MEMORANDUM

RE: Fuel Supplier Agreement with Avfuel Corporation

The Livingston County Fiscal Services Department has assisted the Airport by soliciting proposals for the fuel vendor at the Livingston County Airport.

A total of one proposal was received, from our current vendor. After a review of the proposal, it was determined that Avfuel Corporation of Ann Arbor can best meet the needs of the airport in the future.

The Livingston County Aeronautical Facilities Board has approved Avfuel as the fuel vendor. They also elected to accept the offer of a Jet-A refueler lease vehicle for One Dollar (\$1.00) per month.

We have been satisfied with the service provided by Avfuel over the previous contract term.
