**Re: Resolution Authorizing a Change in 2024 Budgeted Dispatcher/Driver Positions**  
**- LETS**

---

LET'S is requesting a change in 2024 budgeted positions to remove two (2) part-time 29-hour Dispatcher/Driver positions and add one (1) full-time Dispatcher/Driver position.

The two part-time positions were new additions authorized in the 2024 budget to ensure appropriate dispatch coverage in evenings and on weekends to keep pace with extended hours of operation and increased service levels during those times.

The two part-time positions have now been posted for 4 months with very limited interest from qualified candidates. Converting the two part-time positions to one full-time position will not only make the position more appealing to qualified applicants but will also result in annual budget savings of \$24,549.

Thank you, and as always please do not hesitate to contact me with any questions at 517-540-7843.
