highest possible score attainable. The Project Justification Score aids in prioritizing the most needed or necessary departmental projects overall, as compared to all other proposed projects submitted by an individual department that may be of lesser immediate need to be implemented.

Item	Justification Score:	Justification Criteria Category:	<u>Justification Criteria:</u> <i>Score indicates the degree to which the project will address each criteria</i>
A.	0 to 3 points	Community Health, Safety, Wellness	Project will aid in the overall protection of health, safety, wellness of citizens.
B.	0 to 3 points	Condition of County Infrastructure and Facilities	Project will aid in the general maintenance or will improve public infrastructure, facilities.
C.	0 to 3 points	Energy Conservation and Environment	Project will aid in the reduction of energy consumption, have positive impact on environment.
D.	0 to 3 points	Social, Cultural, Recreational Opportunities	Project will enhance social, cultural, recreational, aesthetics opportunities in the county.
E.	0 to 3 points	Customer Service and Convenience	Project will Improve customer service, convenience for citizens.

TABLE 4 below provides a breakdown of project departmental justifications by overall "Project Justification Score" of all CIP projects submitted for the 2024-2029 CIP Plan:

TABLE 4: DEPARTMENTAL PROJECT JUSTIFICATION SCORE

	Project Justification Score (as assigned by submitting department)														
	"1"	"2"	"3"	"4"	"5"	"6"	"7"	"8"	"9"	"10"	"11"	"12"	"13"	"14"	"15"
Number of Projects Submitted	0	0	1	1	3	15	2	12	13	4	15	18	7	2	3

Analysis of Viable Project Alternatives

The department submitting a project is required to provide three alternatives pertaining to the individual project, in case the project is not funded as proposed by the County Board of Commissioners.

Project Planning Context and County Strategic Plan Alignment

The department submitting a project is required to indicate whether the project is part of a long-term program or plan, such as a Master Plan, Infrastructure Plan, etc., what that specific plan is, and when (year) the plan was approved. In addition the department is required to indicate how the project aligns with the County Strategic Plan goals and initiatives.

Capital Improvement Plan

- SECTION 3 -

**INDIVIDUAL DEPARTMENT
PROJECT SUBMISSION FORMS**

PROJECT NAME: **Snow Removal Equipment Building**

PROJECT ID: **00054-2018-0001**

PROJECT CATEGORY: New Construction **FY 2024 ONLY** **TOTAL COST:** \$ 702,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Mark Johnson **DEPT:** Airport

PROJECT LEAD: Mark Johnson **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Project will be to construct a facility for the storage of Snow Removal Equipment (SRE).

Design and construct a heated building for storage of airport snow removal equipment. Also includes costs for site improvements.

Tha County qualifies for a 2-bay building, constructed to Federal Aviation Administration standards. Doors will be 24' wide or so. Estimate somewhere in the area of 6,000 sq. ft.

County portion of total overall project costs (County: \$813,150 - FY 2023 & 2024) are estimated at:

- * Proposed New Design (FY2023): \$90,000 (FAA portion: \$60,000) = \$150,000 total
- * Site Improvements (FY 2023): \$21,150 (FAA portion: \$380,700, State portion: \$21,150) = \$423,000 total
- * New Construction (FY 2024): \$702,000 (FAA portion: \$1,492,000) = \$2,194,000 total

Overall Project Costs: \$2,767,000 (total FAA, State and Local - County costs)

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: **2018**

0	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
6	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2018	2018
Design/Acquisition/Purchase	2022	2022
Construction	2023	2023

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continue to store equipment in a T-hanger
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This project is included on the 5 year Airport Capital Improvement Plan that is submitted to MDOT-Aeronautics and the FAA.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Taxiway and Apron Rehabilitation - South Apron

PROJECT ID: 00054-2022-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 4,500

Please Leave Blank For Planning Department use only

SUBMITTED BY: Mark Johnson

DEPT: Airport

PROJECT LEAD: Mark Johnson

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Project is to remove and replace asphalt ramp and taxi-lane areas where the pavement is failing. This pavement varies in age from 20+ years to over 50 years. A small portion of the project will involve upgrading the lighting on a taxi-lane that is over 40 years old.

County portion of total overall project costs (County- \$76,800 - FY 2024 & 2025) are estimated at:

- * Service Road Design (FY 2024): County portion \$4,500 (FAA: \$81,000, State: \$4,500)
- * Service Road Construction (FY 2025): County portion \$72,300 (FAA: \$445,000, Discretionary: \$856,400, State: \$72,300)

Overall Project Costs: \$1,446,000 (FAA, Discretionary, State, Local (County))

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

1	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
1	Improve customer service, convenience for citizens
5	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2020
Design/Acquisition/Purchase	2024	2024
Construction	2025	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continue pavement maintenance activities - which will be done in any case
2.	Partial replacement of worst pavements
3.	No other alternatives

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This project is included on the 5 year Airport Capital Improvement Plan that is submitted to MDOT-Aeronautics and the FAA.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.

PROJECT NAME: Acquire Snow Removal Equipment - Front End Loader

PROJECT ID: 00054-2023-0001

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY TOTAL COST:** \$ 0
Please Leave Blank For Planning Department use only

SUBMITTED BY: Mark Johnson **DEPT:** Airport

PROJECT LEAD: Mark Johnson **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Replacement of airport tractor/front end loader snow removal equipment.

Need to determine what will be replaced based on current snow removal equipment inventory funded under the Airport Capital Improvement Program in the past.

Proposed Cost: FY 2029:

FAA share: \$362,900
County share: \$19,100

Total overall cost of project (FAA and County): \$382,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

0	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
0	Improve customer service, convenience for citizens
3	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2023

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2029	2029
Construction	2029	2029

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continue to use outdated equipment, risk of mechanical failures, high risk for critical public transportation mode.
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This project is included on the 5 year Airport Capital Improvement Plan that is submitted to MDOT-Aeronautics and the FAA.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Water Main Extension - County Airport Drive

PROJECT ID: 00054-2023-0003

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 180,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Mark Johnson

DEPT: Airport

PROJECT LEAD: Mark Johnson

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Project is to complete the water main loop along County Airport Drive. The existing water main dead ends, which leads to pressure issues. The Howell Area Fire Department has advised that the loop will need to be completed before any additional buildings can be constructed due to low pressure for fire suppression.

Project would take approximately one month construction.

Overall Project costs: \$180,000
 (2023 estimated price): \$150/lin. ft. X 1,200 feet = \$180,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

PROJECT NAME: Water Main Extension - Grand River Avenue

PROJECT ID: 00054-2023-0004

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 112,500

Please Leave Blank For Planning Department use only

SUBMITTED BY: Mark Johnson

DEPT: Airport

PROJECT LEAD: Mark Johnson

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Project is to complete the water main loop along Grand River Avenue, between Crosswinds Aviation and LETS complex.

The existing water main dead ends, which leads to pressure issues.

The Howell Area Fire Department has advised that the loop will need to be completed before any additional buildings can be constructed due to low pressure for fire suppression.

Project would take approximately one month construction.

Overall Project costs: \$112,500
 (2023 estimated price): \$150/lin. ft. X 750 feet = \$112,500

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
0	Improve customer service, convenience for citizens
6	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2023

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2021	2021
Design/Acquisition/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Fire , health and safety hazard to continue without addressing this need as soon as possible.
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This project is included on the 5 year Airport Capital Improvement Plan that is submitted to MDOT-Aeronautics and the FAA.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Election Voting Equipment

PROJECT ID: 21500-2024-0001

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY TOTAL COST:** \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Elizabeth Hundley **DEPT:** County Clerk

PROJECT LEAD: Joe Bridgman **DEPT RANKING OF NEED:** [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Our current voting system is in its 7th year. This CIP is in preparation for the purchase of a new voting system. The life of a voting system is 10-12 years. After 10 years the secretary of state may require that a new voting system needs to be purchased. The secretary of state is required to notify the County Clerk.

This would include voting system hardware, firmware, software and service from an approved vendor, which is currently Hart InterCivic. The vendors that we are authorized to purchase a voting system from must be approved by the state board of canvassers. In the past we had three vendors to select from.

No cost for 2024.

Estimated Costs: \$425,000 for FY 2027

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
0	Maintain or improve public infrastructure, facilities

6	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2027	2027
Construction		

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	We must purchase from the vendors that the state board of canvassers certify.
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

The state of Michigan in the past has gone out to bid for the voting systems and the county has to pick from the winning bidders. In 2017, there were three winnings bidders. Livingston county choose Hart InterCivic.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Record Storage Expansion (On-Base)

PROJECT ID: 22800-2019-0002

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 341,700

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer **DEPT:** Information Technology

PROJECT LEAD: Carol Weaver **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

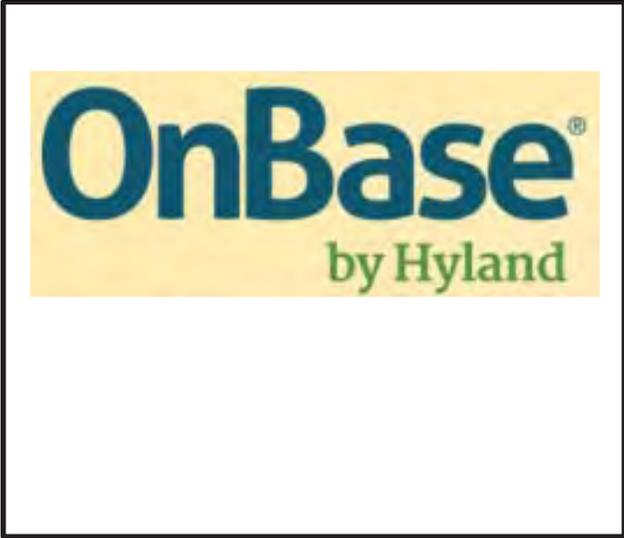

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

OnBase is the Livingston County de-facto ECM (imaging) software standard. See Resolutions 2014-12-330 (FoC/Circuit Court Clerk), 2018-01-011 (permitting departments), 2018-03-042 (Sheriff Personnel records). These solutions benefit the county by processing documents efficiently for current use and speedy retrieval for future use, eliminating paper storage, and providing a priceless backup of paper documents. It creates efficiencies in OnBase offices.

OnBase is currently used by Circuit Court Clerk's Office, Friend of the Court, Judicial Staff, Sheriff's Office, and Drain Commission. IT Staff is also researching alternatives to this particular vendor.

We are establishing a foundation for the State of Michigan (SCAO) eFiling initiative (AKA MiFile) using a vendor's resources to assist in designing and implementing OnBase solutions, in remaining courts/divisions.

There is pending legislation requiring courts to allow free internet access to court documents for non-expunged cases. The court projects will provide a vehicle for that access.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2021

1	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
2	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2023	2025
Construction	2022	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Retain status quo, use inefficient paper processes. We'd have to implement when the SoM implements eFiling in Liv. Cty.
2.	Use another imaging product. Benefit of shared product would be lost, user to user/IT support.
3.	Wait to implement, see #1

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

These projects are part of a long term goal to improve efficiencies in the county and provide safeguards to county documents.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: **Wi-Fi Access Point replacement**

PROJECT ID: **22800-2021-004**

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 80,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer **DEPT:** Information Technology

PROJECT LEAD: Tim Miles **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The County is currently utilizing 2 separate platforms for Wi-Fi networks throughout county buildings. These network devices range in age from 2 to 14 years old. One of systems is currently run by 10-year-old controllers and is out of date. The network is unable to be updated or upgraded without abandoning Wireless access points at county buildings. The Wi-Fi systems are an important part of our technology infrastructure for staff and the public. Standardizing the Wi-Fi platform will ensure longevity and scalability and would also ease administration and Wi-Fi access for staff and the public.

Year needed 2023 Q 2
 Expected Life Cycle: 7-10 years
 Total Estimated Cost: \$80,000 (Est Quanty 55)

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2018

2	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2023
Design/Acquisition/Purchase	2021	2023
Construction	2022	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continue on existing systems risk difficulty using Critical Wi-Fi for County Guests and Staff
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.

PROJECT NAME: Security Camera System Upgrade

PROJECT ID: 22800-2021-0005

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 50,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kris Tobbe **DEPT:** Information Technology

PROJECT LEAD: Kris Tobbe **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston Counties is currently using 2 separate camera platforms one of these are over 10 years old, one of systems cameras is an inexpensive foreign brand with potential security flaws and one which is a stable secure system that more than adequately suits the needs of the county today and for the next five to ten years. Standardizing the platform and the operations will allow for more secure management, smooth ease of use and improve usability and functionality. Electronic camera systems became the standard in the county over 15 years ago, 1 system is beyond its life span, that system is in a constant state of failure & we need to plan for replacement before a unrecoverable failure happens and expand the storage for the existing system to accommodate the increase in storage loads.

Expected Life Cycle: 5-7 Years
 Year needed:
 2023 Estimated Cost: \$200,000
 2024 Estimated Cost: \$50,000
 Total Estimated Cost: \$250,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities

PROJECT NAME: **Battery Backup Replacement**

PROJECT ID: **22800-2022-0002**

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 80,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Kris Tobbe **DEPT:** Information Technology

PROJECT LEAD: Tim Miles **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The County is currently utilizing battery backup systems to condition power and safe guard critical information technology components throughout county buildings. These battery backups range in age from 3 to 14 years old. As a means of preventative maintenance before critical power failures occur it is recommended that Livingston County begin a best practices backup replacement of the oldest devices first, standardizing the systems, pro-actively monitoring and testing the systems to ensure longevity and scalability this move would also ease administration.

Expected Life Cycle: 7-10 years
 Year needed
 Total Estimated Cost: \$160,000
 2023 Estimated Cost: \$80,000
 2024 Estimated Cost: \$80,000

Replace:
 Two (2) large batteries and fifteen (15) small batteries.

PROJECT NAME: Door Access Software

PROJECT ID: 22800-2022-0007

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 50,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kris Tobbe **DEPT:** Information Technology

PROJECT LEAD: Kris Tobbe **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The County is currently operating on 3 separate door access systems. This arrangement makes it difficult to manage employees moving between buildings and departments. 2 of the systems have been in place for over 10 years. More importantly, 2 of the systems are at end of life and are difficult to support. This project has been spread over 3 budgetary years to smooth the cost and project management of this cut over.

Year needed 2023Q 2-3 2023 Q 1-3
 Expected Life Cycle: 5-7 years
 Total Estimated Cost:
 2023: \$200,000
 2024: \$50,000
 Facilities and Departments:
 Administration Department, East Complex (Heath, Environmental, Building Inspection, Drain), EMS Main Building, EMS Brighton Substation, Sheriff, Jail, Facility Services, Law Center, LETS

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
0	Improve customer service, convenience for citizens
7	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2022
Design/Acquisition/Purchase	2021	2023
Construction	2021	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	The current system is functional, do nothing until it fails completely
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Electronic door systems became the standard in the county over 15 years ago, the gateways are beyond their life span, the systems are in a constant state of failure & we need to plan for replacement before a unrecoverable failure happens.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Data Center Expansion & Software True up

PROJECT ID: 22800-2023-0001

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 175,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer

DEPT: Information Technology

PROJECT LEAD: Tim Miles

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

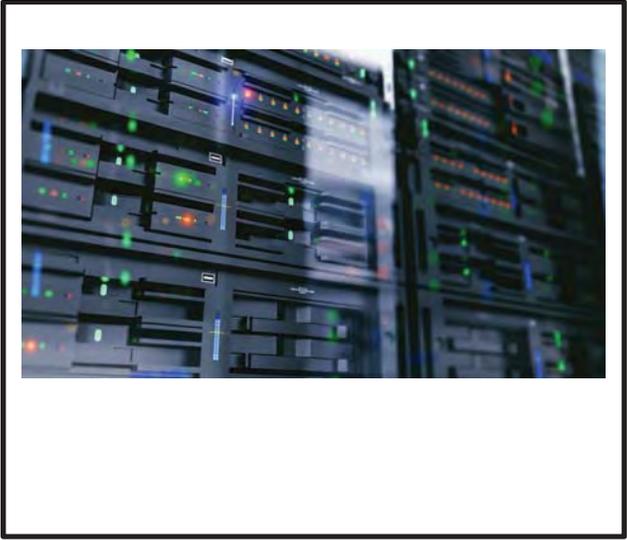

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The Livingston County main data center was upgraded in summer of 2020. The new infrastructure and architecture was purchased in Q2 of 2020 and deployed in Q3 of 2020. This new system is a state-of-the-art system with remote survivability of both data and servers. This system is designed to be a bolt on expansion system and would help to smooth the need for future expansion. This is a mission critical system and reduced our server disaster recovery time from 7 – 10 days to 12 hours or less.

We are recommending adding 4 additional servers 2x2 to the existing systems and a operating system upgrade in 2024 then beginning a dual or quad server enhancement or replacement each year after that from 2025 – 2027 effectively adding servers one year then retiring the two oldest servers that have been in production for the longest period the following year, effectively smoothing the cost impacts on the County budget process.

Year Completed 2024 Q 2-4
 Expected Life Cycle: 6 -8 years rolling

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2021

2	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2021
Design/Acquisition/Purchase	2020	2021
Construction	2020	2027

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continue on existing systems without expanding, risk running out of storage, memory, or processor power
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Drive expansion and server growth was predicted as part of the new data center and slower gradual growth keeps from needing to do large singular purchases in one year smoothing the cost curve.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Cyber Security Enhancements Renewal or Replacement

PROJECT ID: 22800-2023-0002

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 350,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer

DEPT: Information Technology

PROJECT LEAD: Tim Miles

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston County has utilized a Cyber Security platform for internal cyber security for the past few years. This system utilizes enterprise immune system & uses proprietary machine learning algorithms to build a so-called pattern of life for every network, device, and user within an organization. It then employs correlation techniques to classify and cross-reference these models, establishing a highly accurate understanding of 'normal activity' within that particular environment.

Palo Alto license up for renewal in 2024. Costs for renewals are increasing. This proposal has both a hardware and software cost.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2018

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
10	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2019	2023
Design/Acquisition/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Keep existing outdated cyber security platform in place, this raises number of cyber security risk factors
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This project is part of a continued diligent effort and both long and short term technology planning to continue to maintain high cyber defenses for Livingston County.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Fiber Optic Systems, Inventory & Maintenance

PROJECT ID: 22800-2023-0003

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 100,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer

DEPT: Information Technology

PROJECT LEAD: Tim Miles & Austin Smith

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

The County is part of a fiber optic consortium consisting of local and educational organizations in Livingston county. This consortium owns, operates and maintains this fiber optic cable network that connects to many local governments, public safety and school facilities. It is recommended that in preparation for any future broadband expansion that this entire fiber optic network be inventoried, accurate as built drawings be collected and developed, and any repairs that are known and unknown be conducted. Additionally, there is major MDOT road work being done on US 23 that will impact current cable locations that may need to be moved. Interest has been expressed by LESA in assisting in this project. This project is for maintenance to currently installed fiber.

There is potential for partnership with LESA for 50% of County's share for ERate.

Year needed 2024 Q 1-4
 Expected Life Cycle: 10-15 years
 Total Estimated Cost: \$175,000
 2024 Estimated Cost: \$100,000
 2025 Estimated Cost: \$75,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Public Safety Core Switch

PROJECT ID: 22800.2023.0004

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 140,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer

DEPT: Information Technology

PROJECT LEAD: Austin Smith

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The current Cisco Core 4500x switch 3 years beyond end of life and Cisco no longer supports the firmware upgrades for this switch after October of 2023. There is a 8-year life cycle of core switches. The need to keep up with security patches and system requirements in our technology infrastructure is essential. Cisco's Catalyst 9400 series switches are purpose-built platforms and are designed for full fabric control with Cisco Digital Network Architecture and Software-Defined Access. The benefits of replacing the current switch with the next generation platform includes increased scale and performance and a better mix of variety of higher speeds with the longevity of future upgrades without the need to replace the switch.

Scale and Performance Better mix of variety of higher speeds with the longevity of future upgrades without the need to replace the switch. (480Gbps). Sheriffs system put in 2018 is at near capacity. Allows for future expansion. This is a necessary upgrade for public safety and west complex

Year needed 2024 Q 2-4
 Expected Life Cycle: 7 -9 years
 Total Estimated Cost: \$140,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2022

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2021	2021
Design/Acquisition/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Wait for the current network core to have an outage to replace it
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

This is part of a plan to keep the Livingston County information technology network up and running for County business

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.

PROJECT NAME: Data Storage Expansions

PROJECT ID: 22800-2024-0001

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 75,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer

DEPT: Information Technology

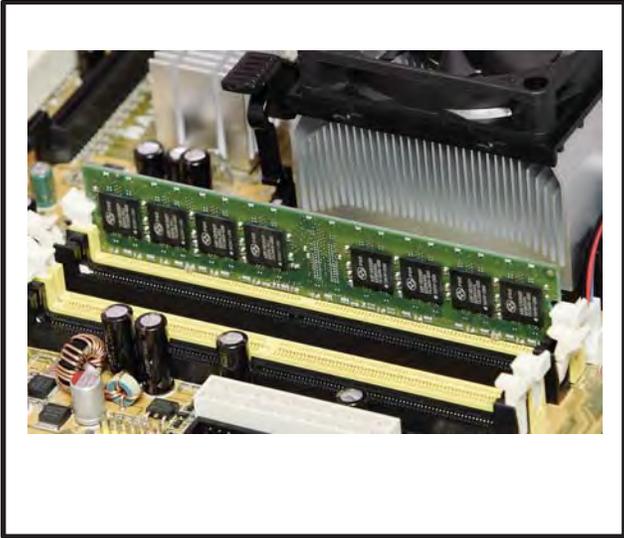

PROJECT LEAD: Tim Miles

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston County currently operates a new data center purchased in 2019 & 2020. It is important to grow storage capacity to meet the ever rising need of departments. In just over 3 years the over 50% of the storage purchased initially has been consumed. The data center servers were built in a way that allowed for additional storage capacity to added easily in a cost effective method over time as County data consumption grew. We are recommending increasing storage capacity by adding additional drives to the existing environment in 2024.

Refer also to Project ID: 22800-2021-0002

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2022

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
1	Improve customer service, convenience for citizens
9	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2021	2021
Design/Acquisition/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Use a pay as you go and wait to purchase storage, costly and difficult to predict with todays supply chain issues
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Drive expansion and server growth was predicted as part of the new data center and slower gradual growth keeps from needing to do large singular purchases in one year smoothing the cost curve.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

DEPT: Information Technology

PROJECT LEAD: Kristoffer Tobbe

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The Livingston Public Safety Computer Aided Dispatch system has been in place since 2009. This system is a centralized system used by all public safety (Central Dispatch, Sheriff's Office, Police, Fire, EMS, Emergency Management) agencies in the County, to promote mutual aid, collaboration, consistency in reporting, as well as efficient safe and secure dispatching and monitoring. The costs of the system are shared throughout these agencies based on a series of usage factors. This system is managed and maintained by the Livingston County Information Technology department. The current system is difficult to update and patch which is required to comply with Local, State and Federal legislative or policies. The adverse impacts of these updates and patched frequently impact other areas of service usage for the current system. It is recommended that Livingston County consider upgrading the current system or migrating to another system.

PROJECT NAME: Network Switch Replacement

PROJECT ID: 22800-2024-0003

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY TOTAL COST:** \$ 100,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Kristoffer L. Tobbe Chief Information Officer **DEPT:** Information Technology

PROJECT LEAD: Tim Miles & Austin Smith **DEPT RANKING OF NEED:** [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston Counties Information technology backbone is made up of over 102 network switches. Network Switches are local switching points or traffic cops at each of the ends of the network nodes. Switches have a 6-8-year life span on average. There are many benefits to upgrading a switching network. The benefits are listed below. There are many benefits to upgrading a switching network including increased network speed, resiliency, security, and updates.

Network speed increases:
 Current Switches range between 100M and 1000M

Resiliency
 Security
 Updates

Year needed 2024 Q 2-4 2025 Q 1-3
 Expected Life Cycle: 7-9 years
 Total Estimated Cost: \$150,000
 2024 Estimated Cost: \$100,000
 2025 Estimated Cost: \$50,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
2	Improve customer service, convenience for citizens
10	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2019	2021
Design/Acquisition/Purchase	2020	2022
Construction	2022	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Wait to replace the end points until there is a failure of a remote switch
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Network switches have a life span of 6 to 8 years and Livingston County is working through a process to develop a lifecycle

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: **Rooftop HVAC Replacements - Jail**

PROJECT ID: **26500-2022-0001**

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2023 ONLY TOTAL COST: \$ 100,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

This project is to replace rooftop HVAC units that are past their useful life. These rooftop units maintain air quality and condition the space in public spaces, and employee work areas.

\$100,000-Jail: 7 units to be replaced as part of ongoing phasing of new HVAC equipment under the county CIP.

Cost for this project was quoted from our current HVAC contractor, William E. Walter.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: **2023**

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

The BOC allocated \$1,622,477 for Facilities Services projects.

\$1,490,881 of that has been expended and ARPA projects submitted, but are still pending approval. "HVAC Equipment and Control system replacements"

This project is requesting that the remaining \$131,596 of facilities ARPA allocated funding be continued forward into 2024. As previously defined to the BOC these funds will be utilized to replace HVAC and control systems at the Animal Shelter building. If a new Animal Shelter is purchased around or before 1/1/2024 the funds and needs will be re-valuated and utilized for other HVAC equipment in Livingston County buildings.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
1	Improve customer service, convenience for citizens
8	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2023	2023
Design/Acquisition/Purchase	2023	2023
Construction	2023	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Build new building with new HVAC
2.	Repair/ replace as needed with increased cost
3.	do nothing

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Allocated FS ARPA funding carried over until completely expended.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Boiler System and Compound Replacements Judicial Law ROD

PROJECT ID: 26500-2023-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 240,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

This project consists of replacing boiler systems and components in Livingston County facilities that are past their useful life expectancy. These boilers are a crucial part of the HVAC systems utilized in public and employee work areas.

The following boilers and components to be replaced are as follows.

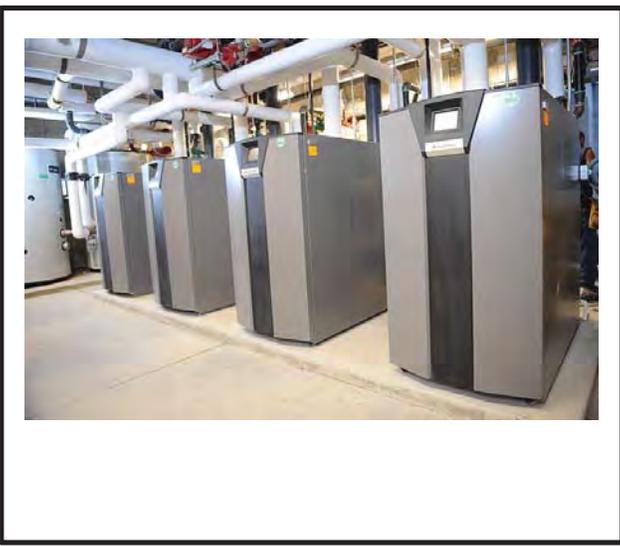

\$120,000- Judicial Center Circuit Court wing Boilers

\$70,000- Law Center whole building Boiler

\$50,000 -ROD: 5 unit ventilators on 3rd floor for heating/ cooling workspaces and public areas

Cost for this project was quoted from our current HVAC contractor.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Elevator Replacement Project

PROJECT ID: 26500-2023-0004

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2023 ONLY TOTAL COST: \$ 300,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

This project is to replace elevators at the Historic Courthouse and Administration building.

The elevators are past their useful life expectancy, and parts to repair them are becoming obsolete.

\$150,000- Historic Courthouse planned for FY 2024

\$150,000- Administration planned for FY2028

The cost of these elevator replacements was provided under our current contract with OTIS Elevator.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: **Portable Generator and Transfer Switch**

PROJECT ID: **26500-2023-0005**

PROJECT CATEGORY: Capital Equipment **FY 2023 ONLY TOTAL COST:** \$ 300,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston **DEPT:** Facility Services

PROJECT LEAD: Kevin Eggleston **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

This project is to procure a portable generator to supply electrical power for a county building in the event of a utility line failure. This portable generator is mounted on a trailer with an attached fuel tank, making it possible to set up anywhere supplemental power is needed.

This generator will be able to supply self-sustained power at full load for approximately three days on one tank of fuel, or indefinitely with appropriate fueling sources. The ability to power emergency lighting systems and critical HVAC heating components during seasonal cold weather are among the many benefits to having this acquiring this portable generator system.

This generator has been sized to handle only critical heating and emergency lighting components of large buildings and can power all or the majority of components for the smaller sized facilities.

This project has been quoted by our Generator contractor, Ancona Controls.

Unit will be stored in Facilities Services shop when not in use.

PROJECT NAME: Hillcrest 911 Tower Updates

PROJECT ID: 26500-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 50,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston/ Kecia Williams

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

This project is to provide much needed updates to the critical infrastructure known as the Hillcrest 911 tower building. The service building is in need of major upgrades and rehab. The County owns the tower and the building.

The building currently has a failing roof, failing HVAC systems, and a fire monitoring system in need of servicing and/or replacement. Other building attributes are also in need of repair such as lighting, interior finishes, concrete crack sealing, and various electrical replacements.

Roof-\$10,000
 HVAC-\$25,000
 Fire system- \$5,000
 other- \$10,000

Hillcrest is the primary site for the Fire, and EMS paging system. If this site is to fail it takes down all communication with public safety and other life saving entities.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2024	2024
Design/Acquisition/Purchase	2024	2024
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Build new building at tower location with all necessary equipment
2.	Move operation to another site
3.	Do nothing and risk 911 and public safety communication issues.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

PROJECT NAME: Exterior Door Replacements

PROJECT ID: 26500-2024-0002

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 100,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

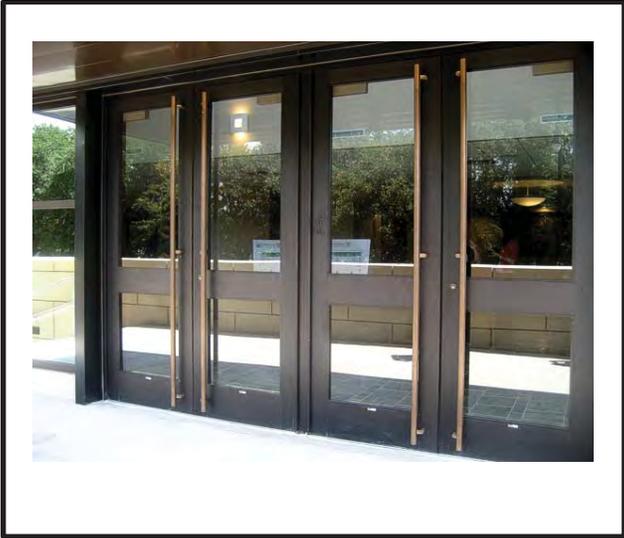

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

This project is to replace worn and past useful life exterior doors in several County buildings. Due to the nature of being in Michigan, many of the County exterior doors have endured heaving bases, salt corrosion, and many other conditions that wear on them heavily.

Locations of doors to be replaced include, but are not limited to; Sheriff Department, Judicial Center, Law Center, East Complex, and Administration.

Cost provided is based on previously completed replacements.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

PROJECT NAME: Facility Services Asset Management Plan

PROJECT ID: 26500-2024-0003

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 95,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston

DEPT: Facility Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

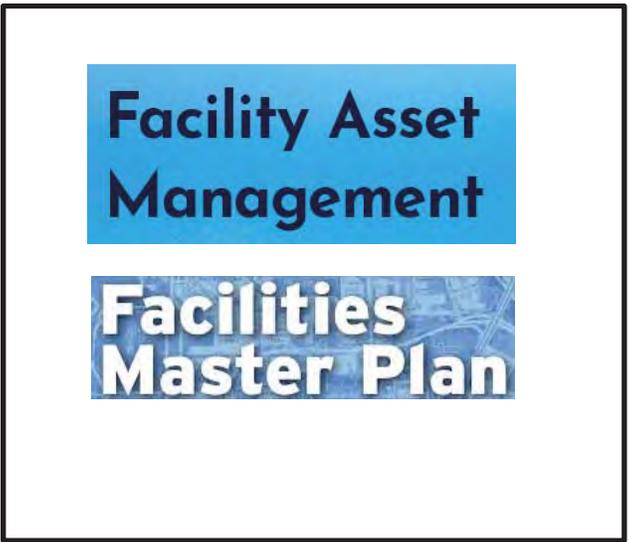

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Facility Services has a need for an asset management plan to prepare and forecast expenditures for years to come. The goal is to build a ten year outlook on all aspects of County owned building envelopes, which will help support all county departments and services.

The asset management plan assessment will begin with our oldest buildings which are in more need of attention and updates.

The assets being assessed under this plan will include; but are not limited to HVAC, plumbing, electrical, structural, site conditions, and many others that fall under a building envelope.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Prosecutor Offices Expansion At Judicial Center

PROJECT ID: 26700-2024-0001

PROJECT CATEGORY: New Construction **FY 2024 ONLY** **TOTAL COST:** \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: David Reader **DEPT:** Prosecuting Attorney

PROJECT LEAD: Facilities & Board of Commissioners **DEPT RANKING OF NEED:** [2] NEW: Important but not Urgent

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

8,000 to 10,000 square foot build out for new prosecutor office adjacent to existing circuit court facilities in Howell as part of the court expansion project. Additional money for furnish and finish.

It is anticipated that additional prosecutors will be needed as work loads increase with existing cases and as the county grows and becomes more suburban. The changing population with more dense concentrations of population result in greater frequency of criminal conduct.

This project budget projection is based from a square footage calculation provided by Lindhout Associates for construction cost at \$550-700 per sq/ft based on Judicial Expansion proposal estimates which includes all mechanical/ electrical/ plumbing/ furnishing and I.T. allowance.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
3	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
15	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2024	2024
Design/Acquisition/Purchase	2025	2025
Construction	2026	2026

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Stay in inadequate infrastructure
2.	Reduce standards for prosecution and not charge some cases
3.	Allow crime without consequence

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Strategic Plan

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

Category:	Action Item:
Infrastructure (INF)	(INFRASTRUCTURE) County Security Needs and Consolidation
A Healthy County (HC)	(HEALTHY COMMUNITY) Healthy Workforce
Healthy Finances (HF)	(HEALTHY FINANCES) Collaboration

TABLE A. PROJECT FUNDING SCHEDULE: (In \$1,000s):

PROJECT NAME: Lake Chemung - Edwin Drive Drain

PROJECT ID: 27500-2019-0004

PROJECT CATEGORY: New Construction

FY 2024 ONLY TOTAL COST: \$ 600,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

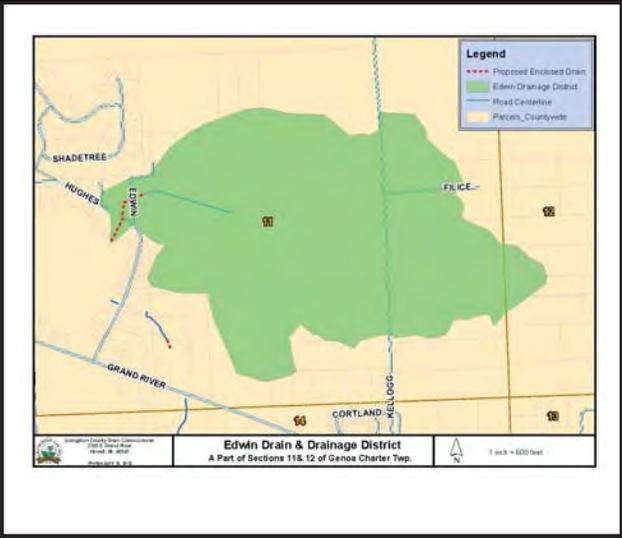

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Blocked private tile of the northeast side of Lake Chemung resulted in a 1995 petition that was abandoned, but resurrected a second time in 2012 due to a recurrence of the historical tile blockage. Existing private drain proceeds from Edwin Drive down to Lake Chemung on a private lot.

A new easement will be required to take drainage down to Lake Chemung in a new pipe, with the majority of the remainder of the work to occur in the right of way of Edwin Drive. The City of Detroit owning a major residual piece of property west of Kellogg Road presents an impediment to equitable assessment of the project.

ARPA funding request of \$300,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2019

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2017	2022
Design/Acquisition/Purchase	2022	2023
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Project determined necessary by Board of Determination, so no BOC approval necessary.
2.	Alternative to a 2 year storm design is a 10 year design (cost prohibitive), or
3.	Replace with Like size pipe (which does not take into account land use changes)

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Orchard Park Intercounty Drain

PROJECT ID: 27500-2019-0008

PROJECT CATEGORY: New Construction **FY 2024 ONLY TOTAL COST:** \$ 200,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest **DEPT:** Drain Commissioner

PROJECT LEAD: Ken Recker **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Petition for an intercounty drain by residents of the Orchard Park Condo in Tyrone Twp. This condo was developed in 1998-1999 with a small private road and seventeen residential condos units served by a retention basin. The basin was sized to serve a 50 acres, which was later found in 2007 or so to have a watershed area closer to 200 acres, including lands in Fenton Twp (Genessee Co). Litigation was initiated in 2015 by one of the condo owners most severely impacted by the flooding.

The Drain Commissioner was subsequently dismissed from the litigation. Counsel for the condo assoc recommended the Homeowners Assoc execute petitions pursuant to Chapter 5 and 6 of the Michigan Drain Code to Establish an intercounty drain. Following receipt of the 1st and 2nd petitions the intercounty drainage board found the project to be necessary on 4/11/18. Currently we are acquiring final easement negotiating environmental permits from the State of Michigan.

ARPA Funding Request of \$700,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:

PROJECT NAME: Love Drain

PROJECT ID: 27500-2020-0001

PROJECT CATEGORY: New Construction

FY 2024 ONLY TOTAL COST: \$ 600,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

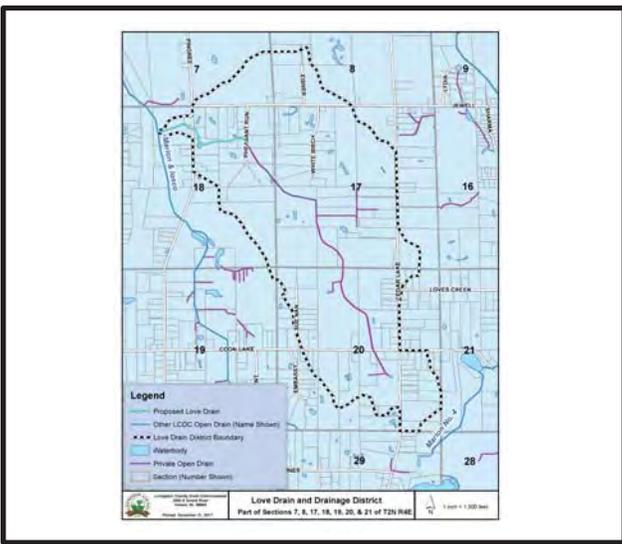

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Board of determination found drain necessary in July 2018. Drain will be a primarily open drain, serving an area of approximately 1200 acres in Sections 7, 8, 16, 17, 18, 19, 20, & 21 of Marion Township. Land uses are generally 2 to 5 acre residential lots, with smaller operational farms in the area bounded by Coon Lk. Road to the S, Cedar Lk. Rd. to the E, Jewell Rd. to the N, & Pingree to the W.

A preapplication meeting with the Michigan Department of Energy, Great Lakes, and Environment in October of 2020 indicated establishment of the full length of the drain would undergo significant hurdles from an environmental permitting perspective and would likely require the acquisition of significant wetland mitigation acreage. Therefore the project scope has been adjusted to reflect a smaller length of established county drain.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

PROJECT NAME: Brighton No. 4

PROJECT ID: 27500-2021-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 750,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The Brighton No. 4 Drain was established in 1944 as a tile drain to serve the agricultural community north of the Village of Brighton along what was at the time known as US-23 (is now Old US-23). The watershed that discharges to this system has seen substantial development over the years, particularly following freeway construction in the 1960's. This project will replace the existing 12 to 18" pipe with pipe 24 to 36" inches in diameter, thereby providing drainage service approximately equivalent to the 5 year (20% chance) storm event.

Issues associated with repeated home flooding near the drain outlet at School Lake were addressed in the Winter of 2020/21. The remainder of system construction was anticipated to be completed in 2022, but is now expected to be finished in 2024. ARPA Funding request of \$500,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2019	2020
Design/Acquisition/Purchase	2020	2023
Construction	2023	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continued frequent emergency repairs of failing portions of the enclosed and open drainage system.
2.	Do nothing. Violates our statutory obligations under MCL 280.196.
3.	Project determined necessary by Board of Determination pursuant to MCL 280.191 so no BOC approval is required.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT NAME: Winans Lake Drain

PROJECT ID: 27500-2021-0002

PROJECT CATEGORY: New Construction

FY 2024 ONLY TOTAL COST: \$ 300,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

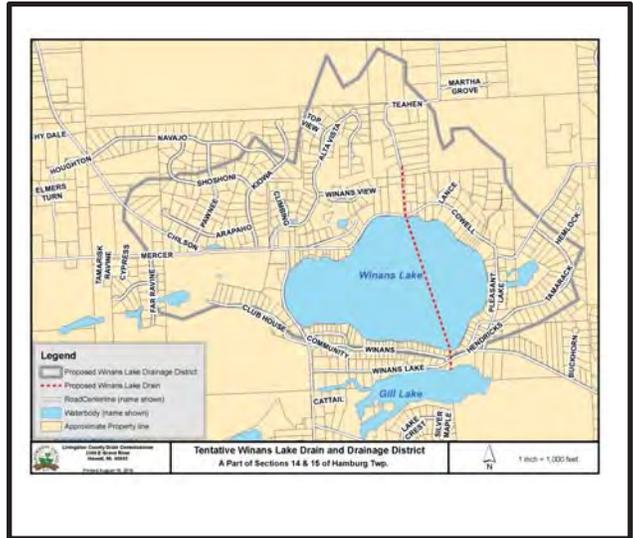

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Winans Lk is a private lake in Sec. 14 & 15 of Hamburg Twp., where a historical marker exists noting the connection to Governor Edwin B. Winans on the south side of the lake. Historically, soil erosion and sedimentation problems are associated with the north side of the Lake, due to gravel roadways serving properties on the north side of the Lake. In 1996 the Road Comm did a report on managing this sedimentation, and efforts were made to relocate Cowell Rd further to the north.

However, the project was not completed. Recently, the residents which form the lake assoc executed petitions under Ch 3 & 4 of the Michigan Drain Code. WadeTrim has been retained to perform prelim eng associated with this petition. The objective of the project, should a Board of Determination find the project necessary, would be to construct improvements reducing sedimentation and erosion into the lake.

ARPA funding request of \$700,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

1	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2020

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2021
Design/Acquisition/Purchase	2021	2024
Construction	2024	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Do nothing. This will allow for continued sedimentation off the gravel roads to degrade Winans Lake.
2.	Explore options for improving gravel roads. Significant expense would require upgrading of roads to modern criteria.
3.	Do project privately or under another statute (Lake Improvement). Nature of problem difficult to fix privately.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

FIRST YEAR PROJECT INTRODUCED INTO CIP:

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2026	2026
Construction		

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1. Drain Commissioner has a jurisdictional obligation to maintain/clean drains
2. Work could be contracted out to private company, but this would hinder the Drain Commissioner's ability to respond
3. to emergency situations. This could also lead to inefficiency when scheduling/planning drain maintenance.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Anticipated replacement of existing 2021 Vactor. Trade-in value of \$210k reduces capital outlay to approx. \$315k.

PROJECT NAME: Marion No. 3 Drain

PROJECT ID: 27500-2023-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 650,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

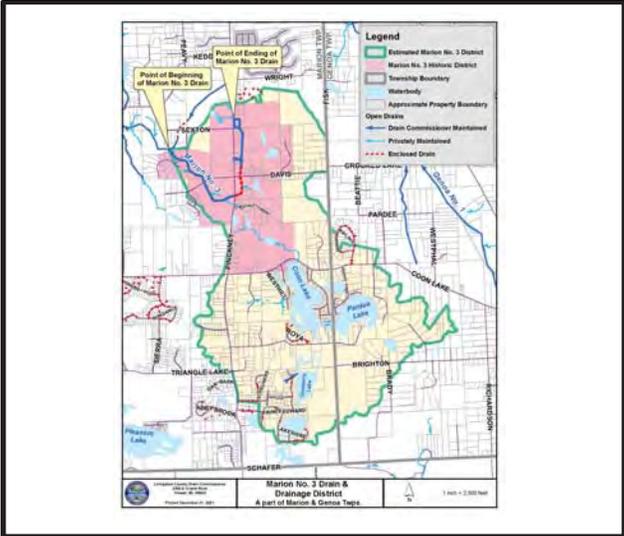

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Drain initially established in 1885 for agricultural purposes on the east side of D-19, then extended westward in 1947 in an effort to pick up grade and improve agricultural use in the district. Similar to other county drains, the watershed that discharges to this system has seen substantial development following the construction of I-96 in the 1960's. The project will replace the existing 15" drain tile east of D-19 and north and south of Davis Road with pipe 24" to 36" in diameter, improving drainage service dramatically. Additionally a washed out control structure which outlets to the drain south of Davis Road will be replaced, and an undersized crossing on Chestnut Creek Drive which was allowed to remain by the State of Michigan will be augmented to reduce flooding of a nearby basement.

\$125,000 in ARPA funding requested for a portion of this project.

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2022

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2022
Design/Acquisition/Purchase	2023	2023
Construction	2023	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Continued frequent emergency repairs of failing portions of the enclosed and open drainage system.
2.	Project determined necessary by Board of Determination, so no BOC approval necessary.
3.	Do nothing alternative will result in litigation.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

Category:	Action Item:
Infrastructure (INF)	(INFRASTRUCTURE) Ensure Safe Services
A Healthy County (HC)	(HEALTHY COMMUNITY) Healthy Community
-----	-----

TABLE A. PROJECT FUNDING SCHEDULE: (In \$1,000s):

PLEASE NOTE: In blanks below: For \$100: use "\$0.1", For \$1000: use "\$1.0", For \$10,000: use "\$10.0", For \$100,000: use "\$100.0", For \$1,000,000: use "\$1,000.0", For \$10,000,000: use "\$10,000.0"

Funding Source Name	Org Code / Object Code Format Example: "10172100/860000" ("org code/object code")	Totals Prior Years	Year 1 FY 2024	Year 2 FY 2025	Year 3 FY 2026	Year 4 FY 2027	Year 5 FY 2028	Year 6 FY 2029	Totals Beyond FY 2029	TOTALS FY 2024 to FY 2029
Special Assessments	Const/Debt Fund	\$850.0	\$ 525.0							\$ 525.0
- Note/Bond Issue	TBD									\$ 0.0
ARPA Funding			\$ 125.0							\$ 125.0
										\$ 0.0
TOTALS		\$ 850.0	\$ 650.0	\$ 0.0	\$ 650.0					

TABLE B. CURRENT OPERATING COSTS: (In \$1,000s): Provide current cost estimates relating to the annual impact of this project on the operating budget.

PLEASE NOTE: In blanks below: For \$100: use "\$0.1", For \$1000: use "\$1.0", For \$10,000: use "\$10.0", For \$100,000: use "\$100.0", For \$1,000,000: use "\$1,000.0", For \$10,000,000: use "\$10,000.0"

Operating Cost Type Entry Examples: "Salary and Benefits" "Equipment and Materials"	Org Code / Object Code Format Example: "10172100/860000" ("org code/object code")	Totals Prior Years	Year 1 FY 2024	Year 2 FY 2025	Year 3 FY 2026	Year 4 FY 2027	Year 5 FY 2028	Year 6 FY 2029	Totals Beyond FY 2029	TOTALS FY 2024 to FY 2029

PROJECT NAME: Dam SCADA System

PROJECT ID: 27500-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 70,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Mitch Dempsey

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Purchase/installation of SCADA (Supervisory control and data acquisition) systems at 4 county-owned dams to allow remote monitoring.

ARPA funding request of \$40,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2022
Design/Acquisition/Purchase	2023	2023
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Do nothing - continue with in-person on-site monitoring for each dam and incurring costs for labor/truck
2.	
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Resolution to exceed maintenance limit for each dam.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Cofferdam Purchase

PROJECT ID: 27500-2024-0002

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest **DEPT:** Drain Commissioner

PROJECT LEAD: Mitch Dempsey **DEPT RANKING OF NEED:** [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Flood management - Purchase cofferdam for quick protection of at-risk homes.

A cofferdam is a watertight, temporary, dam-like structure that is installed to enclose an area that is submerged under water to create dry conditions for workers to carry out their work. They function by holding back water and creating a relatively dry area for construction activities. Diversion barrier controls include water exclusion enclosures adjacent to banks, within a river or lake, or water exclusion areas along stream reaches that have been dewatered by damming the upstream channel and creating a bypass ditch or pipe to deliver the diverted flow downstream beyond the work area (e.g., pipe trench location). Diversion barrier controls also prevent work zone sediment from entering the waterbody.

ARPA Funding request of \$100,000

PROJECT NAME: Deer Creek Sanitary - Field Replacement

PROJECT ID: 27500-2024-0003

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 400,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Frank Ervin

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

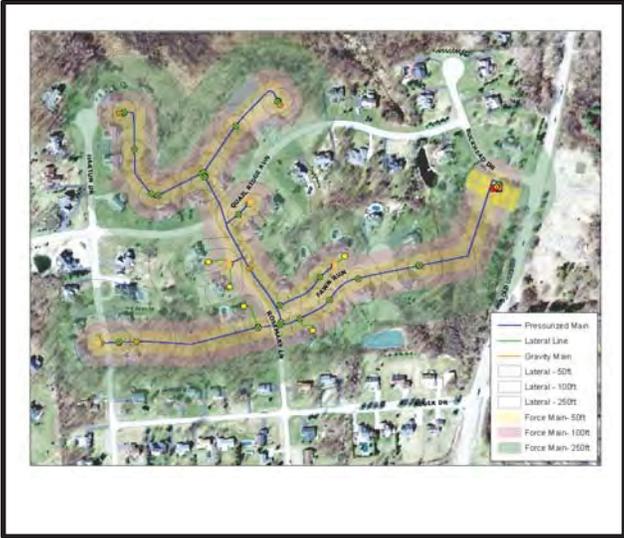

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Disposal Field exhibiting signs of failure - replacement of drain fields

ARPA Funding of \$100,000

Project was submitted in previous years with the assumption that the system would connect to the Brighton Township Sanitary Sewer - still looking into this possibility.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1=Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2022
Design/Acquisition/Purchase	2023	2023
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Pump and haul when the system fails, potentially costing \$5,000/day
2.	Do nothing - resulting in sanitary sewer overflow and public health hazard
3.	Brighton Twp alternative - would need agreement with township.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: **Handy Township Sanitary Sewer System - Van Buren Road**

PROJECT ID: **27500-2024-0004**

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 350,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Rob Spaulding

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Handy Township Sanitary Sewer System (BPW Project)

A reverse grade on a gravity line under Van Buren Road is creating enormous cleaning costs and risk of backup of multiple homes in housing development off Van Buren Rd. Replace line or install pump station.

ARPA Funding request of \$350,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: **2024**

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2022	2022
Construction	2023	2023

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

- Do nothing and risk liability of continual sewer backups into homes from a known problem.
- Handy Township - Continue reactive maintenance program.
-

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Septage Receiving Station Expansion Project

PROJECT ID: 27500-2024-0007

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 4,000,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Rob Spaulding

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Evaluation and implementation of alternative SRS expansion project(s).

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2023
Design/Acquisition/Purchase	2023	2023
Construction	2024	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Substantial rate increase to existing haulers who patronage the Septage Receiving Station
2.	Limiting the amounts of septage the facility can receive thereby forcing haulers to go to another facility
3.	Go back to land application and risk contamination to surface/ground water

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Cohoctah & Deerfield/CCU Outlet

PROJECT ID: 27500-2024-0008

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 25,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

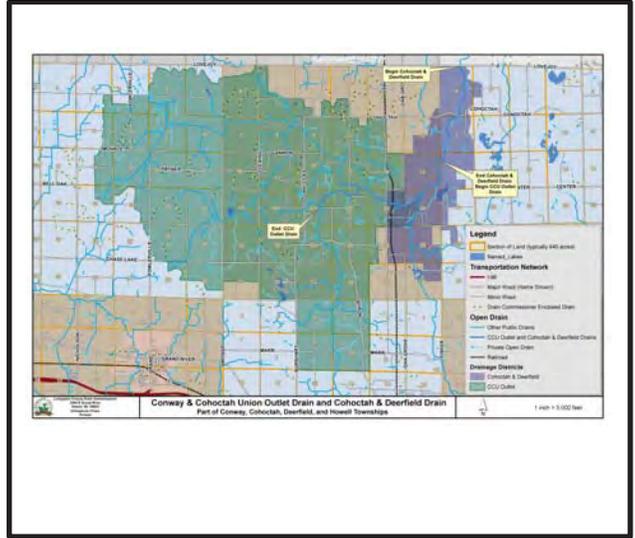

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Snag and remove debris from two Shiawassee River tributaries, which has not been done since probably World War II. These two systems carry drainage from approximately 134 square miles of land in north central Livingston County, and act as the primary drainage outlet for the City of Howell and rural communities to the north of Howell

ARPA funding request of \$25,000

PROJECT NAME: Conway No. 4

PROJECT ID: 27500-2024-0009

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 125,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

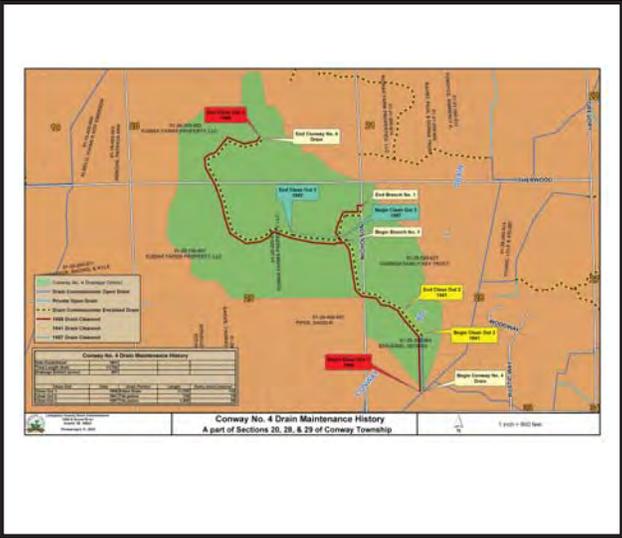

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established in 1891, and has had no significant upgrades since that time.

A house was built over a portion of Branch No. 1 of the drain in the early 2000's. This resulted in Drain Commissioner's office getting all enclosed drainage systems into GIS which was able to be viewed by our secretaries issuing permits. Drain was relocated around the home approximately seven years ago, but home remains a flooding risk. Upgrading pipe to approximately 24" from the Branch 1 confluence to the outlet would provide flood protection for the district to approximately the 50% chance, or 2 year storm event.

ARPA Funding request of \$62,500

PROJECT ID: 27500-2024-0010

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 125,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

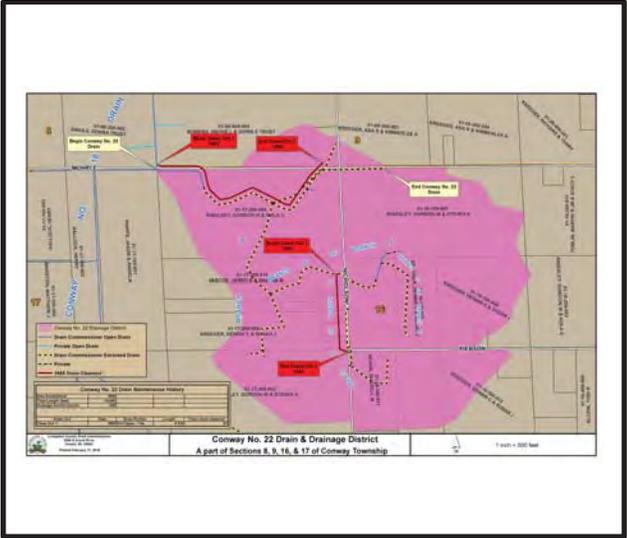

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Drain installed in 1909. The 328 acre district was intensively tiled for agricultural uses, some of which remain. An effort to improve the drain in the 1950's involved enlarging tile at the north end of the system, and adding a branch along Nicholson Road. The current tile system has grade problems involving back-graded sections of the system and sections that operate in a normally submerged condition, which leads to frequent blockages during normal spring and fall rainy periods.

ARPA Funding request of \$62,500

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
12	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:

PROJECT DESCRIPTION: *Provide a description of project, including location, size, capacity, etc. NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.*

The Gregory Village Drain was established in 1926. Inspection of the system in the last decade has revealed it to be in fair condition. Repairs have been made to sections of the drain associated with State of Michigan Environmental Cleanup efforts in 2011. System is not sized based on modern criteria. The Drain Commissioners office would work with MDOT to properly size any newly installed conveyance system.

ARPA Funding request of \$50,000

PROJECT NAME: Hall Drain

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

SUBMITTED BY: Aaron Everest

PROJECT LEAD: Ken Recker

PROJECT ID: 27500-2024-0012

Please Leave Blank For Planning Department use only

FY 2024 ONLY TOTAL COST: \$ 15,000

DEPT: Drain Commissioner

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain Established 1899. Petition request in 1986 resulted in no further action, but second petition in 2011 resulted in work being done on the drain upstream (east) of Fowlerville Road, including the adding of a branch drain to better serve some properties along Red Rock Drive. Due to concerns regarding project cost, ancient vitrified clay pipe (VCP) west of Fowlerville Road was not replaced. Total project costs associated with the 2011 petition was approximately \$23,000.

The scope of this project would be to replace the ancient VCP west of Fowlerville Road with new high performance plastic pipe (HPPP) of equivalent diameter.

ARPA Funding request of \$37,500

PROJECT NAME: Handy No. 5

PROJECT ID: 27500-2024-0013

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 250,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Construction of I-96 obstructed the outlet to the northerly part of the Glover Farm. Work has been proceeding on the portions of the Handy No. 5 system downstream of I-96 in an effort to get the system ready to receive additional water from the south side of I-96. LCDC approached the Michigan Department of Transportation early in 2023 regarding this issue and are awaiting feedback from MDOT on a preliminary hydrological analysis. Boring a 12 to 24" pipe under I-96 is the anticipated solution, if approval can be obtained from MDOT to do so.

ARPA Funding request of \$100,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
11	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2023	2023
Design/Acquisition/Purchase	2023	2023
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Drain Commissioner has a jurisdictional obligation to maintain/clean drains.
2.	Do nothing. Violates our statutory obligations under MCL 280.196.
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Livingston No. 11

PROJECT ID: 27500-2024-0014

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 175,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

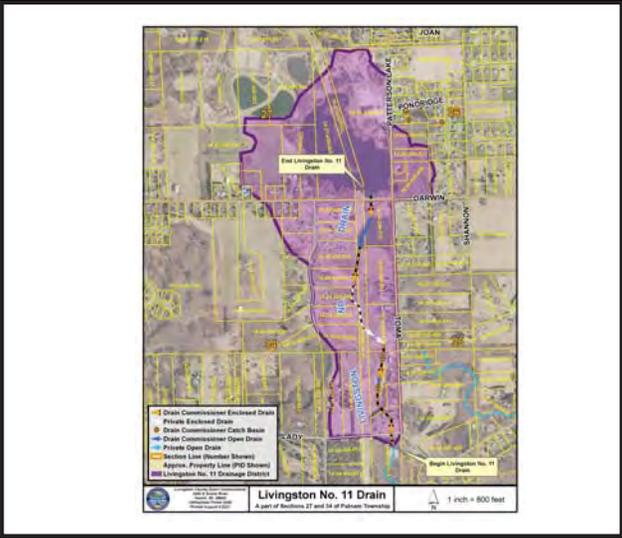

Drain Established in two separate and distinct sections. Initial lower section closest to the south county line and Portage Creek installed in 1903. Later section installed in 1908 beginning approximately 1/4 mile to the north, ending on the north side of the right of way of Patterson Lake Road.

Residents previously petitioned LCDC in 1986, but proceedings discontinued in 1991 due to excessive costs for size of the assessment district. Condition of drain was brought to the attention of the Village of Pinckney in 2005/06 when consideration was given to selling Patterson Lake Products property for residential development.

Objective of project will be to restore or possibly improve capacity of lower section of drain and connect lower and upper sections of drain possibly using ITC power line ROW.

ARPA Funding request of \$100,000

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established 1916. During division of Larson and Cozart farms in the early 1990's the lower 1400 feet of Vitrified Clay Pipe (VCP) on the main line of the drain was replaced with single wall plastic pipe. Emergency work was done in 2012 to address flooding north of Odell Road.

Project will involve replacement of Branches No. 1 with new tile and excavation of a swale ditch to replace Branch No. 2, along with some additional work on the main line of the drain.

ARPA Funding request of \$75,000

PROJECT NAME: Lott Drain

PROJECT ID: 27500-2024-0016

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 25,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Address decaying portion of an enclosed drainage system under Oak Grove Road, a county primary road in Cohoctah Township. A previous failure of a portion of this system in 2014 resulted in a jetter (vector head), being left in the pipe under the road. This road as of 2021 has an average daily traffic county of 3020 vehicles per day, and also serves a rail line immediately east of Oak Grove Road. Land uses within the drainage district are agricultural and residential. The Township of Cohoctah passed a resolution pursuant to MCL 280.196 authorizing the Drain Commissioner to exceed the maintenance limits on the drain to facilitate this application.

ARPA Funding request of \$25,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
11	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2023
Design/Acquisition/Purchase	2023	2023
Construction	2023	2023

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Drain Commissioner has a jurisdictional obligation to maintain/clean drains.
2.	Do nothing. Violates our statutory obligations under MCL 280.196.
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

PROJECT NAME: Marion No. 2

PROJECT ID: 27500-2024-0017

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 80,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain establishment date uncertain, sometime between 1866 and 1887. Cleanouts performed in 1887, 1905 and 1947. Although Branch 2 was added to the drain to provide a better outlet for Triangle Lake, no comprehensive maintenance has been performed on this system since 1947.

Drain sustained some damage due to scouring flows from substantial rain events over the last 20 years, with spot repairs being done. The objective of this project would be to restore historic drainage capacity in as comprehensive a manner as possible, which would reduce the frequency of property flooding to properties adjoining the ditch.

ARPA Funding request of \$50,000

PROJECT NAME: **Oceola No. 1**

PROJECT ID: **27500-2024-0018**

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 37,500

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Address historically undersized and failing drainage tile that is part of a system serving 4,346 acres of land and 650 individual properties within Oceola Township (see attached district map). Historical problems with this tile branch have resulted in a loss of farmland, negatively affecting planting and harvesting schedules within the agricultural community. Oceola Township has passed a resolution authorizing our office to temporarily exceed the maintenance limits of the Michigan Drain Code (MCL 280.196(5), to facilitate this application.

Due to exceptionally wet conditions this spring work may be postponed until after harvesting this coming fall of 2023

ARPA Funding request of \$37,500

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established in 1919, upgraded in 1994 to 36" reinforced concrete pipe. Widening of Grand River and filling in of commercial properties adjoining Grand River has used capacity of 36" pipe. A storm exceeding the 1% design frequency in August of 2021 resulted in business flooding near the upper terminus of the drain.

Project involves addition of additional 36" pipe crossing of Grand River Avenue and installation of a flood surge basin on the Livingston County Airport property, as well as improvements to the airport storm water basin's pumped outlet.

ARPA Funding request of \$150,000

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
11	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2024

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2023
Design/Acquisition/Purchase	2023	2024
Construction	2025	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Drain Commissioner has a jurisdictional obligation to maintain/clean drains.
2.	Do nothing. Violates our statutory obligations under MCL 280.196.
3.	

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Sharp Drain

PROJECT ID: 27500-2024-0020

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 175,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

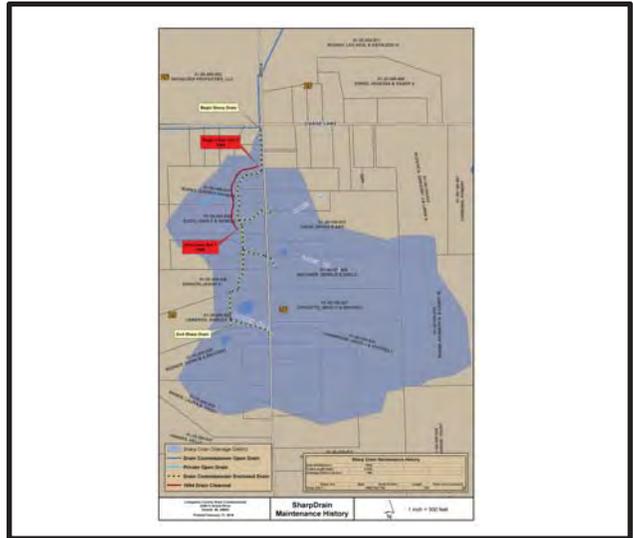

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established in 1919, after petitioned improvements to Conway No. 12 in 1915 didn't provide sufficient drainage help for what was the Sharp farm. in the late 1980's/Early 90's one of John Sharp's successor's in title began splitting off the farm. Portions of the drain were rerouted around homes, one of which records show was built over the top of the original drain.

The purpose of this project would be to provide drainage improvements to better protect residential property values. While a 10 year (10% exceedance) storm conveyance design would not be practical, upgrading portions of the system to 2 year (50% exceedance) would be a significant improvement over existing conditions.

ARPA Funding request of \$87,000

PROJECT LEAD: Ken Recker **DEPT RANKING OF NEED:** [4] NEW: Urgently needed this FY

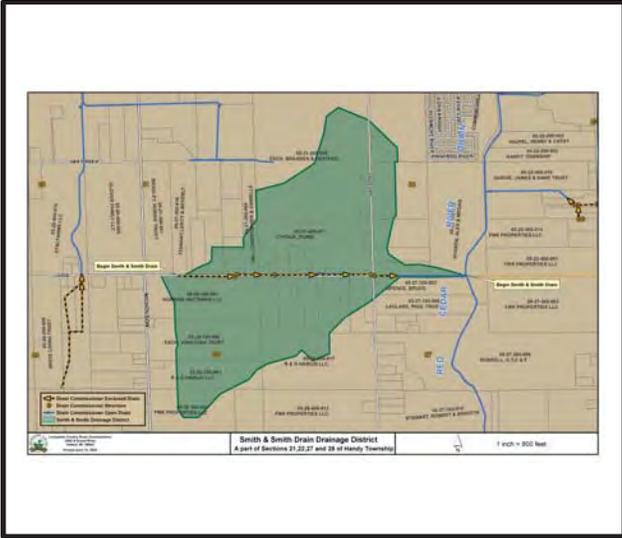

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established 1899 as open drain, converted to a combination of open drain and enclosed drain pursuant to a 1916 petition. Tile used in 1916 petition was either poorly installed or too small as a petition was filed in 1924 requesting larger tile be used.

Modern highway criteria has resulted in the Road Commission widening Judd Road since the last improvement of this drain in 1924. This project would provide for the replacement of cracked sections of Vitrified Clay Pipe (VCP) with new solid gray high performance plastic pipe, which should reduce maintenance requests on the drain over the next twenty years.

ARPA Funding request of \$25,000

SUBMITTED BY: Aaron Everest

DEPT: Drain Commissioner

PROJECT LEAD: Ken Recker

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Drain established 1910, cleaned out 1919. Drainage service to the upper end of the system near the intesection of Center and Green Roads is poor, resulting in periodic flooding of the road intersection and adjoining properties.

The scope of the project would be to provide for an improved outlet for the area near the upper end of the drain, either working with the adjoining farmland owners or with the Road Commission.

ARPA Funding request of \$50,000

PROJECT NAME: **Judicial Center Expansion**

PROJECT ID: **28100-2018-0001**

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Chief Judge Michael Hatty/ Kevin Eggleston Kevin

DEPT: Court Central Services

PROJECT LEAD: Eggleston/ Chief Judge Michael Hatty

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Expand current Judicial Center to accommodate the Brighton District Court, upgrade facility with enhanced security, a sally port, a secure lock-up for inmate transfers and an expanded secure parking lot.

The expansion would be approximately 10,000 sq ft and the cost was based on a previous estimate provided by Lindhout and Associate Architects in 2022. New construction cost is estimated at \$550-700 per sq/ft.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
9	TOTAL SCORE

PROJECT NAME: Judicial Center Secured Parking Lots

PROJECT ID: 28100-2019-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Marisa Lutz

DEPT: Court Central Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Install 5 ft tall metal security fence around two employee parking lots at Judicial Center. Fence will have key card access for employees.

The security fence will be approximately 1500 linear feet.

Cost of the fence was estimated by using cost of past projects (Sheriff project in 2021 was \$60,000, \$70,500 in 2023).

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: 53rd District Court Renovation - Post-Judicial Center Expansion

PROJECT ID: 28100-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Marisa Lutz/ Kevin Eggleston

DEPT: Court Central Services

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

This project is to incorporate new workstations, office spaces, and reception space to create a more efficient and private space for office staff. These renovations will allow for a more efficient workflow experience. This is a new CIP project requesting that if the "Judicial Center Expansion" project (Project ID 28100-2018-0001) was to happen, this project would give them more constructed space within that project as well.

This project budget projection is based from a square footage calculation provided by Lindhout Associates for construction cost at \$150 per sq/ft.

The District Court area to be renovated is approximately 3,000 sq/ft.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Sheriff - Remodel Sheriff's Office - Phase II

PROJECT ID: 30100-2018-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 175,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kevin Eggleston/Jason Pless

DEPT: Sheriff

PROJECT LEAD: Kevin Eggleston

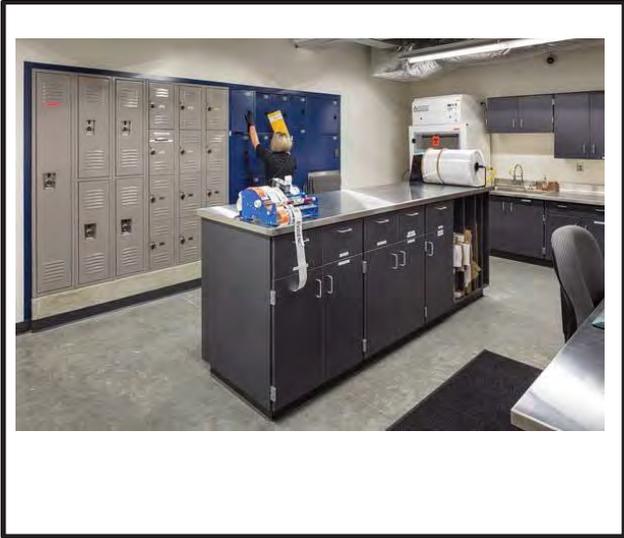

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Ongoing remodel Project ID 30100-2018-0001
 \$1,000,000 approved by BOC for FY2020 CIP
 Project Expenditures revised to \$200,000 in FY21 and every year thereafter until FY2025, due to uncertainty of COVID19
 Requesting remaining approved funds to be utilized in FY23 to complete this project titled Phase II Remodel

SOW Remaining for Phase II:
 \$70,000- Update Evidence Processing Room
 \$40,000- Fencing - Front of building to create definite boundary and funnel to one entry point for citizens; lighting on exterior
 \$55,000- Re-Purpose Tower; furniture for squad room

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
1	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
9	TOTAL SCORE

PROJECT NAME: Sheriff - Sheriff's Office Carports

PROJECT ID: 30100-2019-0002

PROJECT CATEGORY: New Construction **FY 2024 ONLY TOTAL COST:** \$ 0 *Please Leave Blank For Planning Department use only*

SUBMITTED BY: Kevin Eggleston / Jason Pless **DEPT:** Sheriff

PROJECT LEAD: Kevin Eggleston **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT ID 30100-2019-0002
 There is a need to install carports at the Sheriff's Office rear parking lot. The carports will cover patrol cars that are in service.

The number of vehicles utilizing carports would be approximately (20). The cost estimate is based on similar carports installed at East Complex

The structures should have a useful life of twenty-five (25) years or more and will need to be plumbed with electrical to support future EV needs.

Project to be coordinated with Facility Services Asphalt Replacement project (#26500-2020-0001)

Estimated Costs: 2026 Carports: \$130,000, 2026 Concrete: \$50,000

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Project ID 30100-2022-0001
 Currently, there is no recreation area for inmates in the medical housing section. This would allow these housed inmates to engage in recreational activities during their time served. This project would be constructed within the Jail old medical section.

This is our best estimate of cost. This project would require further investigation because of the unique construction of the area proposed. Space is approximately 2,000 sq ft.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

2	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
3	Enhance social, cultural, recreational, aesthetics opportunities
0	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT NAME: Jail - Mail Scanner Inmate Mail Inspection

PROJECT ID: 30100-2023-0001

PROJECT CATEGORY: Capital Equipment

FY 2024 ONLY TOTAL COST: \$ 130,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Tarneseia Pringle

DEPT: Sheriff

PROJECT LEAD: Tarneseia Pringle

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Correctional facility mail scanner used in order to assist with inspecting incoming inmate mail for contraband prior to the mail being distributed to the inmates.

Most scanners are able to detect illicit drugs and common cutting agents on mail or through envelopes, paper, and post cards. They can also detect under stamps, mixed with crayon, markers, paint, etc. and other drugs soaked in methamphetamine and other synthetics.

This technology makes for a safer and more secure facility.

PROJECT NAME: Sheriff North Street Pole Barn Rehab

PROJECT ID: 30100-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Jason Pless

DEPT: Sheriff

PROJECT LEAD: Kevin Eggleston / Jason Pless

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

The Sheriff's Office currently utilizes (2) hangars at the Livingston County Airport for property storage (annual cost \$3,480) and also North St for equipment and vehicle storage. In order to efficiently and effectively utilize the North St space, a substantial rehab effort would need to be done. HVAC, roof, flooring, plumbing, fencing etc. This would eliminate current issues of individuals attempting to gain access to vehicles being stored by scaling the fencing and allow investigations to be completed in an ideal workspace.

PROJECT NAME: Sheriff - Perimeter and Safety Fencing

PROJECT ID: 30100-2024-0002

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 125,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Jason Pless

DEPT: Sheriff

PROJECT LEAD: Kevin Eggleston/Jason Pless

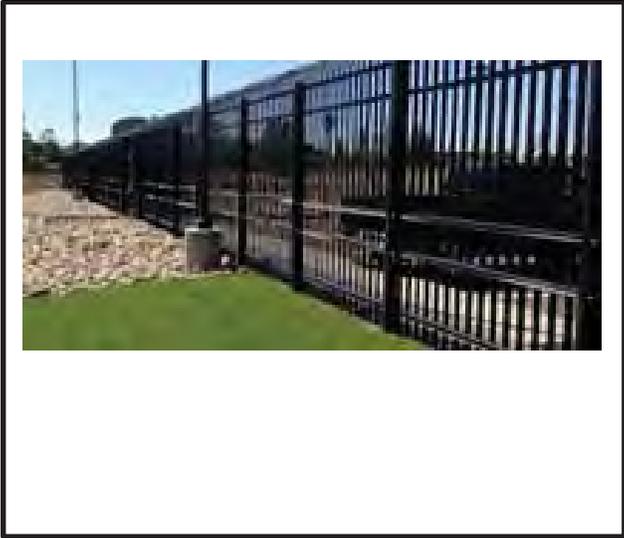

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Fencing to create a definite boundary and funnel to one entry point for citizens.

Double fencing to create a safety and privacy boundary for citizens and employees. This will also allow an emergency evacuation area for inmates if the need arises. The Jail currently does not have a space that could provide a mass evacuation location for inmates protecting the safety of staff, inmates and citizens.

PROJECT NAME: Jail - Juvenile Housing

PROJECT ID: 30100-2024-0003

PROJECT CATEGORY: New Construction

FY 2024 ONLY TOTAL COST: \$ 100,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Jason Pless

DEPT: Sheriff

PROJECT LEAD: Kevin Eggleston/Jason Pless

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

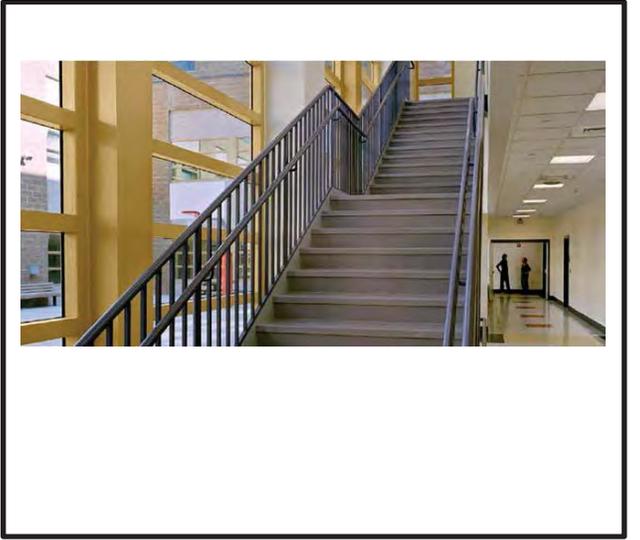

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston County Jail is not currently equipped to house juveniles. When they're charged with crimes in adult court, juvenile offenders are mandated to be separated from adult inmates (sight & sound). There is no designated space for juvenile offenders in our current facility, which means 'makeshift' areas (good for 24hrs max) have been created and/or alt incarceration means are sought.

The reconstruction of the current facility would include 5-10 beds for juv offenders with the ability to provide outdoor rec and keep juv male and juv female offenders separate. Sight & sound separation from adult offenders would also be achieved. The newly constructed area would accommodate high risk juv offenders. Monitoring and controlling facility access & circulation will also be enhanced.

Prior to project implementation, we would seek to obtain construction bidding, building schedule, total project cost estimate and concept drawings. Housing for juveniles is a statewide crisis resulting in out of state housing.

Total Project Cost: \$3,150,000 (includes \$150,000 for feasibility study)

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2023

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
1	Reduce energy consumption, impact on the environment
3	Enhance social, cultural, recreational, aesthetics opportunities
1	Improve customer service, convenience for citizens
11	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2023	2023
Design/Acquisition/Purchase	2024	2024
Construction	2025	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Status Quo; Out of State juvenile housing; Make shift arrangements
2.	Resubmit in 2025
3.	Renovate vs. Construction

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: **Additional 800MHz Equipment - County Tower Locations**

PROJECT ID: **32500-2020-0001**

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 550,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Kecia S. Williams **DEPT:** 911 Central Dispatch

PROJECT LEAD: Kecia S. Williams **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

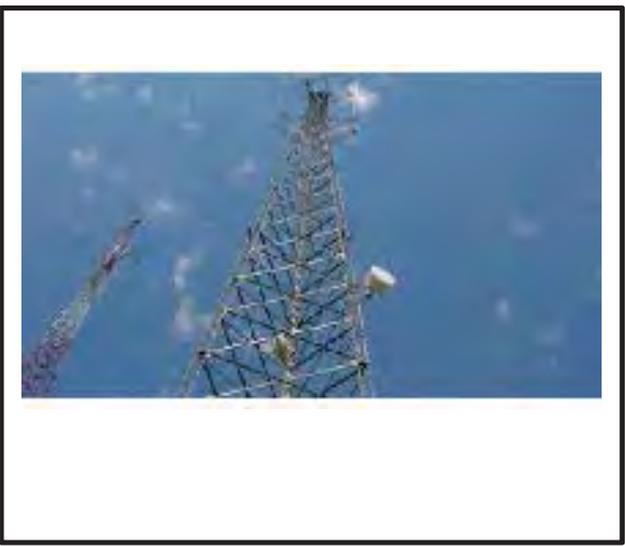

PROJECT DESCRIPTION: *Provide a description of project, including location, size, capacity, etc.*
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Livingston County currently operates using 800MHz radio equipment as the main source of emergency responder communication. There is only (1) radio tower in Livingston County that contains 800MHz equipment. Currently there are areas within the county that suffer from a weak 800MHz signal, and this is especially true inside structures which is a safety and communications concern.

We need to improve the infrastructure supporting the 800MHz radio system in Livingston County in order to move forward with additional technology for Fire & EMS paging and communications.

County 911 department does not dictate the needs and costs associated with potential communications upgrades or expansion. This is all handled at the State-level through the Michigan Public Safety Communication System (MPSCS).

PROJECT LOCATION MAP/PHOTO: *Provide map, diagram, photo of project*

PROJECT JUSTIFICATION: *Value indicates degree to which the project will address each category:*
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
9	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: **2020**

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2020	2020
Design/Acquisition/Purchase		
Construction	2024	2026

PROJECT ALTERNATIVES: *Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.*

1.	Continue to function with patchy/digital 800MHz communications in buildings and other areas
2.	Purchase hundreds of VHF portable radios for emergency responders to utilize in areas of 800MHz signal loss
3.	Continue to put money into the VHF Fire & EMS Paging System which is unstable due to age and lack of up keep

PROJECT PLANNING CONTEXT: *Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?*

Not locally. County 911 department does not dictate the needs and costs associated with potential communications upgrades or expansion. This is all handled at State-level through the Michigan Public Safety Communication System (MPSCS).

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: *How does project align with County Strategic Plan? Pick up to three choices below. PROJECT NAME: 911 Backup Center

PROJECT ID: 32500-2022-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 280,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kecia S. Williams

DEPT: 911 Central Dispatch

PROJECT LEAD: Kecia S. Williams

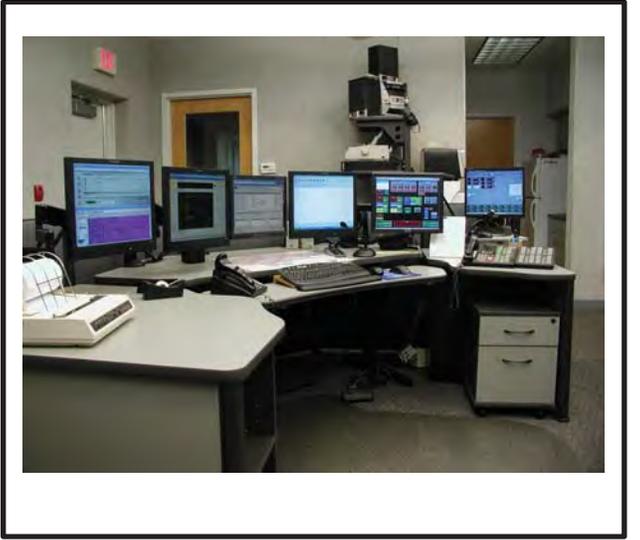

DEPT RANKING OF NEED: OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

911 Central Dispatch needs to have an appropriate 911 backup location in case the center needs to be evacuated. We will need the capability to continue to receive 911 calls, non-emergency calls and receive/transmit radio traffic to/from the first responders, while also having the ability to disseminate Criminal Justice Information that is secured from the public.

A consideration to modify the current work area inside the EMS billing office, as well as a "mobile" type system would be sufficient. We would need to purchase Motorola radio consolettes \$150,000, mobile radios \$30,000 and MEVO phones \$100,000.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2021

3	Protect health, safety, lives of citizens
2	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
8	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2021	2021
Design/Acquisition/Purchase		
Construction		

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Look at consolidating with another 911 center until services are restored at Central Dispatch
2.	Become a mobile 911 unit until services are restored at Central Dispatch
3.	Have our non-emergency calls routed to another location

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

A 911 Backup Center will require looking at further options that would meet the Criminal Justice Information System's requirements and the needs of the citizens and the first responders should we have to evacuate Central Dispatch.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Video Wall Display

PROJECT ID: 32500-2023-0001

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 400,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Kecia S. Williams **DEPT:** 911 Central Dispatch

PROJECT LEAD: Kecia S. Williams **DEPT RANKING OF NEED:** OLD: On-Going from past CIP

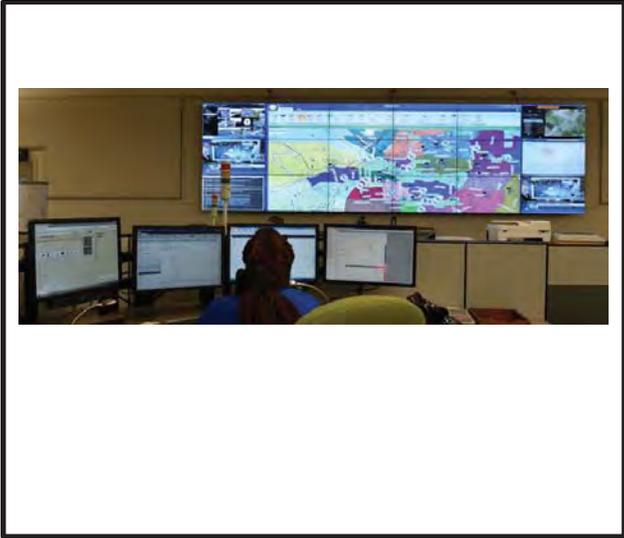

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

A video wall display is a group of screens tiled together to create a single, large video surface.

Currently there are six (6) large monitors spread around the walls, of central dispatch to view the security of the building, State 911 information, weather and news. As more technology becomes available to us, we will need additional wall space, however, wall space is limited and cannot be increased.

There are currently eighteen (18) MDOT cameras in Livingston County. Adding a video wall display will increase the Center's ability to monitor those cameras, as well as any future camera placements and any other relevant technology that comes along for years to come.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
9	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2022

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2022	2022
Design/Acquisition/Purchase	2023	2023
Construction	2024	2024

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

- Continue to purchase wall monitors, until wall space runs out
- When wall space ceases to exist start adding additional computer monitors to workstations
- Continue with the inability to assist the responders with specific geographical locations on the highway

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Future plans are to tie into schools within the County for critical incidences such as an active shooter and to also tie into cameras in the downtown areas of the various cities, townships and villages of the County adding another layer of security.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Animal Shelter- Remodel Existing Shelter

PROJECT ID: 43000-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 650,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Christy Peterson

DEPT: Animal Control

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [4] NEW: Urgently needed this FY

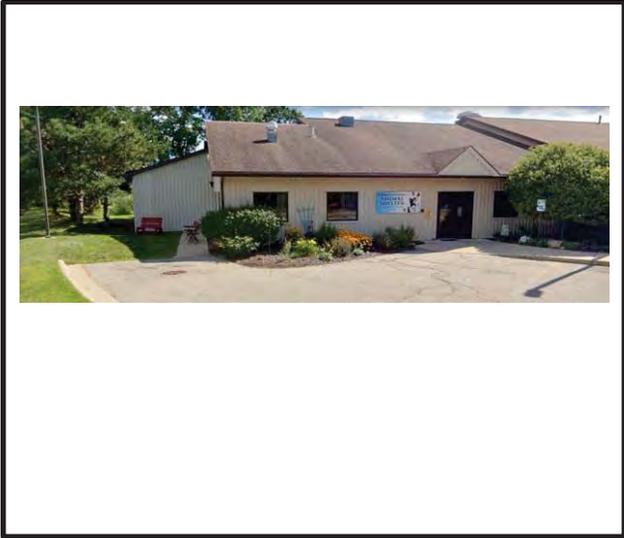

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Remodel the current facility to house over 1,100 animals annually, provide safe care/recovery for another 1,000 clinic pets. Project Scope includes:

- Accommodate quarantine animals; sick, aggressive, court holds
- Supply storage, Reduce noise level, Provide visiting rooms for potential adopters
- Space for humane euthanasia/rabies testing
- Second entrance allowing for safe Intake/Exiting (example: return to owner pet, euthanasia, adoption, stray pet intake all using the same lobby, same entrance/exit at the same time. Very problematic)
- Education/continued training/meeting space
- Second bathroom and move the door to the original bathroom (not directly behind the front counter)
- Enrichment room for stressed animals
- Additional clinic space to accommodate vaccine/spay/neuter clinics and daily medical, rework the office layout for function/convenience/safety, garage storage for food/litter/equipment and more
- Additional parking space• A safer and more conducive environment for all

\$200 /sq.ft.

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2019

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2024	2029
Construction		

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	N/A
2.	N/A
3.	N/A

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Vehicles are replaced when they have met FTA useful life criteria for age and mileage (dependent on vehicle size).

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

Category:	Action Item:
Infrastructure (INF)	(INFRASTRUCTURE) Public Transportation
Infrastructure (INF)	(INFRASTRUCTURE) Ensure Safe Services
A Healthy County (HC)	(HEALTHY COMMUNITY) Healthy Community

TABLE A. PROJECT FUNDING SCHEDULE: (In \$1,000s):

PLEASE NOTE: In blanks below: For \$100: use "\$0.1", For \$1000: use "\$1.0", For \$10,000: use "\$10.0", For \$100,000: use "\$100.0", For \$1,000,000: use "\$1,000.0", For \$10,000,000: use "\$10,000.0"

PROJECT NAME: East Complex Switch Gear

PROJECT ID: 60100-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 80,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Matt Bolang/ Kevin Eggleston

DEPT: Public Health

PROJECT LEAD: Kevin Eggleston

DEPT RANKING OF NEED: [2] NEW: Important but not Urgent

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Project to supply the East Complex building with a generator switch gear so critical heating and emergency lighting can be powered during utility line failure. This will work to protect Livingston County's assets especially during winter months.

This cost was estimated by Facility Services contracted generator vendor.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

2	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
1	Improve customer service, convenience for citizens
6	TOTAL SCORE

PROJECT NAME: Health Department Office Renovation

PROJECT ID: 60100-2024-0002

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 346,792

Please Leave Blank For Planning Department use only

SUBMITTED BY: Matt Bolang/ Kevin Eggleston

DEPT: Public Health

PROJECT LEAD: Matt Bolang/ Kevin Eggleston

DEPT RANKING OF NEED: [2] NEW: Important but not Urgent

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Replacement of all office furniture and cubicle walls in the PPHS Division of the Health Department. Minor remodeling to include the construction of a small kitchen and break room. Project to also include carpeting and paint.

The office furniture in PPHS has not been updated since the Department moved into the building in 1997 and is in much need of updating/ renovation.

Elements/Cost
 Furniture - \$240,000
 Carpet - already purchased as part of 2023 FS budget
 Carpet installation - \$31,792
 Break room - \$35,000
 Ceiling replacement- \$30,000
 Paint- TBD
 Contingency- \$10,000

PROJECT NAME: Brighton Ambulance Base

PROJECT ID: 65100-2018-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 1,300,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: David Feldpausch

DEPT: Emergency Medical Services

PROJECT LEAD: David Feldpausch

DEPT RANKING OF NEED: [X] OLD: On-Going from past CIP

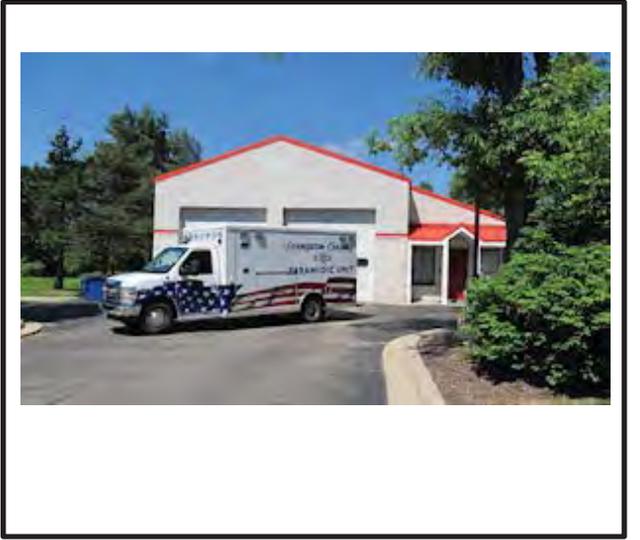

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The Brighton EMS base is in poor repair and in need of many updates. While the location is adequate the base also needs to be expanded to meet the growing needs of the Brighton area. I am not confident that we have enough land to add on to the existing building or what our options would be to add up.

If renovation of this building is not possible then we need to consider alternatives which include: Building a new facility on a different site, work with Brighton fire authority to build on to the new Fire station, or find a piece of property suitable for renovation in to an ambulance station. All of these options would also include the sale of the current property.

If an opportunity arises to share a facility with another entity (LETS, LCCD) EMS would welcome the opportunity to do so.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2019

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
2	Reduce energy consumption, impact on the environment
2	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
13	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2024	2024
Design/Acquisition/Purchase	2024	2024
Construction	2025	2025

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Demolish and build a new building on existing site
2.	Build a new building on a new site
3.	Purchase and renovate an existing building.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?
 Yes, No, 2022

PROJECT NAME: Ambulance Replacement

PROJECT ID: 65100-2022-0001

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 1,491,215

Please Leave Blank For Planning Department use only

SUBMITTED BY: David Feldpausch **DEPT:** Emergency Medical Services

PROJECT LEAD: Tod Horner **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

In order to maintain our current fleet of ambulances we need to remount or replace at least 4-5 units every year.

The cost estimation for each are:
 Remount 4 @ \$159,097 = \$526,680.00
 Replacement 1 @ \$235,928.00
 Worst case scenario would be to replace all five each year, as parts for remounting are difficult to acquire.

Most ambulances can be remounted 2 times before being replaced and there is significant cost savings in remounting over replacement.

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2019

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
0	Reduce energy consumption, impact on the environment
0	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
9	TOTAL SCORE

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study		
Design/Acquisition/Purchase	2024	2025
Construction		

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Risk of critical failure during life saving operation
2.	Increased Maintenance cost to maintain aging fleet.
3.	Decrease employee satisfaction and morale.

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

Annual on going purchase.

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".

PROJECT NAME: Cardiac Monitor Replacement

PROJECT ID: 65100-2023-0001

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 1,250,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: Amy Chapman **DEPT:** Emergency Medical Services

PROJECT LEAD: Andy King / Amy Chapman **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Our cardiac monitors will be coming to end of life in 2026. We have begun researching monitors that will work best for the organization and deliver the best care to the community.

Each of the 15 advanced life support ambulances is equipped with a cardiac monitor that is used to help detect when patients are having a cardiac event and can help guide our treatment plan for each patient.

This is a required life saving device for all advanced life support trucks in the State of Michigan.

Cost estimate (attached): 15 LIFEPAK Monitors with maintenance and unlimited repairs.

Trade-In Zoll X-series: 25 units @ \$7,500 each = \$187,500
 ProCare LIFEPAK 15: 4 @ \$8,816=\$35,264
 ProCare LIFEPAK 15: 21 @ 8,816=\$185,136
 Total (with shipping)=\$1,249,025.16

PROJECT NAME: Oxygen Generator

PROJECT ID: 65100-2023-0002

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 70,855

Please Leave Blank For Planning Department use only

SUBMITTED BY: David Feldpausch **DEPT:** Emergency Medical Services

PROJECT LEAD: David Feldpausch **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

The primary reason for oxygen generation systems is to ensure that we have the capability to replenish our oxygen supply and eliminate the need for a third party to supply that for the county.

We currently depend on regular deliveries of oxygen from a vendor who picks up the tanks we own and refills them. We currently spend about \$15,000 annually on this service.

This project pays for itself in about 5 years based on current usage and pricing. It also eliminates the need for a third party to supply our needs.

This equipment will require some special operational training.

Best guess for useful life of unit, with proper maintenance, is >10 years.

PROJECT NAME: Medication Infusion Pumps

PROJECT ID: 65100-2023-0003

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 72,129
Please Leave Blank For Planning Department use only

SUBMITTED BY: Amy Chapman **DEPT:** Emergency Medical Services

PROJECT LEAD: Amy Chapman **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

We currently have a medication infusion pump on each of our ambulances. These are primarily used for our hospital transfers but we utilize them in the field when needed to administer a medication that requires defined dosing and flow rates.

Current pumps being used are discontinued and cant find parts for repairs.

Hoping to replace these this year, but will continue to use current units able to secure funding for new pumps.

Estimated Cost:
 30 Multi-Therapy Infusion Pump Kit @ \$2,350 each: \$70,500
 1 Infusion Pump Triple Mount: \$1,628
 Total: \$72,128

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Mechanical Ventilators

PROJECT ID: 65100-2023-0004

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 502,907

Please Leave Blank For Planning Department use only

SUBMITTED BY: Andrew King **DEPT:** Emergency Medical Services

PROJECT LEAD: Andrew King **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston County EMS is currently using 16 ventilators that are owned by MDHHS Region 1, Medical Coordination Center. EMS owns 3 ventilators.

The ventilators are over 12 years old and the technology in these units are not up to current standards. The ventilators will not be replaced by the district as vents become no longer usable, due to funding.

The local nursing home has a ventilator wing that makes it necessary that we have ventilators on the ambulances. Increased need for vents due to Covid.

Always a concern that the ventilators are used by other EMS or hospital system and not available for our units. Life expectancy: 10 years.

Estimated Cost:
 24 Vents @ \$14,415 = \$345,981
 Circuits, CPAP, Circuits, Filters, Test Lung= \$3,595
 24 Vent Service Plan = \$133,920
 Total Cost: \$502,906.16

PROJECT NAME: Emergency Response Trailer

PROJECT ID: 65100-2023-0008

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 250,000
Please Leave Blank For Planning Department use only

SUBMITTED BY: Tod Horner **DEPT:** Emergency Medical Services

PROJECT LEAD: Tod Horner **DEPT RANKING OF NEED:** [X] OLD: On-Going from past CIP

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Livingston County EMS is in need of a new special operations and response trailer. The current unit is 28 years old and will soon need extensive repairs that will exceed the value of the asset.

With changes in departmental response, growing population, county popularity for recreation and leisure and call accessibility, having a utility vehicle that is capable of transport in a multitude of situations and environments will help the department increase its diversity and adaptability in emergency response to remote areas.

PROJECT NAME: Hartland EMS Garage Doors

PROJECT ID: 65100-2024-0001

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Tod Horner

DEPT: Emergency Medical Services

PROJECT LEAD: Tod Horner

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

Livingston County EMS has aging assets accompanied with aging bay doors at the Hartland Ambulance Station. The Hartland Ambulance Station not only houses first response vehicles that require security and temperature control, but also is a pivotal and strategic location for storage of vital pandemic and district narcotic assets. Livingston County EMS is proposing to procure new bay doors at all five EMS facilities in the county. The outlying stations are beyond their asset lifespan, and maintenance and unreliability are starting to delay responses, increase maintenance costs and reduce security. This is increasing the department liability in response and security.

This project is needed so urgently that Facilities would have proposed the project had EMS not done so.

We are requesting the RR1500 Tough, Albany Door Model, high speed rubber door included with BEA. Hartland EMS will need to replace two (2) doors.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT NAME: Brighton EMS Garage Doors

PROJECT ID: 65100-2024-0004

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 0

Please Leave Blank For Planning Department use only

SUBMITTED BY: Tod Horner

DEPT: Emergency Medical Services

PROJECT LEAD: Tod Horner

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

Livingston County EMS has aging assets accompanied with aging bay doors at the Brighton Ambulance Station. The Brighton Ambulance Station not only houses first response vehicles that require security and temperature control, but also is a pivotal and strategic location for storage of vital pandemic and district narcotic assets. Livingston County EMS is proposing to procure new bay doors at all five EMS facilities in the county. The outlying stations are beyond their asset lifespan, and maintenance and unreliability are starting to delay responses, increase maintenance costs and reduce security. This is increasing the department liability in response and security.

This project is needed so urgently that Facilities would have proposed the project had EMS not done so.

We are requesting the RR1500 Tough, Albany Door Model, high speed rubber door included with BEA. Brighton EMS facility will need to replace two (2) doors.

PROJECT NAME: 800 Mhz Portable Radios

PROJECT ID: 65100-2024-0006

PROJECT CATEGORY: Capital Equipment **FY 2024 ONLY** **TOTAL COST:** \$ 67,500

Please Leave Blank For Planning Department use only

SUBMITTED BY: Tod Horner **DEPT:** Emergency Medical Services

PROJECT LEAD: Tod Horner **DEPT RANKING OF NEED:** [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

EMS has a an aging fleet of primary communication 800Mhz portable radios for front line field staff. These radios have exceeded their expiration and usable life. Most radios that are inspected after failure are no longer repairable or are unable to have software updated due to age.

800 Mhz communication critical for field staff for crew and patient safety, bedside 800 Mhz communication is also a protocol requirement in medical control

15 of our radios are 20-25 years old and are in need of updating at a cost of \$4500 each.

An expected usable life of a radio unit is 10-15 years.

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

EMS has a 20+ year old fleet of primary communication 800Mhz mobile radios in its fleet. These radios have exceeded their expiration and usable life. Most radios that are inspected after failure are no longer repairable or are unable to have software updated due to age.

800 Mhz communication is a State of Michigan licensing requirement for all transporting units.

Our fleet requires update of 22 Mhz mobile radios, 4 radios in the fleet have been updated through failures.

An expected usable life of a radio unit is 15-20 years.

PROJECT NAME: Putnam Township Ambulance Base

PROJECT ID: 65100-2024-0008

PROJECT CATEGORY: Existing Facility (Building/Park) Renovation or Improvement

FY 2024 ONLY TOTAL COST: \$ 1,300,000

Please Leave Blank For Planning Department use only

SUBMITTED BY: David Feldpausch

DEPT: Emergency Medical Services

PROJECT LEAD: David Feldpausch

DEPT RANKING OF NEED: [3] NEW: Urgently needed, not this FY

PROJECT DESCRIPTION: Provide a description of project, including location, size, capacity, etc.
NOTE: PLEASE BE AS DESCRIPTIVE AS POSSIBLE ABOUT YOUR PROJECT.

The Putnam EMS base is in poor repair and is in need of many updates. While the location is adequate, the base also needs to be expanded to meet the needs of the Putnam area.

If renovation is not possible then the county needs to consider alternatives which include: building a new facility on a different site. If an opportunity arises to share a facility with another entity (LETS, LCCD) EMS would welcome the opportunity to do so.

PROJECT LOCATION MAP/PHOTO: Provide map, diagram, photo of project

PROJECT JUSTIFICATION: Value indicates degree to which the project will address each category:
 Score each category below: 0= Not Applicable, 1 Somewhat Important, 2=Important, 3=Very Important

3	Protect health, safety, lives of citizens
3	Maintain or improve public infrastructure, facilities
3	Reduce energy consumption, impact on the environment
2	Enhance social, cultural, recreational, aesthetics opportunities
3	Improve customer service, convenience for citizens
14	TOTAL SCORE

FIRST YEAR PROJECT INTRODUCED INTO CIP: 2023

PROJECT PHASES:	PROJECT SCHEDULE:	
	Start Year	End Year
Study	2024	
Design/Acquisition/Purchase	2024	
Construction	2024	

PROJECT ALTERNATIVES: Please provide three alternatives pertaining to this project, indicating alternatives if this project is not approved by County Board of Commissioners.

1.	Demolish and build a new building on existing site
2.	Build new building on new site
3.	Purchase and renovate an existing building

PROJECT PLANNING CONTEXT: Is project part of a long-term program plan? Is the plan a formal document approved outside of the department? When was the plan prepared?

N/A

PROJECT / COUNTY STRATEGIC PLAN ALIGNMENT: How does project align with County Strategic Plan? Pick up to three choices below.
 Please match "Category" in () with an "Action Item" for that Category in (). Please do not mismatch "Categories" with "Action Items". "Action Item" must correspond with "Category".
