TO: Livingston County Board of Commissioners

FROM: Lieutenant Chad Sell

RE: MDOT Performance Requirements Resolution

The Livingston County Sheriff's Office is requesting the board of commissioners to review and approve the completion of the MDOT Performance Requirements Form Number 2207B.

A resolution accepting Form 2207B will allow Sheriff's Office personnel to apply for right of way permits within the MDOT permitting gateway program. The permitting gateway allows the Sheriff's Office to install traffic related equipment temporarily or permanently within the right of way of MDOT roadways. These items could include speed warning devices and cameras.

The Livingston County Drain Commission and Road Commission currently have this same resolution on file with MDOT for their operations.
