

Customer submits a zoning permit application and 3 sets of plans to the Village of Webberville for review and approval. This process is referred to us as a Land Use Permit or Land Use waiver.

Webberville fulfills their local review requirements, keeps a copy, These reviews may include driveway location reviews, zoning reviews (lot coverage and setbacks), Fire Department reviews if applicable, and collection of back taxes if required.

Customer brings the approved Village zoning approval, site plan, and 2 sets of approved plans to the county

County enter permits into our system, collects payment, and performs plan reviews.

Applicants will receive a call from county when permits are ready for pickup, and/or electronic issuance. Once issued, the county performs inspections as required.

Once all inspections have been completed, the permit is closed.
